BOARD OF TRUSTEES
VOTE TO ESTABLISH
CSC TUITION FEES

The Board of Trustees of the California State Colleges at their March 25 meeting voted to establish a tuition fee, subject to the following conditions, and also resolved to urge the Legislature to enact the necessary enabling legislation:

1. That the proceeds of the fee be deposited in a special fund, appropriated to the Board without regard to fiscal years;

2. That within that fund, a reserve fund be established for the purpose of providing financial aid to students who would be unable to attend a State College without such assistance;

3. That the balance of the fund be used to augment the educational programs of the California State Colleges, and not to reduce or defray the level of support provided from General Fund sources;

4. That the Board be authorized to set the amount of the fee and to make provision for full or partial waiver or deferrals up to ten years.
