FIRST RESIDENCE HALLS ADVERTISED FOR BID

Bids for CSCSB's first residence halls will be advertised today. Scheduled to open August 11, the bids will call for eight buildings and landscaping at an estimated cost of $2,000,000.

Four hundred students will be housed in the complex, which is expected to be ready for occupancy in the fall of 1972. Each building will provide for 50 students, with five separate living areas for groups of ten. Each of the two-story buildings will have a lounge and outdoor patio, and one of the eight buildings will provide a basement-level recreation room and sunken court for the 400 residents.

Construction is expected to begin some time in November, 1970.
