STAFF PERFORMANCE REVIEWS TO INCREASE

In accordance with a decision of the Administrative Council, staff performances will be evaluated three times annually (beginning of the fourth month, beginning of the seventh month and the beginning of the tenth month) for probationary employees. The former practice of reviewing performances at the end of the fourth and tenth months left too long a period between evaluations.

Probationary employees include new employees and employees who have been reclassified or promoted.

LIBRARY

ACQUISITION

The College Library has recently acquired the revised edition of Academic Freedom and Civil Liberties of Students in Colleges and Universities prepared by the American Civil Liberties Union. Call No. LB 2332/A5/1970.
Among the actions taken by the Board of Trustees of The California State Colleges at its meeting of November 24, 1970, were the following:

--Requested the Statewide Academic Senate to develop a code of professional ethics and to make recommendations on a system of post-tenure review for Board consideration in January 1971.

--Resolved that the Chancellor appoint an appropriate committee to meet and confer with representatives of the AFL-CIO, and that the committee be comprised of staff members of San Francisco State College and the Chancellor's Office; members of the Board shall not be personally involved in the meetings. Further resolved that the Chancellor or his designee is authorized to meet and confer with representatives of other employee organizations on the subject of grievance and disciplinary action procedures for academic personnel.

--Adopted a new faculty salary structure, and requested funding in the 1971-72 Support Budget to convert to the new structure, effective September 1, 1971.

--Authorized the Committee on Faculty and Staff Affairs on behalf of the Board to request of the Governor and the Legislature sufficient funds for 1971-72 to achieve: (1) comparability of salaries for State College support staff classes with those or related classes in the State civil service, other public jurisdictions, and in private industry; (2) proper alignment of salaries of positions within the State College system; and (3) correction of salary inequities during the 1971-72 fiscal year.

--Reaffirmed Board policy that the President of each State College is responsible for the appointment and supervision of department chairmen, and that they serve at his pleasure.

--Selected Century City (West Los Angeles) as the permanent headquarters site of the Office of the Chancellor and the Trustees of the State Colleges.

--Deferred action on the Board's definition of academic freedom.

--Increased tuition rate for new foreign students to that charged other nonresident students ($1110 per academic year), effective Winter, 1971. Rate for foreign students currently enrolled or accepted for admission remains at the current $600 rate for academic terms prior to 1974-75, with certain exceptions for part-time or state college graduate students. In the 1974-75 fiscal year all foreign students will pay the same rate of tuition as other nonresident students.
