INCREASED PARKING FEE SCHEDULE IS PROPOSED

A proposal to increase parking fees on state university and college campuses has been proposed by the Auxiliary and Business Services of the Chancellor's office. The proposal calls for the minimum amount of fee increase which will still allow for construction of the most critically needed facilities.

The recommendation is to increase quarter rates from $9 to $10 (including summer session) and the semester rate from $13 to $15. On an annual basis, the fee revision would increase rates from the present to an average of 33-1/3 cents per month.

In a letter to university and college presidents D. Dale Hanner, Vice Chancellor of Business Affairs, states that the parking system, operated as a self-supporting program, has had no material change since its establishment in 1958-59, and that the minimal increase is necessary to provide operating revenues and funds to construct needed self-supporting facilities during the next few years.

The Chancellor's office will consider comments and suggestions from the 19 campuses and submit a proposal to the Board of Trustees at its January meeting, asking that the new fee structure be made effective in Fall, 1973. Under the proposal, flexibility would be allowed, such as to charge more for certain lots and locations than others. Since such differential would not apply to all campuses, the fee structure would have to meet the needs of the various campuses.

SENATE BILL PROPOSES CAMPUS RETAIN HALF OF PARKING CITATION REVENUE

Legislation authorizing the state university and colleges and the University of California to retain 50 percent of all fines collected from parking violations was approved by the Legislature and sent to the Governor this week. Senate Bill 148 will change existing procedure which automatically gives all revenue from parking citations issued by university and college police to local government. The bill specifies that such money is to be used for operational costs only and not for establishing or expanding current parking facilities.

Additional restraints were placed on the use of the money by a recent amendment proposed by the student body presidents of the

COLLEGE LIBRARY NOW PART OF TELEFACSIMILE HOOK-UP Arthur Nelson, Library Director, has announced that the College Library is now utilizing a machine, the Dex 180, which is used in the Facsimile Transmission Network. This rapid communication system allows students, faculty and staff from any one of the network institutions to borrow books and have inter-library loan privileges at any of the other libraries.

The CSCSB Library has entered into a Mutual Library Use Agreement with seven of the CSU&C in the Southland. The communication equipment transmits inter-library loan requests and courier services deliver the requested materials. The Dex 180 transforms printed matter into sounds which are transmitted over telephone lines to a similar machine at another location, which changes the sounds back into printed matter. Machines are located at Dominguez Hills, Fullerton, Long Beach, Los Angeles, Northridge, Pomona, San Diego, and the Chancellor's office.
Magic Kingdom Club members and their families can soon enjoy an exciting Christmas Holiday Season at Disneyland, highlighted by the inauguration of an exciting new "Fantasy on Parade," and a brand new daytime event, "The Mickey Mouse Club Holiday Show."

For the Christmas Holidays, Disneyland will be open from 9 a.m. to midnight Dec. 16 through 23rd. On Dec. 24, Park hours will be 9 a.m. to 6 p.m., while Dec. 25 hours are 10 a.m. to 7 p.m. The Park will be open Dec. 26 through Dec. 30th from 8 a.m. to midnight.
