SPRING QUARTER REGISTRATION IN FINAL DAY

Spring registration goes into its second and final period today, ending with an open registration period from 4 to 6 p.m.

Evening students may register during their daytime priority rather than during the 4-6 time slot.

A late fee of $5 will be charged after today. Classes for the Spring Quarter begin Monday, April 1. Last day to add classes is April 5.

Help your heart "BEAT the ODDS," get an evaluation Monday!

The Coronary Testing Program conducted by the School of Health of Loma Linda University will be held in Room 219 of the Commons from 7:30 a.m. to 11 a.m. Monday, April 1.

During those hours, College employees may go to the testing room; no previous sign-up is necessary.

Those who plan on having the tests should not take food or liquid (other than water) 12 hours prior to the test. A fee of $15 is payable at the time the tests are administered.

An evaluation of the test results and recommendations will be made at a follow-up meeting on Monday, April 15, between noon and 2 p.m., also in CO 219.

APPLICATIONS FOR STATE DEFERRED COMPENSATION PLAN TO BE DISTRIBUTED

Application forms and descriptive brochures for the State of California Deferred Compensation Plan will be distributed to College employees by the Personnel Office within the next few days.

Continued on Page 2
The plan, approved by the Internal Revenue Service and the State Board of Control, is designed exclusively for employees of the State of California and makes it possible for them to defer payment of income taxes on portions of State income and to have the State place that income in tax-deferred investments and savings, to be paid upon retirement, in a lump sum or monthly amounts over a period of years.

Among the 20 articles covering the plan, two should be given particular study by prospective participants: (1) In the article governing the withdrawal of funds, employees should be aware that withdrawal of the funds paid into the plan may only be made in case of great hardship to the participant and in the amount necessary to meet the emergency. Participants must apply to the Board of Control for permission to withdraw any amounts from the plan prior to retirement or termination of service with the State. Examples of such emergencies are catastrophic illness, flood or earthquake, death in the family, disability injury, etc. (2) Upon termination of State employment the value of the employee's investment will be returned to him; however the State has discretion over how these payments will be made. The State can choose payment in a single lump sum; periodic payments; purchase of an annuity or can elect to defer the payment until the employee retires and honor the choice of payment made by the participant at the time of enrollment.

The initial enrollment period is March and April, 1974. A second enrollment period will run during the months of October and November, 1974.

INDIA

POLITICAL ATTITUDES AND SOCIAL CHANGE
AUTHORED BY KHARE

Dr. Khare has received word from the distributors, International Scholarly Book Service, Inc. of Portland, Oregon, that the book has already sold over 1,000 copies.

The volume deals with the aspirations, values and policy preferences of the diverse peoples of India and brings up to date the modernization course embarked upon by that country. It also serves as an analysis of political change in India.

Dr. Khare is a native of Banaras, India.

PERSONALS

Mr. and Mrs. Robert Johnson (Physical Plant) welcomed a new daughter, Jeni DeShawn, on March 20, weighing 6 pounds, 1 ounce.
The College was saddened to learn of the death of Randall Mel Brower, CSCSB graduate who was enrolled in the Secondary Education program. He passed away March 18, 1974.

F. F. LIU RECEIVES GRANT FOR RESEARCH

A Cottrell Research Grant has been awarded to the College for F. F. Liu's research project, "Research Collaboration in K^- Decay." The $3,500 grant will be used for the purchase of a communication terminal for use in maintaining contact with the Stanford Linear Accelerator Center. Dr. Liu works in collaboration with an elementary particle physics research group at Stanford.

Glass blowing will be prominently featured in the Gallery's crafts show opening Monday, April 1. The work of outstanding Southern California glass blowers will be shown in the invitational exhibit, entitled "Objects." Other prominent artists also are well known throughout the state for their work with wood, plastic, clay and fibers.

A reception, open to the campus and the public, will be held in The Gallery at 8 p.m., Monday, April 1. William Warehall, Asst. Prof., Art., is coordinator of the exhibit.

MARRIED STUDENT HOUSING RATES REDUCED TO $116/MO.
The housing rate for married couples at Serrano Village has been reduced from the original tentative fee of $135 to $116 per month. The accommodations include two double bedrooms, use of kitchen, living room and study in their wing. For further information, contact the Housing Office.

NOTED CHEMIST TO SPEAK HERE NEXT WEDNESDAY

A world-renowned chemist, Dr. Henry Eyring will be on campus to give two lectures next Wednesday, April 3. The evening talk to start at 8 p.m. in LC-500, is designed for a lay audience. The College community and the public are invited to the lecture, "The Degenerative Diseases of Aging, Including Cancer," free of charge. The afternoon talk, "Local and General Anesthesia," will be given at 4 p.m., same location.

While on campus Dr. Eyring, currently distinguished professor of chemistry and metallurgy at the University of Utah, will also speak to chemistry classes and a general education class. According to Ralph Petrucci, Dean of Academic Planning and Professor of Chemistry, Dr. Eyring has covered the whole span of physical chemistry and his interest now is in the application of basic chemistry to fields of biology.

BURSAR'S OFFICE OPEN EVENINGS NEXT WEEK

During the first week after regular registration April 1 through 5, the Accounting Department will be open until 7 p.m.
William Ackerman (Geography) addressed the League of Women Voters and their guests at an open meeting held in San Bernardino, February 25. Dr. Ackerman will also appear on TV Channel 6 on April 3 at 7:30 p.m. with local representatives from planning agencies to discuss land use in San Bernardino County including local problems.

Richard Ackley (Academic Administration) authored an editorial titled "Prognosis for Upcoming SALT-II" that appeared in the March 24 edition of the Sun Telegram.

Elliott Barkan (History) was a panelist at the symposium, "A Leak in the Melting Pot?" held at Loyola Marymount University earlier this month.

Stuart Ellin^ (Psychology) has had a paper "Brightness Discrimination Threshold in the Bat" accepted for publication in Brain Behavior and Evolution, a technical interdisciplinary journal. Prof. Ellin also spoke to a Psychology class at Pacific High School on "The Importance of Basic Research in Psychology" last month.

George A. Weiny (Physical Education) gave a slide presentation and talk on South Pacific marine and coral reef life to a Grafton Hills College class, March 14. Mr. Weiny also gave a presentation on Scuba diving in Truk Lagoon to a Boy Scout troop in San Bernardino March 25.
