16th Commencement Program Announced

Saturday, June 19 will mark the 16th commencement ceremony for this college and the 16th year President John M. Pfau has conferred degrees on graduates of Cal State, San Bernardino. So that each graduate will have the opportunity to come forward to receive congratulations from the president, the ceremony again will have no guest speaker.

The program will begin with the processional at 9 a.m. on the south of the gymnasium. Music will be provided by the Wind Ensemble, directed by Keating Johnson. Faculty members escorting the graduates, faculty and platform party will be Dr. Judith Rymer (Education), faculty marshal; Dr. John Chaney (Administration), student marshal; and Dr. William Slout (Theatre Arts), college marshal.

The invocation and benediction this year will be given by Maura O'Neill, chaplain with the Newman Center in San Bernardino. In addition to conferring of degrees, Dr. Pfau will present the college's outstanding professor award to Dr. Frederick Newton (Psychology).

The Alumni Association again has arranged for a commercial photographer to take pictures of all graduates receiving their diplomas from President Pfau. Following the ceremony, everyone is invited to the traditional reception in the gymnasium.

Library Renamed
Dr. Pfau Honored

By unanimous approval of the CSU Board of Trustees Wednesday, the college Library will be named in honor of Dr. John M. Pfau. For President Pfau, the trustees waived a policy that requires a building not be named until one year after the honoree's retirement. The action also marks the first time a building on this campus has been named for an individual.

The naming of the library was first proposed by Associated Students Vice President David Menezes and approved unanimously by the A.S. Board of Directors. It was subsequently supported by the Faculty Senate and the Alumni Association. A formal announcement will be made at the Friday, June 4 dinner honoring President Pfau, who is retiring in July after 20 years as president of Cal State, San Bernardino. Late reservations for the dinner will be accepted through Wednesday, June 2 by the office of the vice president for administration, Ext. 7411.

Four awards announced

The Uni Phi Club announced the recipients of its four honorary awards. Out of the more than 30 nominees submitted for consideration, the club selected Vince Vegna, a graduate student in psychology, as the recipient of the Anita Halfberg award; Jo Ann Hartzog (Services to Students with Disabilities), a graduate student in education, the Barbara Sovereign award; Jan Gregoire (Services to Students with Disabilities), the Frank Lootens award; and Dr. Gregory Price (Physical Education and Recreation), the Dr. Fred Kellers award.

Officers for Psi-Chi in 82-83

The Psi Chi Club has installed its officers for the 1982-83 academic year. All senior psychology majors this quarter, the new officers are: Rebeccah Warren, president; Steven Coffey, vice president; Mildred Douthit, secretary; and Sandra Ritchie, treasurer.

WARNING

It's snake time of the year again. Numerous snakes have been spotted on campus. So, when walking around brush area or near the edge of buildings, walk with caution. Report any snake hazards (i.e., inside buildings, along major walkways, etc.) to campus police at ext. 7555.

If bitten:
1. Remain calm,
2. Try not to increase your blood circulation,
3. If possible, seek help. Call, or have someone else call campus police at their emergency ext. 7757.
4. Try to give the police a description of the snake.

This has been another tip from your campus Department of Public Safety.
and drinking, an increase in county, a deterioration of the Delta. Salt water locations to the Bay Area and subsidized by the taxpayers? Should we risk the cost of the project via the L.A. Mirror Corp. which favors the cancellation of the project. It should also be noted that the Metropolitan Water Board does not care about preserving other area’s environments. One must just look at the destruction of Mono Lake and Owens Valley for proof of this.

We can have more water and more growth without the project (remember; the more L.A. grows, the more smog we get). Urban conservation measures will save 15% of current usage or more than the projected short fall through the year 2000. Utility companies use 85% of all developed water, residential use is 5% and industrial use is 10%. With drip irrigation, less water is used, and other simple acts, agriculture could easily reduce its share by 8% – 10%, greatly increasing water availability for other uses.

Water reuse could reclaim 4 – .5 million acre feet in Orange and L.A. counties alone.

There are also other alternatives for canals that serve no purpose and create new interests and abilities has taken the ultimate step in self-pity and self indulgence. In our first example we see the person who through no fault of his own is left paralyzed by an assassin’s bullet, and we see this person striving against all hardships to reassert his position in life as it existed prior to the shooting. These two stories point out the extremes that disabled persons can reach in response to their disabilities and this example represents the image of self-worth. Those with disabilities often have a heightened need for acceptance from the world around them.

The second example involves the person who rather than expending energies to sharpen existing abilities and creating new interests and abilities has taken the ultimate step in self-pity and self indulgence. In our first example we see the person who through no fault of his own is left paralyzed by an assassin’s bullet, and we see this person striving against all hardships to reassert his position in life as it existed prior to the shooting. self image or self pity

In 1972 Governor George Wallace was shot and paralyzed by an assassin’s bullet in Maryland. This man using the ultimate resolve and determination in a positive manner has just recently entered the race for governor once again in Georgia.

In 1982 Wayne Daniels allegedly killed two police officers in Riverside, California because of his feelings of vengeance and hatred over being shot and paralyzed during a bank robbery several years before. Although there is some misplaced sympathy for this person because of his disability it is more likely that this man will spend the rest of his life behind bars.

These two stories point out the extremes that disabled persons can reach in response to their disabilities and this example represents the image of self-worth. Those with disabilities often have a heightened need for acceptance from the world around them.

Riverside Co. graduates for winter 1982

Twenty-four Riverside County residents are among the Cal State, SanBernardino graduates who earned degrees at the close of the winter quarter. They, along with the fall and spring graduates, will be eligible to participate in the June 19 commencement ceremony, which will begin at 9 a.m. on the lawn south of the gymnasium.

A third of the degrees completed winter quarter were M.A.s in education and half were B.A.s. Two seniors earned B.S. degrees in health related fields. A master of science in counseling psychology and a master of business administration completed the list.

The winter quarter graduates include:

**BARKR NG**
Kathy B. O'Connor, 2437 Avenida Del Norte, M.A. in education

**CORONA**
Brenda Stabile, 20320 Main St., B.A. in business administration

**RIVERSIDE**
Vernon A. Harris, 10601 S. Indian Creek Dr., M.A. in education

**SUNNYMEAD**
Victoria Keeler, 2437 Avenida Del Norte, B.S. in liberal studies

**YUCAIPA**
Daniel Bryan Verkade, 34841 Cesar Ave., B.A. in administration with honors

San Bernardino Co. winter graduates 1982

Seventy-three San Bernardino County residents are among the Cal State, SanBernardino graduates who earned degrees at the close of the winter quarter. They, along with the fall and spring graduates, will be eligible to participate in the June 19 commencement ceremony, which will begin at 9 a.m. on the lawn south of the gymnasium.

The bulk of the degrees completed winter quarter were the 57 B.A.'s in a variety of majors. Six seniors earned B.S. degrees and one a bachelor of vocational education. Nine graduate students completed masters degrees.

The winter quarter graduates include:

**APPLE VALLEY**
Dawn Louise Gregory, 1950 Thomas Rd., B.A. in theatre arts

**BLAINE**
Cathy Cendee Bruch, 9846 Tamarind Ave., B.A. in social sciences

**CHINO**
Raymond Monroe Johnson III, 15256 Grove Pl., B.A. in philosophy

**COLTON**
Barbara B. Badger, 280 E. "F" St., B.A. in human services

**FONTANA**
Albert Abraham Brongersma 8191 Calabash, No. 17, B.A. in biology, Fontana High School

**HIGHLAND**
Katrina Cork, 2869 Mirada Rd., B.S. in administration, San Gorgonio High School

**REDLANDS**
David Mark Bandini, 104 Greenbriar Ct., Master of Business Administration, San Bernardino Community College

**SAN BERNARDINO**
Lawrence James Amsby, 3157 N. Casa Loma Dr., Master of Public Administration

**TWENTYNINE PALMS**
M. Patricia Dahlbeig, 11461 Calimesa, No. 4, B.A. in social science

**YUCAIPA**
Allene Daniels Cammon, 303 Washington St., B.A. in child development

**WHITE WATER**
Cheryl Lynn Heesen, Route 1, Box 817, B.A. in business administration with highest honors, Ganesha High School

Profile: The Coolbaugh's

It has been said that busy people can always find time to spend on a worthwhile project. Kathryn Coolbaugh is a busy person and finding time to work with and for others is her passion. Kathryn's love for helping others extends beyond her college work and into her personal life.

Kathryn is currently a senior at Loma Linda University, majoring in biology. She is a member of the National Honor Society and the Alpha Xi Delta Sorority. Kathryn has been on the Dean's List every quarter since her freshman year and is currently enrolled in biofeedback classes as part of her major.

Kathryn's commitment to service extends beyond her academic pursuits. She is a member of the Student Senate at Loma Linda University and is involved in various campus organizations, including the Biology Club and the Science Honor Society.

One of Kathryn's most significant achievements was earning a scholarship to attend the University of California, Riverside, where she continued her studies in biofeedback. Her academic excellence and dedication to helping others have earned her the respect of her peers and faculty.

Kathryn is a role model for other students, demonstrating that it is possible to balance academic work with extracurricular activities and still maintain a high GPA.

Kathryn's passion for helping others is evident in her involvement in various community service projects. She has volunteered at local hospitals, nursing homes, and schools, providing care and assistance to those in need.

Kathryn's commitment to helping others is not limited to her time at Loma Linda University. She is also involved in various community service projects, including volunteering at local hospitals and nursing homes. Kathryn's dedication to helping others is a testament to her character and the values she has learned from her family.

Kathryn's story is a testament to the importance of finding time to help others and the impact one can have by doing so. She is an inspiration to all who know her and serves as a reminder that even the busiest of lives can make a difference.
