NEW DEPARTMENT APPOINTMENTS

Appointment of two new departmental chairmen for next year has been announced by President John M. Pfau.

Jorun Johns, Assoc. Prof., German, will head the Department of Foreign Languages and Carl Wagoner, Assoc. Prof., Sociology, will be chairman of the Department of Sociology. Both appointments are for three-year terms, effective next September.

Dr. Johns succeeds Walter Oliver who will complete his chairmanship next summer. Dr. Wagoner succeeds Clifford Paynton, who has served six years as department head.

A member of the original College faculty, Dr. Johns has done research in Austria and has published an edition of letters, "The Correspondence of Arthur Schnitzler and Raoul Auernheimer," Austrian playwright-novelist and journalist, respectively. She is currently working on a chronology of the life of Hugo von Hofmannsthal, an Austrian poet.

Dr. Wagoner has served as Associate Dean of Academic Planning, is currently acting coordinator of the Department of Economics, and has served on the Faculty Senate for four years. He was the campus representative to the Statewide Academic Senate last year. Dr. Wagoner was responsible for developing the College's first program in criminal justice.

SITE OF PROPOSED HEALTH CENTER RELOCATED ON CAMPUS MASTER PLAN

Approval was granted by the Board of Trustees of the CSUC at its November 25 meeting for the College to relocate the proposed Student Health Services Center to an area northeast of the Commons Building and to locate the planned Security-Storage Facility adjacent to the Heating and Air Conditioning Building.

The relocation of the Health Center site is a revision of the Campus Master Plan, which formerly called for the building to be constructed southwest of the P.E. Building.

A meeting with the architect, Bissel-August Associates, Inc. of Newport Beach, will be held soon and schematic plans should commence within a month, according to J.K. Thomas, Vice President for Administration.

The one-story, $750,000, 10,500 sq. ft. health center will provide space and facilities to allow for expansion of the services now offered.

The Security-Storage Facility of approximately 3,000 sq. ft. will provide new quarters for the College Police and a general storage area which will serve the entire campus.
