1938 SURREALISM EXHIBIT IN PARIS RECREATED HERE

"A few hours before the opening...January 17, 1938...everything was ready. In the lobby the rainstorm raged inexorably inside Dali's taxi...and in the tunnel forest the brasier glowed under the coal-packed ceiling." This climate of Surrealism, as described by a visitor, will be relived next Thursday when Arlette "Poppy" Solomon's Art 426 class recreates, in part, the 1938 Surrealist Exhibition in Paris in a CSCSB Gallery exhibit.

Stressing, "It's their lunacy, not ours that you will see," Mrs. Solomon catches her breath to explain that the famous Salvador Dali Water Taxi, the damp grotto that guests must use flashlights to illuminate, the coal bags suspended from the ceiling over a stove, the ultra-furniture designed with women's legs replacing those of the stool, fur covered cups and saucers...are all replicas of objects and displays at the Exposition Internationale du Surrealisme in 1938.

Resulting from the desire of the art history students to do something away from the ordinary class situation, the project, funded by a mini-grant, is the work of the entire class. Their goal is to recreate the tangible aura of one era, to stretch the mind and imagination toward understanding other divergent periods of man's time.

Generously populated with manikins, as was the '38 exhibit, the CSCSB replica will reproduce the auto with inside downpour, à la Dali; a Surrealist street, a grotto, the scent of roasting coffee, and "many, many surprises," promises Mrs. Solomon, in an effort to bring the Surrealist world of the '30s to the CSCSB campus. The show opens at 7 p.m., May 6 and closes May 13.

Cinco de Mayo

Cinco de Mayo will be celebrated on campus in combination with an Education Day program which will offer workshops, speakers, entertainment and food booths, ending with an evening of dancing. All is free except food booth items.

Students from local high schools are invited to the morning workshops conducted by counselors and teachers, with local business and political leaders participating. The visitors will be welcomed by Cally Ramos, President of MECHA, sponsor of the event; and Raul Ceja, ASB President. Abe Beltran, Colton Mayor, will also speak.

Beginning at 11 a.m. on the Commons Patio, the Mariachi del Valle de Indio, Folklorico el Instituto de Bellas Artes, and Folklorico ITZ will entertain the diners. A variety of Mexican dishes will be sold until 4 p.m. At 1:30 p.m. children from CSCSB Child Care Centers at Kendall and Hillside schools, and other near-by pre-school centers and elementary school classes will join in the breaking of pinatas.

Continued on Page 2

PAYDAY IS TODAY.
A Cinco de Mayo softball tournament is scheduled for 2 p.m. on the playing fields between CSCSB intramural teams.

Also on the Commons Patio, talks will be given by Ron Arias, professor at Crafton Hills College, (noon) and Ms. Evelina Alacon Cruz, Director of Instituto del Pueblo in East Los Angeles (3:30 p.m.)

"Salsa Brava" will provide the music for the dance, set for 6 p.m. in the Gymnasium.

## PARAPSYCHOLOGY

John Hubacher, an associate of Dr. Thelma Moss, renowned UCLA researcher on parapsychology, will show a film and slides of examples of Kirlian photography at 4 p.m., Wed., May 5 in PS-10.

"The subject of Kirlian photography is very controversial," states Les Herold, Assoc. Prof., Psychology. "The photographs show auras around living things, but what are these auras: an extension of the person or thing, a product of the photographic process, or something as simple as heat waves?" Dr. Herold is responsible for bringing Dr. Hubacher to campus for the lecture, for which there is no charge. The College and the public are invited.

## INT’L DEFENSE

An authority on submarine operations and naval strategy, Rear Admiral W.N. Dietzen, Jr. USN (Ret.) will speak here May 5, 3 p.m. in LC-5 before the Int’l Security and Defense Strategy seminar. Admiral Dietzen commanded both nuclear attack and polaris missile submarines. Most recently he served as Chief of Naval Operation’s Deputy for Anti-submarine Warfare. All interested faculty and students are invited.

## SPANISH FILM SHOWS

"Lazarillo," the story of a child in 16th century Spain, is the first of three foreign films to screen Saturday nights in May. Filmed with Spanish dialog and English subtitles, "Lazarillo" will be shown at 7 p.m. in PS-10, free of charge. The film, a winner of the best picture award at the Berlin Film Festival, is described as a "kind of Rabelaisian Oliver Twist." Foreign Language Department sponsors.

Michele Brosseau, cellist, will present a senior recital on Sunday, May 2 in PS-10. The young musician has just received word that she has been accepted at the New England Conservatory of Music in Boston, where her brother, Robert is a student.

---

Faculty Development Center memo on Interdisciplinary Course, Page 2, should be corrected to read "$5.25 for lunches for both days."

TONIGHT’S Movie - Changed from "The Candidate" to "Law & Disorder," 2 showings.

Voter Registration closes May 8 for the June Primary Election. Carol Goss, SS-13, will register voters from noon to 3 p.m., Monday, Tues., Wed.

Barbara Hahn, M.A. external degree candidate in Elem. Ed., died April following surgery. Mrs. Hahn, a elementary school principal in Hesper, would have earned her degree this summer.
U.S. Army Research Awards

$11,000 to Beetle Center

U.S. Army Research has contributed a $11,000 grant for maintenance of the College's Tribolium stock center, one of the world's leading research laboratories in the fight against the flour beetle. This is in addition to a $103,000 three-year grant for research received from the Army in 1973.

According to Alexander Sokoloff, Professor of Biology and director of the center, the Army is concerned because of problems encountered in sending stored products long distances. Research centers, world-wide, are waging war on the insect.

Chemicals have proved ineffective and undesirable because of their nature as pollutant and because the insect builds up a resistance to it. Dr. Sokoloff is currently studying development of an insect sensitive to temperature change which would rid an area of the flour beetle and then move on when cold or heat was introduced. Another possibility is the development of an insect with compound chromosomes which, mating with a normal insect, produces sterile progeny.

Red-blooded CSSC donors wanted!

The 1976 drive to build up the College's Blood Reserve Fund gets underway May 6, 10 a.m.-2 p.m. in the Lower Commons. The fund, established for students, faculty and staff or their immediate dependents, makes blood available, free of charge, for any emergency.

"Of course, to maintain a fund of this nature, we must have donors," states a reliable source in the Student Health Center. "So, even though we hate to 'needle' you, it's the only way."

Greek and Roman Coin Exhibit Starts May 3

The history of past civilizations is revealed in coins exhibited in the Library starting May 3. Greek and Roman imperial coins, the Frank V. de Bellis collection of the CSUC, will be on the first floor of the Library through June 11.

Some of the coins are from Egypt under the Ptolemaic kings who ruled after the death of Alexander the Great, while others are from the time of the Roman domination of Egypt. There are also some from Greece and cities of Asia Minor from the Hellenistic and Roman periods. The collection is permanently housed at San Francisco State U.

College Teams in Sports Festival

Five CSSC teams will take part in the second annual CSUC Intramural Sports Festival tomorrow. The festival will begin at 9 a.m. on the Cal State, Fullerton campus. CSSC will participate in all events with teams composed of 33 men and women.

Tickets going fast for 'Streetcar'

If you want to catch "A Streetcar Named Desire," better get your tickets soon. Word from the Drama Department is that ticket sales are brisk and some performances are nearly sold out. Call Ext. 7454 for information.

Directory Changes

Changels: James L. Robinson-1275 File, S.B. 92404; 882-8045
Promotions: Kathryn E. Podinski-Clerk Asst., IUB Nurs. & Physic
Left College: Roberta Alvarez (Hgr & Air Cond.); Lupe Avila (Phy. Plant); Ronald Jones (Cont. Ed.) Dr. Jones is leaving to take the position of Dir. of Training Dev., Cal State, Dominguez Hills.
Additions: 7555 Abarca, Juan (Maria) Parking Officer, Campus Police HA-3

Faculty Colloquium Presents Neville Spencer on "The Figures Don't Lie!" Monday, May 3, 2 p.m., LC-500. Co-sponsored by CSSC Sigma XI.
Speaking up. Anand Bhatia (Administration) is speaking today to Social Studies classes at Hemet High School on "Hinduism as a Way of Life."

John Craig (Chemistry) spoke to a San Bernardino Valley College Extension class at Rim of the World High School on "The Role of Science in Our Modern Society: Friend or Foe," April 26.

Russell De Remer (Activities) is speaking today at Elsinore High School on "Earthquakes."

Amer El-Ahraf (Health Sci. & Human Ecology) spoke at the 25th Annual Meeting of the California Environmental Health Assn., where he also received the Past President's Plaque of the association. The meeting was held in Burlingame, April 22-23.

Arlo Harris (Chemistry) addressed a class on alcoholism at Cal Poly, Pomona, on "Alcoholism and the Homosexual Community," April 28. Dr. Harris also spoke to personnel of the San Bernardino County Probation Dept. in Victorville on April 27, combining "Alcohol: Our Most Abused Drug" and "Drug Abuse, a Programmed Lecture," talks.

James Murphy (Math) gave a computer demonstration on "Drawing and Games" to students at Kendall Elementary School April 23.

David Decker (Sociology) has been notified that his paper, "C. Wright Mills and the Social Definition of Reality," has been accepted for presentation at the national meeting of the American Sociological Assn. in New York in August.

John Robertson (Psychology) presented a paper entitled "Orientation Discrimination by Six-month-old Infants" at the 56th Annual Meeting of the Western Psychological Assn. in Los Angeles April 8-11.

Margaret Gibbs (Administration) was recently elected President of the Board of Trustees of Citrus Community College for a one-year term. Dr. Gibbs has served four years as Trustee.

Ted Krug (Financial Aid) recently served with the California State Student Aid Commission need analysis team in Upland. Mr. Krug also has been selected as a program reviewer for the U.S. Office of Education, reviewing the administration of financial aid offices on other campuses in California.

Margaret Lenz (Education) has just returned from an eight-day seminar conducted in Germany where she studied the German Educational System under the auspices of the Europaische Akademie Berlin through a grant from the Research Center for Study of Socialist Education and Pi Lambda Theta. Dr. Lenz plans to present a colloquium on her research in Germany on campus sometime in May.

Tomorrow Dr. Lenz will discuss "Soviet Education" at the spring conference of the California Assn. of School Librarians in San Diego.
