THE PRIME OF MISS JEAN BRODIE

The irresponsible teachings of an unconventional Scottish teacher in a conventional school for girls is brought to a dramatic stop by one of her students in "The Prime of Miss Jean Brodie."

The play which is said by critics to provide one of the showiest feminine stage characters in the role of Jean Brodie, won a Tony Award in the play and an Academy Award in the film for its leads. The play opens in the Theatre Thursday, May 18.

Tickets are now on sale in the Theatre Arts Department for most all performances. Some nights are nearly sold out. Admission is $1.50 for students and senior citizens; $2.50 general.

Performances are May 18-20; 23-27. Curtain time is 8:15 p.m.
The College recently welcomed Herb Nickles, the Computer Center's new Instructional Computing Coordinator. His main function will be to improve the center's support of the instructional program and strengthen communications between the faculty and Computer Center. Among his plans are implementation of a monthly newsletter, faculty seminars and a computer user's guide.

Mr. Nickles states that he thinks of the Computer Center as another resource available to the faculty similar to Audio-Visual and the Library. "We are quite fortunate for a small college to have the resources available to us and that they are available at no cost to the students or the faculty using them," he said.

For the past nine years the coordinator was a senior programmer and research director in the Sociology Department at UCR. He received his B.A. from UCR and expects to complete his M.A. in Education next year also.

Mr. Nickles lives in Riverside with his wife and two children. When he isn't playing with a computer, he can be found camping, backpacking or canoeing in some remote wilderness area.

The College's Annual Juried Student Art Show will open Monday, May 8 in The Gallery. An artists' reception will be held on opening day from 7 to 9 p.m., The College and the public are invited to attend.

Twelve awards of recognition for excellence will be handed out to students whose work is selected. Members of the College Art Department will serve as the jury for selection of the best works.

The competition is open to all CSCSB students who have taken courses in art during the past year. Work in any media may be submitted.

The exhibit will be open for public viewing through June 13.

RENAISSANCE MUSIC, THEATRE
AND MENU PLANNED FOR FESTIVAL

Minstrels serving a Renaissance dinner, and the performance of a famous Madrigal comedy will highlight the College's Sixth Annual Renaissance Festival hosted by the Chamber Singers on Friday and Saturday, May 12-13.

Those interested in purchasing tickets, $10 each, should contact the Music Department, 7454, as soon as possible. Reservations are required. The popular gala evenings are traditionally sold out early. Festivities begin at 7 p.m.

The Chamber Singers and an early instrument consort directed by Dr. Loren Filbeck, Assoc. Prof., Music, will present Orazio Vecchi's madrigal comedy, "L' Amfiparnaso," performed in a new English version written by Dr. Filbeck.

Before the program the costumed Chamber Singers will greet their guests, serve the meal and entertain with songs of the period.
