NEW B. A. DEGREE IN
AMERICAN STUDIES
OFFERED IN 1978-79

The College will offer a new degree leading to the Bachelor of Arts in American Studies, beginning with the 1978-79 academic year, according to word received from the Chancellor's Office, which granted the approval.

The American Studies major will be a multi-disciplinary program which will emphasize history and literature, with important contributions from other departments in the Humanities and Social Sciences. The College will now be able to offer bachelor degrees in 31 academic fields.

While American Studies is not specifically designed to prepare students for careers, the major is an appropriate educational program for those contemplating fields in which a comprehensive understanding of American culture is useful, such as law, library work and government. It also can be used as preparation for graduate study.

Students interested in obtaining further information on the new major should contact the Office of Academic Planning, AD196.

GOOD SEATS STILL AVAILABLE FOR "MISS JEAN BRODIE" PLAY

Good seats are still available for the second week's performances of "The Prime of Miss Jean Brodie," according to the Theatre Arts Department. Tickets for the opening performances on May 18-20 are nearly sold out, yet good seats can still be reserved for the nights of May 23-27.

Curtain time is 8:15 p.m. in the Theatre of the Creative Arts Building.

General admission is $2.50 and $1.50 for senior citizens and students with identification.

The production is directed by Amanda Sue Rudisill, Associate Professor of Theatre Arts.

TWELVE $25 AWARDS PRESENTED TO ARTISTS

Three hundred dollars in prizes were awarded to art students whose work won awards for recognition of excellence in the Annual Juried - All Media Student Art Show.

The award-winning entries and all the student work submitted are on display in the Gallery through June 13. The College Art faculty served as the jury for selection of the twelve best works.

Two awards were given to Van Wong, one for a painting and another for a sea-sky design. Other awards went to Cathy Reed (Xerox print), Diane Newton (acrylic painting), Kevin Aguilar (acrylic on canvas), Cathy Cohen (jewelry), Robert Varin (oak chair), Jack Culley (xerox painting), Debbie Kezar (ceramics),

Christine Mitteburg (weaving), Robert LeRoy (wood mirror), and Curt Blakeman (blown glass).

The award money came from a portion of the proceeds netted from the student Christmas art sale.

RARE PHOTOGRAPHS OF INSECTS IN NATURAL ELEMENT ON DISPLAY

A selection of color photographs illustrating the insect world opens for public view this weekend.

Thirty-three photographs featured on jet-black backgrounds set off the variety of colors and designs found in the individual insects.

The exhibit is the work of Larry Jernigan, a 34-year old former high school teacher and biologist from Arkansas, who started photographing insects as a hobby. According to Mr. Jernigan, a special close-up lens was used to enlarge the images, which are impossible to duplicate because the insects were not stationary. In each case the camera was hand-held and the insects were alive and non-captive. The collection opens up an aspect of nature seldom available to the general public.

The exhibit starts Sunday, May 14 and continues through June 12.
