The Student Services Division is undergoing a reorganization, to be in effect for a trial period of one year.

Three associate deans will have added duties distributed among them, and a new position of Acting Director of Activities has been created. The new assignments allow for elimination of one position, Associate Dean of Activities and Housing.

Jeanne Hogenson, who has been with the College as a Lecturer in History during the past year, and assisted the Dean of Students with alumni affairs, student grievances and other projects, has been appointed to the temporary position of Acting Director of Activities. She will be responsible for the area of student activities and Student Union.

Other changes include re-assignment responsibility for Career Planning and Placement from Associate Dean Doyle Stansel to Associate Dean John Hatton.

Dean Stansel will assume responsibilities for the Housing program and for Activities, which previously were those of Associate Dean Russell De Remer, who is leaving the College service.

Administrative responsibility for Disabled Student Services has been delegated to Associate Dean Tom Rivera.

According to Kenton L. Monroe, Dean of Students, the new delegation of duties will result in budget savings. If the assignments are successful, they will be made permanent and the acting director position will be changed to Director of Activities.

A new, revised vacation accrual policy goes into effect today for employees of California State University and Colleges. The new rate, passed on May 24 by the Board of Trustees, will aid longer-service employees in particular, allowing up to nearly five weeks vacation time for those with 25 or more years.

Since the new rates are effective July 7, the higher accrual rates per pay period will not be credited to the employee's record until August 2, 1978.

Changes leading to the revised accrual policy were initiated by CSUC Staff Councils in order to bring the rate into line with those of comparable employers.

The Personnel Office will issue a detailed memorandum some time next week.
which will give complete details. The rates are listed below:

SPECIAL SUMMER TERM OFFERED THIS YEAR

The College has established a special six-week summer session of lower-division courses paralleling those normally offered through the community colleges.

Registration was held yesterday with 16 courses offered. Last day to register is Monday, July 17. Classes begin Wednesday, July 12.

Stephen A. Bowles, Dean of Summer Session, attributed establishment of the term to the cancellation of the community colleges' summer programs. The courses offered are in the areas where cancellation has caused the greatest hardship on students. These courses are particularly for students seeking to graduate at the end of the summer or for Veterans required to continue their education during the summer.

Fees are $25 per quarter unit of credit, the standard summer fee.

"There is a lot of slapstick, fast-paced action and exaggeration," states Linda Woolverton, guest director. "It's a romp from start to finish, complete with a 'happy-ever-after' ending. Kids should love it," she adds.
