CSCSB BUDGET OF $12,346,249
APPROVED FOR 1978-79 FISCAL YEAR

The Final Budget approved by the Legislature and the Governor provides $12,346,249 for California State College, San Bernardino for the 1978-79 academic year, based on a full-time equivalent student enrollment for the year of 3,350 students.

Last year’s budget for the College was $11,763,995, based on an F.T.E. of 3,200.

The Budget Act of 1978 also provides $250,000 in Capital Outlay Projects which is earmarked for conversion of the CSCSB Fine Arts Building. (See below.)

The total budget for all 19 campuses of the CSUC, as approved by the Legislature and Governor, provides $695,340,533 in support funding in 1978-79. This amount will be reduced by the CSUC’s share of the statewide budget reductions required by the Budget Act, including a statewide reduction of $42,400,000 in Operating Expense and Equipment and a statewide reduction of $54,000,000 in personal services pursuant to the hiring freeze.

Personnel costs comprise approximately 81.1 percent of the 1978-79 Budget for the CSUC System. Approximately 17.5 percent of the expenditures are for operating expenses and 1.3 percent for equipment purchases.

BUDGET PROVIDES $250,000
FOR FINE ARTS REMODELING

In the CSUC Capital Outlay Budget for 1978-79 $250,000 has been approved for remodeling of the Fine Arts Building for the accommodation of the College art program. This conversion will provide improved facilities for the ceramics and sculpture studios, a new woodworking and furniture design studio (to be located in the old Bookstore location) and a new weaving studio. Facilities will also be prepared to allow the Art Department to begin new programs in photography, metal smithing and jewelry.

Schematic plans have been approved for the budgeted figure and the working drawings should be completed in about two or three months. It is anticipated that the project will go out to bid some time in January. Construction will take approximately three months and should be completed some time during the Spring Quarter.

CHANGES IN LIBRARY, CAFETERIA & PHYSICAL EDUCATION SCHEDULES

With the end of the regular summer session on Thursday, July 27, the following new schedules will be in effect:

Cafeteria - Closed July 29 through September 10

(Continued on page 2)
JOY ROBERTSON RETIRES  After 12 years of purchasing supplies and equipment and furnishing mail and duplicating services for the College, Joy Robertson has retired.

A reception honoring her was held in the Administration Building last Monday, her last day on the job.

She began in April, 1966 when the College was compacted in its original three buildings, with an operating Expense & Equipment Budget of $191,267. In 1977-78 that budget was $3,072,214.

As she watched the College grow, she was engaged in securing supplies, equipment and furnishings for each new building as it was completed: Biological and Physical Sciences, Library, Gym, Commons, Residence Halls, Physical Plant, Heating and Air Conditioning, Creative Arts and Student Union.

A lot of money was spent over her desk, including $2,844,240 for equipment for these buildings.

Mrs. Robertson, known for her thorough, quiet, competent approach, has seen her original staff of three increase to 13 as she met the needs of the expanding campus. In addition to purchasing, mail service, duplicating, property control, she also was responsible for paperwork management and telephone services.

She began her purchasing career in Escondido and transferred to Victor Valley High School District as purchasing agent where she worked eight years before coming to Cal State.

Future plans include returning to Victorville where she and her husband, Oren, have a home which will become a base for their travels about the country. The first trip is scheduled for August, the date her husband leaves the National Orange Show as Operations Superintendent.

Looking back upon her years here, Mrs. Robertson believes the greatest challenge was purchasing the carpet for the Library, which due to an error in manufacturing, had to be corrected to contain a non-static fiber. Or it may have been the request to purchase some gall stones for a laboratory experiment. She did that on her lunch hour.

RECEPTION HONORING  Doris Scott, Department Secretary in Activities and Housing, has announced her retirement, effective the last of July. All members of the College community are invited to attend a reception in her honor today between 1:30 and 3 p.m. in Student Services Building Room 143.

Mrs. Scott is approaching 11 years of service with the College, which she joined in December, 1967.

SUMMER SESSION SUMMARY

Regular Session Closes Next Week - The Regular Summer Session term officially ends Thursday, July 27. Grades are due Monday, July 31.

Mini-Session Enrollment - The College's three-week mini-session begins July 31 and continues through August 18. Students may (Continued on page 4)
Speaking up. Carol Goss (Pol. Sci.) spoke to approximately 70 area AAUW leaders in Claremont on "The San Bernardino County Commission on the Status of Women," July 8. Dr. Goss also addressed the members of the Unitarian - Universalist Church in Riverside on "Older Women," July 9.
