NEW DEANS NAMED FOR EDUCATION AND HUMANITIES

Two dean appointments were made last week by President John M. Pfau. Ernest Garcia, CSCSB Coordinator of Bilingual Education and Professor of Education, has been named to head the School of Education. Irving Buchen, currently professor of English at Fairleigh Dickinson University in Madison, N.J., has been appointed Dean of the School of Humanities. Both will begin their new duties September 1.

In addition to his teaching and work as a coordinator, Dr. Garcia also served as acting chair for the Teaching Education Program, director of the Bilingual Teacher Corps and coordinator of programs in elementary, bilingual and early childhood in the School of Education.

Well-known in the Southland for his work in education, the newly-appointed dean's wide background in teaching and community service covers teaching on all levels from elementary through university and service with school districts, and consultant and member of state, county and federal agencies, commissions and boards, one of which was the advisory committee for the U.S. Commission on Civil Rights.

His first teaching positions were as teacher and principal in Barstow and in the Mission School District in Redlands. He is currently on the Rialto Board of Education, having been elected to office two terms since 1970.

A native of Colton, the educator earned his A.A. degree in Spanish from San Bernardino Valley College, his B.A. in social science from U.C.R., his M.A. in Education from the U of Redlands and his Ed.D. from U.C.L.A. He joined the College in 1968 from the U of Redlands where he was coordinator of the M.A. education program. Dr. Garcia succeeds Nathan Kravetz who will return to teaching full-time after serving three years as dean.

Dr. Buchen, who has taught at Fairleigh Dickinson University since 1960, has a wide background in teaching, scholarly research and administration.

He served as chairman of the English Department at the University and is currently director for the Division of the Future. He has also taught at Pennsylvania State U and Johns Hopkins U and has been a director of English at Maryland

Payments under SB 91 pending

The State Controller has announced that if litigation pending in the courts should clear the way for payment of the lump sum cost of living bonus authorized under Senate Bill 91, the Controller's Office will need to adjust the pay records of some 200,000 civil service and CSUC employees in order to provide the required payments.

The magnitude of the task would be such that the warrants would not be available to the campus until mid-September, providing the court hearing takes place as scheduled and the constitutionality of SB 91 is upheld.
NEW DEANS
Continued from page 1

Widely published, the new dean has also been the recipient of a grant from the American Council of Learned Societies.

He has been extensively involved in the Northeast Modern Language Assn., serving as president, vice president and chairman of the romantic section.

Dr. Buchen received his B.A. in English and history and his M.A. in English from New York University. He earned his Ph.D. from Johns Hopkins University.

He will succeed Richard Switzer, Professor of French, who is returning to the classroom after nine years as school dean.

RAY MENDEZ EARS
VOC. ED. CREDENTIAL

Ray Mendez, Physical Plant Auto Maintenance Department, has earned a Designated Subjects Vocational Credential from the College.

Mr. Mendez, who holds a bachelor's degree from CSCSB, is authorized, under the full-time credential, to teach automotive and diesel mechanics. He is currently teaching a summer session course, "How to Beat the High Cost of Auto Repairs."

CAMPUS IMPLEMENTS
POLICY ON EMPLOYEE
ORGANIZATION ACTIVITIES

At their March, 1979 meeting, the CSUC Board of Trustees adopted a systemwide policy governing relationships with employee organizations (California Administrative Code Title 5, Sec. 43703-11). Each campus was required to establish local procedures implementing the policy. In late June the Chancellor's Office notified President Pfau that the "CSCSB Policy on Employee Organization Activities" had been approved. Interested persons may obtain a copy of the policy in the Personnel Office.

The access regulations require the designation of bulletin boards for the use of employee organizations. The boards designated for this purpose are located as follows: Student Services Building (intersection of west and north corridors adjacent to the atrium); Library (Basement, in corridor leading to dock area); Administration (corridor between Academic Planning and Lobby); P.E. (east wall adjacent building from north); Physical Plant (conference room); Physical Science (building, from east lobby, down the stairs, first board on north wall).

PERSONALS

The College congratulates Dr. Terrell Manyak (Administration) on the occasion of his marriage to Marlene Weig on June 20 in New Jersey.

Sympathy

The College extends deepest sympathy to Mae Frances Crosby (Physical Plant) and her family on the death of her son, Harold Bernard Ward, 27.

Mr. Ward was a 16-year resident of Rialto and was employed by Kaiser Steel. He was a native of Okmulgee, Oklahoma.
Two plays performed on alternate days continue their run through July 28 at 8:15 p.m. in the Theatre. Tickets are $1.50 for students and senior citizens; $2 for faculty and staff and $2.50 for general admission.

A cast of three performs in both comedies, which work together as companion pieces with complementary styles.

"Luv" is almost like a Marx Brothers movie and "An Almost Perfect Person" is almost realistic in its exploration of interpersonal relationships. A spoof done in rapid-fire lines, Murray Shisgal's "Luv" fluctuates between slapstick and absurd humor while "An Almost Perfect Person" by Judith Ross is a contemporary comedy which mixes politics, sexual equality and a romantic triangle.

Amanda Sue Rudisill, O.P. Hadlock and Kurt Nelson comprise the cast. Both plays are directed by Adria Klein. As the College has no funding for summer theatre, all four have volunteered their time to perform, direct, build sets, design costumes and set up lighting.

CAFETERIA - CLOSED AUGUST 4 THRU SEPTEMBER 9.

STUDENT UNION - CLOSED AUGUST 6 TO SEPTEMBER 9.

ART GALLERY - CLOSED THROUGHOUT AUGUST; OPEN FIRST 3 WEEKS IN SEPTEMBER.

PAYDAY - TUESDAY, JULY 31.
REENTRY TO EDUCATION

MADE POSSIBLE BY PROGRAM

A special program for adults wishing to reenter the educational scene will be offered by the College this fall. Conceived and directed by Loralee MacPike, Lect., Eng., the program focuses on carefully selected courses and special opportunities for group and individual counseling.

It is designed for adults who want to go to college but think they can't or shouldn't or won't succeed, according to Dr. MacPike, who describes herself as a reentry person.

The Adult College Opportunity Program is for both adults whose college education was interrupted and those who never entered college, perhaps mothers and homemakers, or men who have been away from campus or never started. Three special beginning classes in a morning three-hour time block are offered this fall, followed by an optional hour of study, group discussion and counseling. In addition to other resources of the College, the students will have access to the Learning Center and Child Care Center.

The program begins on September 10 with an orientation which includes briefing and workshop.

Speaking up.

Marvin Frost (Geography) will speak to members of the San Bernardino Rotary North on "The Okefenokee Swamp," on August 2, a slide-illustrated talk.

Kathy Pezdek (Psychology) made a presentation to the San Bernardino chapter of American Assn. of Retired Persons on "Aging and Memory," on June 19. The talk was based on her current research on life-span changes in memory processes. The members had participated as subjects in this research program.
