NEW DIMENSION ADDED
To SAIL Program

Faculty members will soon be hearing from the latest addition to the SAIL program staff. Dr. Ina Katz, a reading specialist, has been hired to investigate ways to respond to a faculty survey conducted recently in which reading was identified as a problem.

Dr. Katz will be seeking more information by conducting needs assessments, developing materials to fill those needs, assisting students with development of reading and comprehension skills and with diagnosis of reading problems. To achieve those goals, Dr. Katz will be contacting faculty members for input.

Dr. Katz is also a lecturer in the elementary and secondary programs and has taught graduate courses in the School of Education. She received a Ph.D. in educational psychology from UCR in December and served as associate in education with UCR for four years.

SAIL is the new federally funded Student Assistance in Learning program, directed by Jean Peacock.

FOREIGN FILM FESTIVAL
Opens January 31

"The Garden of the Finzi-Continis," an Italian film, will kick off this year's Foreign Film Festival. The movie, which will be shown at 7 p.m., Jan. 31 in the PS Lecture Hall, is about an aristocratic Jewish family forced to acknowledge the world beyond its well guarded gate when Mussolini's anti-Semitic campaign begins.

There will be 11 more films in the series, which continues through June 6. The films are sponsored by the Department of Foreign Languages, the President's Club and the Associated Students.

ORGAN RECITAL
MOVED TO CHURCH

CSCSB music instructor Herbert Iverson will give an organ concert at 8:15 p.m., Wednesday at the First Congregational Church of San Bernardino, 3041 N. Sierra Way. The concert had originally been scheduled for the Recital Hall, but was relocated when the campus organ malfunctioned.

Iverson will perform works by Gabrieli, Handel, Haydn and J.S. Bach, among others. He will be accompanied by a brass quintet, a string trio and a flutist.

The concert is part of the Music at Cal State Series. Single-performance tickets will be available at the door for $2 general admission and $1 for students with identification.
SEASON TICKETS AVAILABLE FOR AS FRIDAY MOVIES

The Associated Students is offering season tickets to its Friday night movie series. Cost of the new season passes is $5 for faculty and other adult non-students and $2.50 for students and children. The single-ticket price is $1 for adults and 25 cents for children.

The season tickets are good for all 18 movies remaining in the Friday night series, which ends June 5. They may be purchased at the Student Union desk during regular Union hours.

Tonight's film is "Life of Brian." It starts at 6:30 p.m. in the Student Union Multipurpose Room and will be repeated at 9 p.m.

PUBLIC AFFAIRS NEEDS YOUR PICTURE IDEAS

Does your class have a unique project in progress, an interesting field day planned or do you just know of a good picture you think epitomizes the campus? If so, the Public Affairs Office would like to know. The college catalog is in the production stages and pictures are sought to illustrate the college activities and programs.

If you know of an interesting project, event or location, call the office at ext. 7558.

HEALTH SCIENCE CLUB FORMING ON CAMPUS

A health science club is forming to study and work on environmental issues. The club's organizational meeting was held last week with sufficient response to warrant establishment of a program of projects and regular meetings.

The club's first project will be a health fair, possibly during spring quarter registration. Club members, who have enlisted the aid of several campus organizations and departments, hope to set up a health screening program in which, among other things, participants will receive a health risk evaluation.

The club also plans to make available to students information on health careers and to track trends in health careers, sponsor speakers on individual and community health and provide students a vehicle by which they can have more opportunity to affect health curriculum.

Dr. Lawrence Cappel is advisor to the club.
No Capital Outlay For CSCSB
INCLUDED IN GOVERNOR’S BUDGET

The $17,110,992 proposed by Gov. Brown for
operation of the CSCSB campus in fiscal
1981-82 represents an increase of slightly
more than $1 million, or approximately 6%,
over the current year's allocation. The governor's submission to the Legislature does
not include capital outlay funds for the San Bernardino campus. The Board of Trustees
had asked for $147,000 for the campus for preliminary working drawings for a new
theatre arts building.

The $17.1 million proposed for the campus is based on a projected FTE of 3,250, which
is $5,265 per student. The budgeted FTE for the 1980-81 year is 2,950.

The governor's proposed budget for the CSUC falls about $34.8 million short of the
figure put forward by the Board of Trustees as essential to the continued effective-
ness of the system. The Governor's cuts were in areas such as inflation adjustment,
staffing for computing support, the disabled students program, and some program change
proposals. To balance his budget, the Governor also cut an additional $10 million.
He proposed increases in nonresident tuition, elimination of external degree fee
waivers, reduction in specialized training and increases in late registration fees and
student service fees.

Gov. Brown's proposed budget provides $936,622,095 systemwide for the fiscal year.
Chancellor Glenn S. Dumke expressed concern about several specific areas including:
unrealistically low provision for inflation; lack of funds for faculty staffing, in-
structional supplies and services and student affirmative action; and reduction in
funds for repair of facilities. The proposed budget provides two-tenths of one per-
cent more than the current budget, despite inflation in excess of 10 percent and an
enrollment increase of 6,100.

Co-Ed Basketball Sign-ups
SCHEDULED FOR MONDAY NOON

Sign-ups for co-ed two-on-two basketball are sched-
uled for noon Monday in PE 122. The teams are open
to men and women faculty, staff and students. The
first game will be played Tuesday at noon in the
gym.

Also on the intramural sports schedule for the coming week are women's basketball at
3 p.m., Monday and co-ed volleyball at 7 p.m., Monday.

On Wednesday, there will be a men's open basketball game at 3 p.m. and co-ed volley-
ball, at 7 p.m., both in the gym. Thursday will bring a co-ed soccer game at 3 p.m.
on the fields behind the Physical Education and Recreation Building. Racquetball
singles and men's basketball, both of which start at noon, will cap the week on Friday.

INTERVIEW WORKSHOPS
TO BE OFFERED AGAIN

A series of four workshops titled "Asserting Yourself in
the Job Interview" will be offered again this quarter
through the Placement Center and the Counseling Center.
The workshops will be held on consecutive Tuesdays Jan. 27
and Feb. 3, 10 and 17. All sessions will run from 3-4:30 p.m. in PS 227.

Sign-ups will be accepted in person at the Counseling Center or by phone at ext. 7437.
ALUMNUS SHOWS ART AT LIBRARY

Cal State alumnus Mike Bennett has a one-man art show, "Famous Faces in Pastel," on display on the Library's fourth floor. The show consists of a collection of chalk drawings of movie stars.

Bennett was graduated in 1978 with a Bachelor of Arts degree in art. The show may be viewed during the library's regular hours.

SPEAKING OUT

Dr. Michael Clarke (Public Administration) chaired a panel on citizen participation and organization effectiveness at the Jan. 15 meeting of the Inland Area Chapter of the American Society for Public Administration.

Dr. Ellen Kronowitz (Education) spoke on "The Home as a Classroom" Jan. 19 before the San Bernardino County Foster Parent Association in Fontana.

PUBLICATIONS

A paper by Dr. Amer El-Ahraf (Health Science and Human Ecology), "Analysis of Animal Feed Ingredients and Soil Amendment Products Produced from Beef Cattle Manure for Selected Trace Metals Using Atomic Absorption Spectrophotometry," has been published in the Journal of Food Protection.

"Teaching Study and Location Skills" by Dr. T. Patrick Mullen (Education) has been published as a chapter in Children With Learning Problems: A Handbook for Teachers.

An article titled "How to Use Both Audio Tracks on Your VCR" by Dr. Robert Senour (Audio-Visual) has been published in the January issue of Instructional Innovator.

An article by Dr. Edward M. White (English) appears in the new freshman composition textbook, Read to Write, as an example of persuasive writing. The article was originally published in the Los Angeles Times.

NOTEWORTHY

Dr. Amer El-Ahraf (Health Science and Human Ecology) has been elected to a three-year term on the National Council on Continuing Education in Environmental Health. He is also president of the National Environmental Health Association.

Dr. Clifford Paynton (Sociology) served as the outside member of a team which evaluated Loma Linda University's Middle Eastern studies program.

Dr. Edward M. White (English) has been named to the advisory board of Journal of Basic Writing.

PERSONALS

The college extends its sympathy to Routh Moore (Bookstore) on the death of her brother Jan. 13 in Arkansas following an extended illness.
Free breast examinations for both women and men are being offered at the Health Center. The exams will be given each Wednesday through March 11. Registered nursing students will conduct the examinations under the guidance of instructors.

Examinations will be given on the following schedule:
Jan. 28, 8 a.m.-4 p.m.  Feb. 25, 8 a.m.-4 p.m.
Feb. 4, 11 a.m.-4 p.m.  March 4, 8 a.m.-4 p.m.
Feb. 11, 8 a.m.-4 p.m.  March 11, 1-4 p.m.
Feb. 18, 1-4 p.m.

Appointments may be made by contacting the Nursing Office, ext. 7346.

The Players of the Pear Garden will show films each Tuesday night through the end of the quarter. The movies will start at 6:30 p.m. in LC 500 North. They are free and everyone is invited. The movie scheduled for this Tuesday is "Rebecca," an Alfred Hitchcock thriller.
