Four campus individuals are being honored by the Uni Phi Club in the establishment of annual awards bearing their names. These awards will recognize contributions on behalf of students with disabilities.

The honorees and the awards being established in their names are:
The Dr. Fred Kellers Award—to be given to a faculty member who has been respectfully sensitive and accommodating to the classroom needs of students with disabilities.

Each orientation group of 10-15 freshmen will be directed by a faculty and student leader working as a team. Student leaders will be asked to attend four 90 minute training sessions during May to prepare for the fall program.

There is no monetary compensation, but each student and faculty leader will receive a free custom-designed CSCSB T-shirt.

For information, see Stephen Domingues in the Activities Office, SS 122, Ext. 7407.
WIND ENSEMBLE FEATURES
1920s MUSIC SUNDAY

Varese's "Hyperprism" combines a variety of sounds produced by percussion instruments to yield more colorful sounds. "An American in Paris" by Gershwin used jazz-influenced rhythms reflecting the sounds of Paris, such as taxicab horns and people walking. "Spiel for Wind Orchestra" is by Austrian-born Toch, whose music reflects both the light and serious side of 1920s Europe. And Sousa's "George Washington Bicentennial" shows the classic American march style of Sousa's later years.
