PSAC Members Are Announced

The Presidential Selection Advisory Committee is complete. On-campus elections have been conducted and appointments have been made by the chair of the Board of Trustees and the Chancellor. The committee will conduct a confidential screening and interviewing of candidates, then advise the Board of Trustees on selection of a successor to President John M. Pfau, who will retire at the end of this academic year.

Elected last week were: Janice Lemmond (Purchasing), administrative and support staff; and Dr. Judith Rymer (Education), Dr. Alfred Egge (Psychology) and Larry L. Kramer (English), faculty. Dr. Gloria Cowan (Psychology) will be an alternate for faculty representation. Named earlier were Luella M. Cohen, representing the College Advisory Board; John Kirwan, Alumni Assn.; Pauline Barbour, students.

Chancellor Glenn S. Dumke and John F. O'Connell, chair of the Board of Trustees, also will serve on the committee. Under procedures adopted in 1980 for presidential selection, the chair of the Board appoints three trustees to serve on the committee. One of these trustees he names chair. In addition, the Chancellor appoints a president of a CSU campus to serve.

Lynne Myers of Beverly Hills will chair the committee. Other trustees will be John F. Crowley of San Francisco and George M. Marcus of Palo Alto. Dr. Hugh La Bounty, president of Cal Poly, Pomona, also will be on the committee.

‘All My Sons’ Opens Thursday

A practical family man, Keller attempts to avoid responsibility for his past actions.

Dr. Amanda Sue Rudisill (Theatre Arts) plays Keller's wife, who refuses to acknowledge that her eldest son has died in battle. Also in the cast are Tim Reilly, Carol Harmer, Dell Yount, Randy Charnin, Mary Manthis, Tammy Monohan, John Higley and Skip Smith. Dr. William Slout (Theatre Arts) will direct the production.

Each presentation will run approximately 10 minutes, with time after the speeches for questions.

Affirmative Action Receives $11,488

The Student Affirmative Action Program has received an award of $11,488 from the Chancellor’s Office for its educational enhancement component. This is the first time the campus has received funding for this part of the program. A purpose of the component is to stimulate high school students to expand their horizons to think about post-graduate studies and a broader range of career fields. Another goal is to develop methods for improving counselor and teacher preparation.

Laura Gomez de Chamorro is coordinator of the program, and Dr. Priscilla Gilbertson (Education) is coordinator of the educational enhancement component. Faculty involvement will be an important part of the new projects.

Part of the component will be a career exploration program in which students receive short-term experience in a career field, work on career research projects, attend lectures and participate in workshops related to academic disciplines and career options.

In another project, Cal State students in teacher preparation programs will work in career centers within the public school system to gain experience in counseling minority students.

A third project will be an in-service training program conducted by the Cal State faculty for high school teachers and counselors. Faculty will lead sessions on topics requested by teachers that would enhance their work with nontraditional students. Also, the counseling faculty in the School of Education will help high school counselors develop additional skills to teach parents how to communicate more effectively with their children. In addition, the faculty members will share information on college opportunities.
