NEW BILL WOULD AUTHORIZE BACK PAY INTEREST PAYMENT

There is still a chance that state employees may receive the interest earned on the Senate Bill 91 lump sum payments made in January 1981.

AB 2681, introduced in the State Assembly last month, would appropriate money from the General Fund for interest payments to employees who received one-time, lump sum checks under SB 91.

The interest was earned by the state when SB 91 funds were set aside in 1979-80 while the retroactive issue was pending in the courts.

In September 1981, the California Court of Appeals ruled that employees were entitled to the interest. However, in January 1982, the Assembly Ways and Means Committee dropped AB 161, which authorized such payments.

STATE EMPLOYEES MAY GET MORE HOLIDAYS

Assembly Bill 2874, introduced in the Legislature earlier this month, would provide that if any of the specified state employee holidays fall on a Saturday, the preceding Friday would be declared an employee holiday.
