INAUGURATION PARTICIPANTS INCLUDE EX-EMU PRESIDENT
The former president of Eastern Michigan University, now a Michigan Supreme Court justice, will deliver the major address at the inauguration of Dr. Anthony H. Evans as Cal State’s second president Tuesday afternoon, May 17.

Justice James H. Brickley was president of EMU from 1975 to 1978. Dr. Evans was executive vice president at EMU during this period and succeeded Brickley as acting president for a year, before becoming provost and vice president for academic affairs. Brickley was lieutenant governor of Michigan 1971-74 and 1979-82. He was named to the Michigan Supreme Court in December 1982.

Justice Brickley earned his B.A. and L.L.B. from the University of Detroit and his L.L.M. from New York University. He has been a lecturer and adjunct professor of government and law at the University of Detroit, Wayne State University, the University of Michigan at Dearborn and Cooley Law School. He served as U.S. district attorney for eastern Michigan, on the Wayne County prosecutor's staff and on the City Council of Detroit. Brickley has been awarded eight honorary degrees in laws, education and humane letters.

The marshals who will escort the academic procession have been selected by the faculty, the students and the president. The college marshal and bearer of the mace will be Dr. Dalton Harrington (Biology). Grand marshal will be Dr. Ralph H. Petrucci (Academic Planning). The chair of the Faculty Senate, Dr. Joe Bas (Spanish), is the faculty marshal. The remaining marshals are Dr. Frances Berdan (Anthropology) and Dr. Barbara Sirotnik (Business Administration).

The inaugural ceremony will begin at 1:30 p.m. in the Gymnasium. Faculty, staff and the 50 students who are marching should report to the Gymnasium for robing between 12:30 and 1 p.m. Classes have been cancelled from noon to 6 p.m. and most offices will be closed for the afternoon to allow for maximum participation of the campus community. Area administrators will determine which offices are to remain open with skeleton staffs.

A reception honoring President and Mrs. Evans will be held in the College Commons following the ceremony.

CRIMINAL JUSTICE TO BE DEPARTMENT
President Evans has approved the establishment of a Department of Criminal Justice, effective in September. The new department’s faculty, formerly members of the Sociology Department, will offer both the B.A. degree and the new M.A. degree in criminal justice. Faculty in the new department will be Drs. ART DEPARTMENT GAINS
NATIONAL ACCREDITATION

The Art Department has received a five-year initial accreditation by the National Association of Schools of Art and Design for the B.A. in art program, according to word received Monday.

In its report on a visitation made here Nov. 1-3, the NASAD noted many areas of strength in the Art Department, including faculty who work in harmony, are accessible to students and are working actively in their fields; an art building that provides an appropriate environment for the study of art and is well equipped; good library facilities; strong work by students in most areas; an outstanding exhibition program; able department administration; and support by the central administration.

Some of the changes that will be made to meet NASAD standards are to increase the number of hours students spend in class for the units they receive, some health and safety remodeling and an increase in the use of models for life drawing courses.

The accreditation brings Cal State, San Bernardino another step closer to being designated a university. There remain two hurdles: adequate level of overall enrollment, which is approximately 5,200 students, and three disciplines that have been accredited by specialized national accrediting agencies. The college currently has accreditation by three agencies, the NASAD, the National League of Nursing and the American Chemical Society, but these agencies must be certified by the California State University system.

LEGISLATION CHANGES PERS ADDITIONAL CONTRIBUTIONS

Recent legislation requires that new requests to make additional contributions to PERS must be made by July 1. Additional contributions are those voluntarily made in addition to the member's and employer's normal contributions required by law. The normal contributions are not affected by the new legislation.

The legislation also requires that the amount of existing additional contribution payments cannot be changed after June 30, except to stop them.

Members who are making additional contributions as of July 1 may continue to do so without change. Members who stop or take a refund of their additional contributions after July 1 will not be able to participate in the additional program again.

DRS. GRIFFITHS, STEIN AWARDED GRANT FOR SPECIAL MATH PROJECT

A project to help teachers improve their competency in mathematics will be conducted during the 1983-84 academic year under a $75,000 grant from the California Mathematics Project of the University of California.

In winter, faculty from Cal State will work with the teachers in their classrooms.

During the final component next spring, teachers who participated fall and winter will conduct in-service workshops for other teachers in their districts, with the assistance of Cal State faculty.
