PETER A. WILSON
To Be Dean Of Students

A former student services officer at UCLA and UC, Santa Cruz will be the new dean of students. Dr. Peter A. Wilson, currently a visiting lecturer in management at Ohio University, will assume the post Sept. 1.

"Two of the highest priorities on campus now rest very heavily in the student affairs area—coordination of admissions outreach and direction of campus revitalization efforts," said President Evans. "We hope Dr. Wilson will work toward a full harnessing of the talent now available to develop and pursue goals and priorities in these areas."

Dr. Wilson's first full-time professional position was in housing at UCLA. After four years in the residence halls, he spent two as assistant director of the Counseling and Learning Skills Center, where he was involved both in direct service to students and administration. Over a period of eight years at UC, Santa Cruz, he was responsible for career planning and placement, cooperative education, student activities and programs, student conduct, orientation, disabled students, veterans affairs, child care, student employment and recreation and sports. He authored the student affairs master plan, developed the personnel review process and prepared and managed the divisional budget. At the time he left Santa Cruz in June 1980 to complete his doctorate, he was director of campuswide student programs.

Wilson earned his Ph.D. in higher education and management from Ohio University, Athens, in June 1982. He also holds an M.A. in philosophy of education from UCLA, an M.A. in student personnel administration from Colgate University and a B.A. in psychology from Gettysburg College.

During the past year he has been teaching in the management systems department at Ohio University. His expertise in motivation and leadership resulted in several consulting opportunities. He has had major responsibilities in the recent national conferences of the National Assn. of Student Personnel Administrators.

Fee Increases To Be Effective This Fall

Fee increases averaging $182 a year for undergraduates and $218 a year for postbaccalaureate students, starting this fall, were authorized Monday by the finance committee of the CSU Board of Trustees.

Expressing shock and dismay over the state budget as signed by Gov. Deukmejian, Chancellor W. Ann Reynolds said: "The abrupt and substantial increase in next year's

COMPUTER-ASSISTED NURSING
PROGRAM BEING DEVELOPED

A conceptual design by Jane Darany (Nursing) to use a computer program to teach nursing students how to formulate nursing diagnoses has been accepted by the CSU Coordination Center for Computer-Assisted Instruction for development and marketing.

Mrs. Darany is now preparing the detailed design, from which the computer programmers will work. She is responsible for the content and graphics, and programmers at the center write the program. Assisting Mrs. Darany in the preparation of the content were Donna Ziebarth, Dr. Mary Patterson and Mary McGregor (all Nursing).

When completed, the programs developed by the CSU-financed center will be made available within the system and then will be marketed throughout the country. Darany's program can be used at both the associate and baccalaureate degree levels.

TRUSTEES NAME CSC, BAKERSFIELD PRESIDENT

Among actions taken by the CSU Board of Trustees July 20 was the appointment of Dr. Tomas A. Arciniega, vice president for academic affairs at CSU, Fresno, as president of CSC, Bakersfield. He succeeds Dr. Jacob P. Frankel, who retires after nine years as the college's second president. Frankel will accept a CSU Trustee professorship at CSU, Northridge.

The trustees also accepted the resignation of Dr. Peter Diamandopoulos as president of Sonoma State University and voted to appoint him to a CSU Trustee professorship.

Other actions by the board included:

--Appointed Caesar J. Naples, general counsel in the State University System of Florida, as vice chancellor for faculty and staff affairs;

--Appointed Dr. Herbert L. Carter, assistant executive vice chancellor since 1978, as vice chancellor for administration;

--Received a report from Chancellor Reynolds that Dr. William E. Vandament, senior vice president for administration at New York University, has been designated acting provost and vice chancellor for academic affairs. The position, as the chancellor's chief deputy, combines some of the functions previously under Harry Harmon, executive vice chancellor, and Dr. Alex C. Sherriffs, vice chancellor for academic affairs. Both men are retiring.

CONGRESSMAN BROWN HOLDS HEARING HERE

Congressman George Brown will hold a Congressional hearing on "Technology, Employment and Future Growth" at 1:30 p.m., Monday, Aug. 8 in PS 10. It is part of a series being held throughout the country.
FEE INCREASES
Continued from Page 1

fees will present severe difficulties for many students. I am deeply disappointed that we must do this, but it is unavoidable due to the level and timing of the state's 1983-84 budget."

About $11.6 million of the $62.3 million raised from the higher fees will be returned in additional financial aid.

This fall will be the first time in the CSU history that graduate students have paid a higher fee. The 5 percent fee differential was intended to represent the higher cost per student of graduate programs.

A full-time student on the San Bernardino campus last spring quarter paid $189 plus parking and books. The cost for a full-time undergraduate this fall quarter will be $232. ($4 of the increase is due to higher AS and Student Union fees in the fall quarter.) A postbaccalaureate student will pay an additional $12, whether full or part-time.

The student services fee actually was decreased from $72 to $70 per quarter. The state university fee, however, was increased from $94 last spring to $134 for full-time undergraduates. Undergraduates carrying up to 5.9 units will pay $44, instead of $31 for the state university fee.

Undergraduates in the CSU enrolled in six or more units will be charged an average of $687 for the academic year. For graduate-level students, the average will be $723. Last year's average for full-time students, including a temporary surcharge of $64, was $505.

The CSU system still will have to absorb about $65 million in program reduction support for the 19 campuses. Details will be worked out within the next few weeks.

LATE REGISTRATION

Late registrations for the Aug. 1-19 post-session will be accepted today and Monday through Wednesday in PL 287. Information on available courses and times also is available from the Office of Continuing Education, Ext. 7527.

CAMPUS TO BE SITE FOR STATE MATH PROJECT

Cal State, San Bernardino will be one of nine campuses in the UC and CSU systems administering the $618,000 statewide California Mathematics Project.

Established by the Legislature, the project uses the concept developed by the successful California Writing Project in which teachers train other teachers. Participants in summer institutes concentrate on methods which they teach at workshops in their home schools during the coming year.

On the San Bernardino campus, the project will focus on methods of improving problem-solving skills and teaching techniques. Sixty teachers from grades 4-12 in San Bernardino and Riverside counties will attend workshops and seminars during the fall 1983 quarter and then will develop exemplary programs in demonstration classes during the spring term for other teachers to observe.

Other CSU campuses named as administrative sites are San Diego, San Jose and Stanislaus. The participating UC campuses are Berkeley, Davis, Los Angeles, San Diego and Santa Barbara.
11 August Retirees Include
3 Original Employees

Three women who joined the college staff before classes began in September 1965 are among the 11 employees who will retire in August under the early retirement program, known as "the golden handshake."

The longest, continuous employee of the college who is retiring is Frances Ekaitis, who came to work in the Library Nov. 27, 1963. Dorothy Wiley had joined the fledgling staff in August 1962 but left after two years and later returned in December 1978. Dorothea Hino, secretary in Plant Operations, arrived in July 1965. Margaret Richards joined the Library staff when the campus was nearly a year old, July 1966. Mrs. Ekaitis and Mrs. Richards are library assistants in technical services, and Mrs. Wiley is the clerical assistant in the library director's office.

The other retirees and their length of service to the college are: Dr. Ross Ballard, director, Student Health Center, 8 years; Richard Beiser, lead grounds worker, Plant Operations, 9 years; Beatrice Lee, clerical assistant, Plant Operations, 10 years; Dorothy McCarthy, library assistant, technical services, 6 years; Virginia McKenzie, secretary, music and theatre arts, 12 years; Mary Newman, graphic artist, Audio-Visual Services, 14 years; and Marion Piel, senior accounting clerk, student financial aid accounting, 11 years.

Most will retire on Aug. 14 or 15. Mrs. Hino completes her service on Aug. 12 and Dr. Ballard Aug. 2.

College Awarded Mini Computer

The college has been selected to receive a mini-computer, a DEC PDP 11/24 valued at about $32,000, for a special laboratory being established by Dr. Richard J. Botting (Computer Science).

Thirteen campuses were selected by the CSU to receive computers donated by the Digital Equipment Corporation to strengthen academic programs in computer, physical and biological sciences. The value of this grant is more than $600,000.

The special laboratory will allow computer science students to do experimental programs and to work without the possibility of accessing other programs in the college's primary computer in the Computer Center. The lab will be in PS 110. Dr. Botting hopes the computer will be installed for use during fall quarter.

Retirement Reduction May Be Continued

The Board of Trustees last week agreed to continue, from July 1 to Dec. 31, 1983, the $50 reduction in employee retirement contributions. The trustees also agreed to cover the increased premiums for health and dental services for 1983-84. Both actions are subject to the state budget, the allocation from the Department of Finance and authorizing legislation.

1983-84 Bulletins Available On Campus

The 1983-84 College Bulletins (the catalog) have arrived from the printer. Students may purchase their copies from the Bookstore for $2.95, plus tax ($4.60 if mailed). Academic departments and administrative offices which need additional copies should contact the Public Affairs Office, Ext. 7558. This Bulletin is the first to feature four-color photos on the cover.
The entire first floor of the Pfau Library will be carpeted during August and service will be disrupted. The Library staff expects that the Library may be closed entirely at some point and urges patrons to do as much work as they can during the first week of August.

The contract for the work calls for the carpeting to begin Aug. 22; however, all books, stacks and furniture must be moved first. The contractor has 30 days to finish the carpeting project. Then all furnishings will have to be moved back into place.

The Library staff will make every effort to maintain at least a minimum level of service, said John Tibbals. However, he urged major projects to be done in the first week of August, if possible. After that, patrons should phone the Reference desk, Ext. 7335, or the Circulation desk, Ext. 7334, to check on the status of service.

August Hours

Hours and service provided by some campus facilities will change during August. The Commons, for example, will serve the last meal at dinner Friday, Aug. 5 and close until Sept. 13.

No medical services will be available in the Health Center during August. The building will be open as some Student Services personnel are located there while the Student Services Building is being reroofed. The Student Services office hours during August will be 8 a.m. to 4:30 p.m.

The Student Union will be closed during August. The staff for the Activities and New Student Services offices will be quartered there during the month. As the outer doors will be locked, potential visitors should call ahead.

Aug. 5 Movie To Be 'THE PAWNBROKER'

"The Pawnbroker," the portrait of a man who survived a Nazi concentration camp only to encounter further horrors in Harlem, will be shown Friday, Aug. 5 in the summer series of classic movies sponsored by Continuing Education. Rod Steiger received an Academy Award nomination for his performance in this 1965 film, which will be shown at 8 p.m. in the Student Union. Admission is $1 per person.

Homestay Needed For ACLP Students

The American Culture and Language Program (ACLP) needs temporary housing (homestay) for foreign students during the summer break from Aug. 20-Sept. 28. These students are studying English at the college in the intensive English as a second language and desire to live with an American family for two to three weeks. More information is available from the program coordinator, Judy Shearer, at the Office of Continuing Education, Ext. 7666.

U.S. Ambassador To USSR To Speak In Riverside

Under the sponsorship of the World Affairs Council of Inland Southern California, Arthur A. Hartman, U.S. ambassador to the Soviet Union, will speak Monday, Aug. 8 in Riverside. A 6 p.m. reception will precede the address and discussion, which begin at 7 p.m. in the Music Room of the Mission Inn. Admission is $6.50 per person for Council members; $10 for non-members.
SYMPATHY  The college community extends deepest sympathy to Dr. Dalton Harrington (Biology) upon the death of his wife, Barbara, on July 23 following a three-year illness. Mrs. Harrington also is survived by two children, John and Tina, and a granddaughter.

NOTEWORTHY  Dr. Theron Pace (Services to Students with Disabilities) received a certificate of recognition at the national convention for program directors of disabled students last week in Oakland. He was honored for his work on the Student Recognition Committee and for coordinating a conference session.

SPEAKING OUT  Dr. Jonathan Kent (Anthropology) spoke on "Recent Archeology in the Highlands of Peru and Bolivia" July 21 at the San Bernardino County Museum.

PERSONNEL

NEW TO THE COLLEGE

Full-time, probationary
Kathleen D. Edmonds
Clerical Assistant IV
Plant Operations
Ext. 7426, PP 100

REAPPOINTED

Full-time, temporary
Maureen D. Hixson
Clerical Assistant IIA
Continuing Education
Ext. 7527, PL 545
Temporary to June 30, 1984

EMPLOYMENT OPPORTUNITIES

(Applications will be accepted until 2 p.m., Aug. 12. Appointment contingent upon funding.)

HEALTH CENTER

(corrected)
Physician I--$3862-$4652/mo.; full-time, 10-month Sept. 1-June 30; permanent; available Sept. 1.
(Originally listed as temporary)

PAYDAY FOR JULY WILL BE MONDAY, AUG. 1
