CSU Trustees Approve Planning Of New Majors

CSU Trustees last week approved the college's five-year academic master plan which includes five new majors on campus. The approval does not mean the programs will be implemented but allows planning to begin.

The majors include an industrial studies B.A./B.S., communications B.A., nutritional science B.S., health science M.S. and speech pathology-audiology BS.

Academic master plans have an annual review process. The chancellor's office recommended a combined program in industrial studies with optional tracks to include industrial arts, which focuses on teacher training; and industrial technology, for professional development and management skills. The communications program is currently being considered by the college curriculum committee. Pending approval by the chancellor's staff, the program could be implemented in the 1984-85 school year, said Dr. Jerrold Pritchard, associate vice president, academic programs.

The nutritional science B.S. and health science M.S. programs have been approved by the Faculty Senate here and full proposals are being prepared for presentation to the chancellor's staff. The California Postsecondary Education Commission has said these program areas will need more justification due to the unknown job market. A further needs assessment is underway, Dr. Pritchard said.

The projected speech pathology-audiology program also is undergoing a needs reassessment.

"Academic Programs is now beginning the process of identifying additional programs for submission in next year's master plan review. Departments and schools should contact this office for assistance in exploring new areas and developing potential programs," Dr. Pritchard said.

January Paychecks Will Reflect Salary Increases, Reductions

All CSU employees will receive a salary increase in the paychecks distributed next Tuesday. Non-faculty employees will receive approximately 6 percent. Faculty will receive about 5.8 percent plus enhanced dental benefits. These increases were effective Jan. 1.

Also effective this month, paychecks will be reduced by up to $50 per month because of an increase in employee retirement contributions. In July, employee contributions to the Public Employees' Retirement System (PERS) were reduced by $50 per month for most employees. The reduction had been possible because PERS allowed a surplus in its savings to be reduced for a limited time, which ended Dec. 31.
TRUSTEES ENDORSE AMENDMENT FOR CSU CONSTITUTIONAL STATUS

voters in the November, 1984 election. Alquist (D-San Jose).

"The constitutional amendment would officially recognize that the state university and its lay Board of Trustees are ready to assume full responsibility for the operation of our campuses," said Chancellor W. Ann Reynolds.

Dr. Reynolds and Board Chairman John O'Connell, former president of the Bechtel Construction firm and CSU Chico, alumnus, urged the state legislators to give careful consideration to the proposal. If passed by a two-thirds vote, it would place the issue on the November, 1984 ballot.

"Constitutional status would mean that our campuses could be operated in much the same way that local boards run community college districts and the way in which the Regents administer the University of California. Although restrictive, costly procedures and controls would be eliminated by this action, the CSU would be subject still to fiscal accountability through the state budget process," O'Connell said.

In other actions, the trustees:

-expressed the board's appreciation to Gov. George Deukmejian for the positive approach embodied in his proposed 1984-85 CSU budget.

-amended Title 5 of the California Administrative Code to implement the CSU management Personnel Plan adopted by the board last November. Provisions of the plan supersede conflicting provisions of Title 5, with the exception of those provisions calling for consultation with the faculty.

FILM ON DISABLED TO BE SHOWN JAN. 30, FEB. 2

The film, "Tell Them I'm a Mermaid," which profiles the lives of seven disabled women, will be shown Monday, Jan. 30 and Thursday, Feb. 2 in Student Union Room B.

The 30-minute film will be shown at 10:30 a.m. and again at 3 p.m. both days. There will be a 30 minute discussion afterward. The movie is a result of Victoria Ann-Lewis' acting workshops at the Mark Taper Forum. Victoria was on campus last year with the Disabled Performers presentation for the Family Performance Series.

The California State College, San Bernardino BULLETIN is published Fridays by the Public Affairs Office, AD 117, extension 7558. Items for publication should be received in writing by noon Tuesday.

Employees interested in participating in the fee waiver/reduction program for the spring quarter should submit their applications to the Personnel Office by Feb. 1.

All full-time permanent (tenured), probationary (tenure track) and part-time permanent state employees are eligible. In addition, full-time temporary employees in bargaining units 5, 7 and 9 may participate.

The application deadline for employees in Units 5, 7 and 9, who are applying under Option 12:15, is at least two weeks prior to registration. However, employees are urged to apply earlier in order to facilitate the processing of admissions documents, according to Lyn Tontz (Personnel), who has further information on the program.

Gail Leininger, a former Air Force officer, is a new personnel management specialist in the Personnel Office. She started on campus Jan. 23. Her primary responsibilities will include all phases of staff recruiting.

A veteran of 11 years with the Air Force, she was discharged at the rank of captain. She has personnel experience in problem resolution, classification and training and personnel transfer processing. Leininger holds a B.A. degree in French from Duquesne University in Pittsburgh, an M.A. degree in guidance and counseling from the University of Northern Colorado and an Ed.S. from George Peabody College, Vanderbilt University.

She and her husband, Capt. Philip Leininger, and their children, Suzanne and Brian, reside in Redlands.

Evidence of Coverage booklets are available in the Personnel Office (SS 151) for employees participating in the California Dental Service (CDS) dental program. They summarize the CDS dental plans developed for CSU participants.

There are two booklets available, describing different coverages. Therefore, employees should be sure to obtain the booklet appropriate to their coverage:

1. Faculty unit employees enrolled in the CDS Enhanced Dental Plan should obtain the Evidence of Coverage booklet with the blue cover. The program for Unit 3 employees was effective Jan. 1, 1984.

2. All other employees enrolled in the CDS Dental Plan should obtain the Evidence of Coverage booklet with the yellow cover. This program began Aug. 1, 1983.

The Bookstore will close for inventory all day Wednesday, Feb. 1 and Thursday morning, Feb. 2. It will reopen at 1 p.m., Thursday.

Faculty are reminded that the deadline for nominating students for the 1983-84 edition of Who's Who Among Students in American Colleges and Universities is Tuesday, Jan. 31.
