Nominations Open for Faculty Merit Awards

The college is seeking nominations to award 10 members of Unit 3 (instructional faculty and librarians) exceptional merit service awards. The awards, funded by the Chancellor's Office, are $1500 each. Forms are available in the school, department and library offices. Nominations close Friday, March 9.

The criteria includes: (1) exceptional teaching which may include advising and curriculum development; for librarians, exceptional job performance which may include special projects or assignments; (2) exceptional professional activity, including publications, papers, consultantships, exhibitions and performances; (3) exceptional service to the college, including participation in the governance of the institution, outreach activities and community service.

Names may be submitted by staff, students, administrators and faculty. The president makes the final decision. Awards may be announced by April 27.

Animated Dance Show is Included in ME Festivities

A microcomputer-controlled 22-foot whale and its creator, Shane Eversfield of Maryland, will be here for the Microtechnology for Everyone Festival April 27-28.

Eversfield, a professional dancer, creates the illusion of an underwater ballet with the animal. The whale, named Moksha—a Hindu word meaning the inseparability of art and technology, is modeled after a Bryde's whale.

He built the animal in seven segments of standard trim molding, covered in light blue Lycra Spandex. The sleek-looking creature is attached to thin steel cables through pivots to provide movement.

The whale's brain consists of six microcomputers, each of which controls a motor to manipulate a section of the body. Participating in the design of the electronics portion of the animal is Rick Johnson, self-taught in electronics and an engineer at the University of Maryland, Baltimore County. The smooth up and down movements of the whale are given by an Apple II computer.

Tickets for the performances in the Student Union Multipurpose Room will be available in the Foundation Office after April 1. The cost is $3 per person.
