ACCREDITATION TEAM
ON CAMPUS NEXT WEEK

The 10-member team of faculty and administrators representing the Western Assn. of Schools and Colleges will be on campus next week to conduct a full, fifth-year accreditation visit.

The team will arrive on campus at 5:30 p.m., Monday, and conclude its visit at 3 p.m., Thursday. Members will speak with many campus members every day. Dr. Sherry H. Penney, vice chancellor for academic programs at the State University of New York, will chair the group.

The team will headquarter in the School of Humanities conference room, PL 241. There they will have access to many college documents assembled by Jo Ann Von Wald, a member of the self-study steering committee.

An open meeting will be held from 4 to 5 p.m., Wednesday, April 18, in CA 186 for anyone who wishes to meet with the team.

Following the visit, the team will develop and submit its findings to the WASC. The Senior Commission of WASC will review the report in June and the campus will learn its decision at that time.

JUDGES NEEDED FOR ROBOT OLYMPICS

Faculty or staff members willing to volunteer as judges for the Robot Olympics, part of the ME Festival April 27 and 28 on campus, are requested to contact David Neighbours in the Computer Center, Ext. 7293.

Experience in judging competitive events is not required. Judges may sign up for as few as one or two hour periods.

About 25 schools are expected to compete in the olympics, which will have six events for the youth to test their computer skills.

Events include the robot dash, where contestants will program a robot to travel a specific distance, and the slalom, where robots will be commanded to travel a predetermined length, dodge two obstacles and return to the starting line. Timed events will consist of traversing a maze of turns and constructing a robot from a sealed kit.

SPRING TERM UP

Spring quarter enrollment, as of the last day to add classes, stood at 5,287 students, a 7½ percent increase over the same term last year. The FTE of 4,003.6 represents a 6.7 percent increase over spring 1983. The figures will fluctuate until census day April 20.
Easter activities including an egg hunt and games are planned for Saturday, April 21, near the Children's Center. The college community and their children are invited for the festivities which begin at 10 a.m., said Pam Dortch, Children's Center director.

Substitute eggs will be hidden near the center. Youngsters may redeem candies for their "eggs," Dortch said. Children should bring a container to hold their eggs. The activity is co-sponsored by the Children's Center Auxiliary Assn. and the intramural sports program.

A new Alumni Affairs Office is now open in VA 105. The office, under the direction of the Executive Dean for College Relations, is staffed by Cecilia McCarron. The office may be reached at Ext. 7410. Alumni Affairs Director Richard Bennecke will remain in T-3D at Ext. 7614. The operation will assist the college in maintaining accurate records on graduates and disseminate Alumni Assn. membership information.

A festival featuring food, dances and exhibits from around the world will be held from 10 a.m. to 2 p.m., Thursday, on the Student Union Patio. The event is being sponsored by the International Students Assn.

Tips and advice on fitness, makeup and nutrition will be offered at the Health and Beauty Fair from 10 a.m. to 2 p.m., Wednesday, in the SUMP.

Participants are: Nautilus of San Bernardino, fitness; Rose of Sharon, hair, nails and make-up; Mary Kay, make-up; Carla Bouchard, nutrition; the Physical Education and Recreation Department and the Health Center.

Complimentary haircuts, manicures and make-up applications will be provided, said Lee Ann Overstreet, president of Cal State's Organization for College Women, which is sponsoring the event. A highlight of the day will be three total make-overs.

Doyle Stansel, associate dean, student services, is now located in the Housing Office, Ext. 7405. Dr. Craig Henderson, student affairs administrator, will move into Stansel's office, SS 114, Ext. 7524. Current responsibilities are not affected. Housing has been one of Dean Stansel's responsibilities for many years.

The California State College, San Bernardino BULLETIN is published Fridays by the Public Affairs Office, AD 117, extension 7558. Items for publication should be received in writing by noon Tuesday.

COLLEGE DEVELOPS PACT
WITH EGYPTIAN UNIVERSITY

Opportunities for faculty and student exchanges between Cal State, San Bernardino and Zagazig University in Egypt are now possible as a result of an agreement between the two institutions.

The Cal State Department of Health Science and Human Ecology has cooperated with the Zagazig Department of Public Health since 1979 and with that university's Department of Environmental Sciences since 1982. The relationships were established by Dr. Amer El-Ahraf, chair of the Department of Health Science and Human Ecology here. Four junior faculty members at Zagazig University were trained in pesticide research by Dr. El-Ahraf and Dr. Van Willis from CSU, Fullerton. Dr. El-Ahraf is currently supervising a Ph.D. candidate from Zagazig. Three joint research papers with Zagazig University faculty were submitted to U.S. journals and one book is being prepared.

Two representatives of Zagazig University visited the San Bernardino campus last November. Vice President Gerald Scherba and Dean James D. Crum (Natural Sciences) met in Egypt early this year with officials of Zagazig University and representatives of the U.S. Agency for International Development and the High Council of Egyptian Universities to explore the potential for further academic and scientific cooperation between the two campuses.

During his recent visit to Zagazig University, Dr. El-Ahraf was awarded the Shield of the School of Engineering for his efforts in designing the School's Environmental Sciences program, the first of its kind in the Middle East. He also gave the keynote speech at the graduation of the first class from the School of Engineering.

Details on implementation of the exchange agreement will be completed as funding becomes available.
