Three faculty members will be honored at the San Bernardino Chamber of Commerce's College Teacher Recognition Breakfast May 17 on campus.

Dr. Margaret Doane (English), Dr. Richard Rowland (Geography) and Dr. Lynda Warren (Psychology) were selected by the Outstanding Professor Selection Committee to receive the recognition at the Chamber event, which provides an opportunity for the business community to honor teachers from here, San Bernardino Valley College and the city schools.

Dr. Doane, associate professor English, has been at Cal State since 1976. Dr. Rowland, the 1984-85 outstanding professor of the year, is professor of geography and department chair. Dr. Warren, professor of psychology and former department chair, has taught here since 1973. All three of the honorees have received faculty professional development grants to continue research in their areas. They have been active in academic committees and have served as advisors to student programs.

Reservations to attend the 7 a.m. breakfast in the Commons should be made with the Chamber by May 10. The cost is $7 per person.

A robot ping-pong player which challenges human competitors, the latest in computer software and hardware and hundreds of youngsters maneuvering robots in basic and intricate courses will highlight the Microtechnology for Everybody (ME) Festival Friday, April 26.

Approximately 20 local vendors of computer hardware and software will display the latest in microcomputer technology. The free exhibit will be open from 11 a.m. to 7 p.m. in the gym.

Robot Ping Pong, featuring the machine used by international table tennis champions, will provide more than 100 students, teachers or business leaders the opportunity to challenge a robot to a game of ping pong. In a game of man versus machine, the robot will serve to a participant and the number of serves returned will be recorded, said Frank Slaton, coordinator of the ME Festival.

Returning this year will be the Robot Olympics, held in the center of the gym. Students from local schools will compete in compulsory and freestyle events with robots. The free competition is held from 10 a.m. to 2 p.m.

All events are designed to teach basic robotics principles, such as programmable functions, use of sensors and mobility. "We're teaching the principles of robotics to a generation which will grow up in the age of robots," said Slaton. "Perhaps one of these youngsters may program the first mining exploration in outer space conducted by robots."

The festival is sponsored by the Computer Center and the Region 13 Teacher Education Computer Center (Riverside and San Bernardino County Schools).
Library Displays
Historical Signatures

A rare collection of 40 original letters and miscellaneous documents bearing the signatures of each signer of the U.S. Constitution are currently on display in the Library.

Familiar historical figures such as George Washington, Robert Morris, James Madison, Benjamin Franklin and Alexander Hamilton are represented in the exhibit. Annotations accompanying each piece clarify signatures and the states represented by signers of each document. The collection, provided by an anonymous donor, will be on display through Friday, May 10.

Therapist To Discuss
Coping With Divorce

Divorce and its effect on family members will be discussed by a well-known child therapist during a day-long seminar Friday, April 19 from 8 a.m. to 4:30 p.m. in the Recital Hall.

Richard A. Gardner, M.D., from Columbia University, a child psychiatrist and adult psychoanalyst, will speak on "Helping Families in Stress: Coping With Divorce." The seminar is designed for professionals and students in psychiatry, nursing, corrections, education, social work, psychology, and family counseling.

Dr. Gardner will speak on such topics as counseling parents and children of divorce, psychotherapy with children and adolescents of divorce, divorce and developmental psychopathology, joint custody and the parental alienation syndrome and social, legal and therapeutic changes that should lessen the divorce rate.

Sponsored by Psi Chi, the honorary society in psychology, the seminar is approved for continuing education credit. The fee for the seminar is $35. If credit is desired, an additional fee of $15.50 must be paid at the door. Registration is recommended by Monday, April 15 in the Psychology Department.

Earthquake Specialist
To Speak Tuesday

A world renowned earthquake specialist will speak on "San Bernardino's Earthquake Problem--Where Lies the Fault" Tuesday, April 16 from 8 to 9:30 p.m. in the Recital Hall.

As part of the newly-declared Earthquake Preparedness Week, April 15-20, Dr. Clarence Allen from the Seismological Laboratory at Cal Tech will discuss local hazards and factors determining the degree of damage from a major earthquake.

Members of the campus's Public Safety Department and Environmental Studies Program will present "Earthquake Preparedness--What You Can do to Prepare for an Earthquake," from noon to 2 p.m. Wednesday, April 17 in Student Union Rooms A and B. Slide/tape and video presentations will be given at half-hour intervals illustrating what victims should do before, during and after an earthquake. Informative brochures also will be available.

The California State University, San Bernardino BULLETIN is published by the Public Affairs Office, AD 117, Ext. 7558. Items for publication should be received in writing by noon Tuesday.

Health Fair To Provide Free Health Screenings

In addition to an impressive range of free health screenings, Health Fair Expo 1985 on Saturday, April 20 will incorporate a variety of other activities for the entire family. The event will be held from 10 a.m. to 5 p.m. in the gym.

Special events at the Health Fair Expo will range from an 88 year-old mountain climber, talking about her experiences, to an Army MASH unit and a rescue helicopter.

Hulda Crooks, a retired dietician, began her mountain climbing when she was 66 years old. She has climbed 86 Southern California peaks, including Mt. Whitney, at 14,494 feet, the tallest peak in the continental United States.

Senior citizens will be encouraged to come to the morning session of the Health Fair, said Joan McCandless, coordinator. They will be allowed to enter at 9 a.m. As an encouragement for families to attend in the afternoon, fingerprinting of children will be available from noon to 5 p.m. and free child care will be offered in the gym.

More than 100 personnel from the community and the campus will be involved in providing the impressive battery of free health checks. These screenings will include health history, blood pressure, anemia, oral and dental, vision and hearing, blood sugar analysis, coronary risk factor, medication profile, pulmonary function, scoliosis and an electrocardiogram.

"The best bargain of the day will be the 24-panel blood chemistry, the only test for which there is a charge," said McCandless. For a $10 fee, participants will be able to receive tests which normally cost about $100. A certified phlebotomist will draw the blood sample. The tests are analyzed by a commercial laboratory.

Presidential Forum To Be Wednesday

President Anthony Evans and Associated Students President Sheryl Hammer will meet with students to discuss current campus issues Wednesday, April 17 from noon to 1:15 p.m. in the Student Union Lounge. Faculty members are urged to encourage students to attend, said Clare Sharafinski (Activities).

An Assembly of Presidents will follow from 1:30 to 2:30 p.m. in the Lower Commons. Club presidents, Associated Student officers, the Committee for Clubs executive board, the Dean of Students and other administrators will discuss university goals, club priorities and will recommend ways to reach their goals.

Theatre Festival Tomorrow, Sunday

A rare opportunity to see a wide range of theatre for young people will be available on campus tomorrow and Sunday with the Theatre Festival for Young audiences.

The Department of Theatre Arts is hosting the event, which attracts audiences, participants and educators from considerable distances. Festivities will run from 11 a.m. to 6 p.m., Saturday and from 11 a.m. to 5 p.m., Sunday. Tickets, which may be purchased at the door, are $7.50 for the entire family, $3 for an adult or $2 for a child.

More than 20 theatre groups plus strolling musicians and entertainers are part of the festival. In addition to the performances in five theatres, a wide range of activities will be occurring on the lawns surrounding the Creative Arts Building. All performances are included in the single ticket price.
Howard L. Wilkinson, director of corporate affairs for California Steel Industries, the new owner of the Kaiser plant in Fontana, will discuss the present development and future plans of California Steel at a meeting of the university's Board of Councillors Thursday, April 18. The talk, at 3 p.m. in the Lower Commons, is open to the public.

Wilkinson became a part of the California steel industry in 1983, when he was named president of Rich Steel Co., a Los Angeles processing and distributing company, and president of Cal Chrome, Inc., of Long Beach, a steel wheel manufacturer. With the formation of California Steel Industries and its acquisition of the Fontana mill assets of Kaiser Steel, he became director of corporate affairs with a special interest in legislative and administrative actions involving the steel industry.

Faculty and staff are needed to participate in the March of Dimes WalkAmerica Sunday, April 28 beginning and ending on campus. Several campus clubs are expected to participate in the 32 kilometer walk.

Funds raised in WalkAmerica will be used to combat birth defects and improve maternal and newborn health, providing local programs of research, education, medical and community services. Those wishing to participate should contact Clare Sharafinski (Activities), Ext. 7407.

Campus members willing to volunteer as judges for the Robot Olympics, part of the ME Festival April 26, should contact David Neighbours (Computer Center), Ext. 7293.

Judging will be similar to science fair competitions, but experience in such events is not required, said Neighbours. Judges are requested to sign-up for a 90-minute period between 10 a.m. and 3 p.m.

Approximately 50 professionals will provide career information at the annual Career Opportunities Fair, Thursday, April 18 from 10 a.m. to 2 p.m. in the SUMP.

Sponsored by the Career Planning and Placement Center, the Fair will bring representatives from government agencies and private industries to campus to answer questions regarding career opportunities within their professions. Faculty and staff are invited to attend.

In last week's Bulletin, it was reported that the Pep Club was selling Coyote Bandanas for $4.50. The correct price is $3. The bandanas are available in the Bookstore or PE 113.
Faculty, Students Invited
To Give Thoughts On '495' Test

The Committee on General Education will discuss proposals for the test to be given for the "495" writing proficiency course at its meeting at 12 noon, Wednesday, April 17 in PL 241. Faculty or students interested in the manner in which tests are developed and administered for this required course are invited to the meeting, said Dr. Andy Bhatia, chair. The course is now offered in 27 sections in each of the five schools. Efforts are made to have a common thread of instructions and competence level throughout all sections. The question of how the test is to be administered is still being debated by the committee.

Education Chapter Sponsors
Membership Meeting/Reception

Dr. Robert West, professor emeritus, will speak on "The Law and You" at a reception/meeting for students with a credential or master's degree in education, Thursday, April 18. Sponsored by the Education Chapter, the reception will be held in the Lower Commons from 5 to 7 p.m. Alumni, students, faculty and staff are invited to attend. Reservations are requested by Tuesday, April 16, Ext. 7811.

Recruiting Hispanics
To Be Discussed Thursday

Frank Rodriguez, director of Lulac, the International Education Center in Los Angeles, will speak on "Recruiting Hispanics for the Corporate World" Thursday, April 18. Sponsored by the Career Planning and Placement Center, the discussion and slide presentation will be held in Student Union Rooms A and B from noon to 1 p.m.

Department Teams Sought
For Spring College Bowl

Dr. Carl Wagoner (Criminal Justice) is seeking interested faculty and staff to participate on department teams for the spring College Bowl Tournament Tuesday, April 16. Faculty members also are encouraged to get together interested students to compete in the bowl, said Joanna Roche (Special Events). Preliminary matches are held at 2 and 4 p.m. with finals from 8 to 10 p.m. in the SUMP.

In the College Bowl, two 4-member teams are pitted against each other in answering questions on various subjects. The Marketing Association were the winners of the first tournament, held in February, with the Math Department coming in a close second. Faculty and staff wishing to participate should contact Dr. Wagoner, Ext. 7279.

Participants Sought
In Simulated Exercise

The Services to Students With Disabilities Office is seeking faculty, staff and students to participate in a simulated "disability" exercise Thursday, April 18. As a part of Handicapped Awareness Day, participants will travel the campus in wheelchairs or wearing blindfolds, experiencing the problems and challenges of the disabled, said JoAnn Hartzog (Services to Students with Disabilities). Faculty, staff and students wishing to participate should contact Hartzog, Ext. 7662.
Dr. Ronald E. Barnes (Theatre Arts) chaired a keynote session featuring Paul Minicucci, executive secretary to the Joint Legislative Committee of the Arts, at a California Educational Theatre Association conference March 29-31 in Palm Springs. He also chaired the closing panel discussion, "Collating Issues and Answers in Theatre Education."

Dr. Frances Berdan (Anthropology) has been elected vice president/president-elect of the Society for Economic Anthropology.

Dr. Ernest M. Bernal (Education) was a panelist in a session titled "Developing a National Network for Bilingual Gifted Education" at the March 14 meeting of the National Association for Bilingual Education in San Francisco. He also spoke on "Compensatory Education in an Era of Curricular Reform" at the second general session of the California Association of Compensatory Education in Santa Clara March 23.

A paper by Dr. Richard J. Botting (Computer Science), "Software Engineering Requires An Eclectic Approach," has been accepted for presentation at the Third International Workshop on Software Specification and Design to be held in London this summer.

A book review by David Bourquin (Library) of Conrad Hyers' 'The Meaning of Creation' has been published in the March 15, 1985 issue of the Library Journal.

Dr. Louise Burton (Education) spoke to teachers in the Riverside Unified School District March 13 on "Behavior Management Techniques That Work With Severely Handicapped Students."

Dr. Frances Coles (Criminal Justice) presented a paper titled "Incarceration Attitudes for Adults," at the Academy of Criminal Justice Sciences in Las Vegas March 31.

An article by Dr. Margaret Doane (English), "Bishop Latour and Professor St. Peter: Cather's Esthetic Intellectuals," was published in the spring issue of The Arizona Quarterly.

Dr. Ernest Garcia (Education) spoke on the education of Hispanics, drop-outs and underrepresentation in higher education on the KNSE radio program, "Familia," April 3.

Dr. Theodore Gracyk (Philosophy) was chair and commentator of a session on "Paralles Between Moral and Aesthetic Judging" at the pacific division meetings of the American Society for Aesthetics in Monterey April 5.

Dr. Martha Kazlo (Counseling and Testing) spoke to the San Gorgonio Girl Scout Council on converting volunteer experience into job skills at the third annual Volunteer Conference in Colton March 30.

Dr. Jennifer Randisi (English) presented a paper titled "Muriel Spark's Mad Satirists" at the Northeast Modern Language Association meeting in Hartford, CT March 30.

Dr. Thomas Rivera (Educational Support Services) has been chosen as a Kellogg Fellow in the Educational Policy Fellowship Program by the Kellogg Foundation. As a Kellogg Fellow, Dr. Rivera will study national educational policies while attending bi-weekly conferences in Los Angeles. He will also attend a conference in Washington, D.C. and Austin, TX.

Dr. David Shichor (Criminal Justice) and Dr. John Heeren (Sociology) presented a paper, "State and Social Control in Socialist Societies" at the International Symposium on Social Control and Justice March 28 in Jerusalem.
Educators Here From 12 States

The National Retool Center of the National Council for Exceptional Children is sponsoring one of four national workshops on computer training on campus today through Sunday.

Educators from 12 states are here to learn more about the use of microcomputers in special education instruction and management, said Dr. Louise Burton (Education), who is a member of the national advisory committee for Project Retool.

Assisting the two officials from the national council in presenting the training will be Dr. Katharine Busch, Dr. Renate Nummela and Dr. Burton (Education), David Neighbours (Computer Center) and Tom Wojciehowski from the Special Education Resource Network in Riverside.

Drs. Burton and Nummela and Wojciehowski were one of nine teams from throughout the country chosen by the national council for special training in consultative skills in Washington, D.C. in January.
