Summer Programs Keep The Campus Bustling

The Commons may seem extra lively at lunchtime this summer due in part to those who are attending special programs.

Last week, 14 area high school students participated in the university's first summer debate and speech institute, which was organized by the Communication Department. The program was led by Dwight Podgurski, a part-time instructor who will be the university's debate coach next year. Students received specialized instruction in individual events and Lincoln-Douglas debate, based on their choice, in preparation for interscholastic competition.

This week, 45 first-time freshmen unpacked their bags in the dorms for a five-week residential program, designed to ease the transition to college life and provide the students with some academic preparation. The new summer transition and enrichment program (STEP) is under the direction of Walter Hawkins, (EOP).

On Saturday, July 27, about 75 transfer students are expected for a one-day orientation session designed to give them an overview of student services and a chance to meet with staff, faculty and students. Joanna Roche (Orientation and Special Events) said Dr. Paul Esposito (Career Planning and Placement) will speak on careers, and Dr. Diane Halpern (Academic Programs) will address general education issues and provide registration information. Faculty advisors will include: Dr. Russell Barber (Anthropology), Janet Kottke (Psychology), Dr. Robert Lee (English), Dr. Elinore Partridge (English) and Dr. Ronald Pendleton (Education). A concurrent parent orientation meeting will be headed by Doyle Stansel (Student Life), Dr. Ward Mc Afee (Academic Affairs) and George Martinez (Community Affairs).

On Monday, July 29, the preparatory enrichment program (PEP) for all first-time freshmen and transfer students will gear up, under the direction of Dianna Pelletier (Learning Center). Based on telephone response so far, a good turn-out is expected for the 10-day program of seminars on study skills, writing awareness and term paper writing.

In addition, some 55 Upward Bound high school students are enjoying four weeks of residential college life under the program directed by Denise Benton. They recently competed in a scholastic summer games program.

SAIL Receives Renewed Grant

The Student Assistance in Learning Program has received $136,514 from the Department of Education, enabling the program to continue to provide academic assistance to disadvantaged students. The grant represents a 4½% cost-of-living increase over last year, and it is the second installment in a three-year funding cycle.

SAIL has been in effect since 1980 as part of the university's Educational Support Services. Designed to help low-income, physically handicapped and/or first generation college students, SAIL offers intensive assistance to students in study skills, reading, writing, basic arithmetic and academic counseling.

Jean Peacock, the program coordinator, said SAIL currently serves approximately 300 students, but nearly 800 have taken advantage of the program at some time during the past five years.
Trustees Approve Increases
Lottery Funds Allocations

Salary increases for employees outside bargaining units and allocation of future lottery monies were approved by the CSU Board of Trustees July 10.

A salary and fringe benefit increase of approximately 7.5 percent for management, supervisory, confidential and other employees not covered by collective bargaining agreements was approved to start July 1. Increases for all union employees are included as part of each negotiated contract and will be implemented when these contracts are ratified by the unions and the board.

The trustees authorized the chancellor to spend lottery funds according to the following program totals which were included in the 1985-86 amended budget request:

- Instructional equipment replacement: $7,000,000
- Master teacher stipends: 675,000
- Master teacher scholarships: 504,000
- Instructional EDP work stations: 110,000
- Instructionally related computing: 4,037,000
- Experimental clinical supervision programs: 810,000
- Total: $13,136,000

Other actions by the trustees include:
- Heard a four-hour presentation from faculty, staff, students, alumni and trustees on topics for consideration as priority items at future meetings;
- Resolved to oppose AB 1720 (Houser) which relates to editorial positions and opinions expressed in student publications;
- Placed in abeyance the increase in parking fees for those employees represented by unions. This will permit a meet and confer process to be undertaken with the bargaining units requesting such a process. At the conclusion of the process, the chancellor is authorized to take necessary actions to implement the appropriate parking fee schedule;
- Approved plans for construction at other campuses; approved architects;

Chancellor Calls Budget 'Encouraging'

Chancellor W. Ann Reynolds said the $1.2 billion budget signed by Gov. Deukmejian is "most encouraging." The 1985-86 budget provides $1,283,576,000 for support and compensation increase which represents a 11.4 percent gain over the current year. The capital outlay budget for buildings and facilities totals $60,831,000, including $2.1 million for the new faculty office building at San Bernardino.

"Significantly, the budget precludes an increase in CSU student fees as well as the elimination of a post-baccalaureate fee that had been in place the last two years," Dr. Reynolds said. "Compensation of all employees would improve an average 7.5 percent. Additional salary increases for faculty, bringing their total increase to 10.5 percent, would occur in the last half of the 1985-86 fiscal year. This final budget is a positive response to our urgent request for much-needed and deserved improvements for our faculty and support staff."

PAY DAY IS TUESDAY, JULY 30
Lalo Guerrero To Appear in Free Summer Concert

Singer, songwriter and guitarist, Lalo Guerrero will perform in a free summer concert sponsored by the university Thursday, Aug. 8 at 7 p.m. in the Lower Commons patio area. It is open to the public.

Guerrero is best known for his compositions featured in the musical play, "Zoot Suit," which was later made into a movie. Many of his compositions are popular with Spanish-speaking people and one, "La Cancion Mexicana," has become a Mexican standard.

His recording career began in 1948 with Imperial Records in Hollywood, singing romantic ballads (boleros). He organized his own orchestra and toured throughout the southwest and northern Mexico for many years. Over his long and successful career, Guerrero has written love ballads, ranchera music, comical novelty songs, serious corridos (ballads of heroes and inspirational leaders), protest songs and tropical music, which is known as "Salsa" today. He is still writing and recording his "Tres Ardillitas" (Three Little Squirrels) songs, which delight children. Guerrero performs regularly in Palm Springs.

Stephen Menzel, Jr. Named Employee Relations Specialist

Stephen Menzel, Jr., is the new employee relations specialist, replacing Wendy Pederson, who resigned June 30 to become affirmative action officer at Humboldt State University. Menzel arrived July 22.

A 1965 graduate of Penn State University with a B.S. in business administration, Menzel has been with U.S. Steel for the past 18 years. He has worked in a variety of capacities in personnel, including superintendent of employee relations.

He relocated to southern California from Birmingham, Ala., about three months ago. He and his wife, Suzanne, have a boy, 10, and a girl, 9. They are temporarily living in Marina del Rey.

Upward Bound Fundraisers Set

The Upward Bound students will sponsor two fundraising events to provide scholarship money for graduating seniors.

Denise Benton, director of Upward Bound, said the students will hold a talent show on Monday, Aug. 5 from 7:30 p.m. - 10 p.m. in PS-10. Students will perform skits, poetry and sing. The public is invited to attend. Admission will be 50 cents.

On Wednesday, Aug. 7, the students will stage a luau from 6 p.m. to midnight in the gymnasium swimming pool area. The party is open to the public and will feature music, dancing and swimming. Some refreshments will be served. Admission is $2.50.

Cal State Disabled Students Featured In State Newsletter

Four Cal State students are profiled in the current issue of the California Association of Post Secondary Educators of the Disabled newsletter, Communique.

They are: Pat LaFrance, a graduate student who is blind; Leonard Graves, a senior who is a quadraplegic; Lee Cardon, a junior who is a single amputee; and Monica Braun, a junior who is a paraplegic. The four articles, written by staff members in the Services to Students with Disabilities Office, appear in a two-page salute to students who see themselves as inconvenienced rather than completely blocked from life's activities.
Health Plan Premium Changes Announced

Changes in health insurance premium rates, which become effective Aug. 1, will be reflected on the July 30 paycheck.

The state's contribution rate for the new period Aug. 1, 1985-July 31, 1986 will be as follows: employee only, $85 (from $86 last year); employee and one dependent, $158 (from $167); and employee and two or more dependents, $211 (from $209).

Details on changes in benefits will be explained in new health plan booklets which will be mailed to all enrolled members by the health insurance carriers.

Upward Bound Students Garner 44 Medals

Forty-eight Upward Bound high school students participated in the 1985 scholastic summer games held at East Los Angeles Community College July 19-20. Out of a possible 99 medals, the Cal State representatives garnered 44, including 10 first place, two second place and 32 third place. The contests are academic and athletic.
Noteworthy  Dr. Nathan Kravetz (Education, emeritus) spent two weeks in the Middle East in June on a study mission sponsored by the American Professors for Peace in the Middle East. Eleven faculty from 10 universities participated in this study mission, the 24th sponsored by the APPME.

Frank Slaton (Computer Center) will discuss the Cal State Robot Olympics at the World Conference on Computers July 29-Aug. 2 in Norfolk, VA. The conference will cover all areas of education in which computers have been utilized.

Congratulations The university community extends congratulations to Samuel Kushner (Sponsored Programs) on his marriage to Kathleen Marie Fischer July 6 in Upland. The couple is living in San Bernardino.

Sympathy The University extends deepest sympathy to Mary Smith (Records) on the death of her father, Harry Hanson, July 14 in El Centro. Services were held July 17.
