School Of Business

Dean Appointed

Dr. David Porter, director of the Idaho Department of Commerce, has been tapped as dean of the School of Business and Public Administration, said Dr. Robert Detweiler, vice president for academic affairs.

Commenting on Dr. Porter's credentials, Dr. Detweiler said, "He has extraordinary experience in both academia and nonacademic administration."

Dr. Porter has been responsible for economic development, travel promotion and development and community development for the State of Idaho for the past three years. Prior to that he was campaign manager for Congressman Richard Stallings in 1982. His teaching experience includes the University of Texas, Austin; LBJ School of Public Affairs; George Washington; UC Riverside (from 1970-77) and Wayne State. He has served as a consultant and researcher for a variety of private, governmental and educational institutions.

He holds a B.S. in political science and journalism and a master's degree in political science and economics from the University of Utah. He earned his Ph.D. in political science from Syracuse University.

Remarking on his appointment, which is effective Aug. 1, he said, "I am excited to become the dean of a School of Business and Public Administration at an institution which is attempting to look at areas where it can work with the public sector, such as in the promotion of tourism and exporting. I am committed to looking for ways to best exploit that feature."

Dr. Porter and his wife, Linda, plan a trip to the area early in July. With a master's degree in social work and an active practice in Boise, she will be looking for career opportunities here. The Porters have five children, three of whom still live at home.

Dr. Pierce To Continue As Social Sciences Dean

Dr. Tom Pierce will continue as acting dean of the School of Social and Behavioral Sciences, while the search for a permanent dean is continued in the fall.

No appointment will be made from the search which was conducted this spring, said President Evans, who concurred with the recommendation from Vice President Robert Detweiler. Pierce was not a candidate for a permanent appointment.

"Dr. Pierce has shown the ability to move the school forward and I feel confident that he will continue to do so in the coming year," Dr. Evans said.
