STOP

New Sign Installed

Traffic coming onto campus on University Parkway now must stop for a four-way stop at the intersection of University and Northpark Boulevard.

The new sign, halting the inbound traffic, was installed Tuesday by City of San Bernardino crews.

Prior to this time, a stop was required for traffic leaving the campus and for vehicles going both directions on Northpark Boulevard.

The new sign was authorized by the San Bernardino City Council after the Mayor’s Traffic Safety Advisory Committee concurred with a staff report, said Roger Hardgrave, director of public works and the city engineer.

“We had anticipated there would be a need in the future, although the intersection is not that big of a problem now,” he said. The state (university) offered $50,000 toward the cost of the installation and the balance of the approximately $120,000 cost will be paid by federal aid urban funds.

The need for a stop sign or signals is determined by traffic flow or correctable accidents, explained Rafat Raie, assistant traffic engineer for the city. The traffic count at the University-Northpark intersection (based on a 24-hour period) has risen from 11,200 cars on University and 3800 cars on Northpark in 1986 to 14,000 cars on University and 8200 on Northpark last September. The traffic or the intersecting streets must be nearly balanced to justify signals. There also have been several accidents at the intersection.

The city borrowed flashing warning lights from the county and painted “stop ahead” on the pavement to alert drivers to the change awaiting them.

The stop sign actually is an interim measure as traffic signals will be installed in six to nine months, Hardgrave said.

“University drivers who are accustomed to proceeding directly onto campus are urged to heed the new stop sign,” said William Shum (Facilities Planner). He also suggested drivers crossing University on Northpark watch very carefully to make certain that the incoming motorists are aware of—or remember—the new sign.

The city has employed several measures to slow traffic on University Parkway. A 45-mile speed limit has been posted from the I-215 freeway to the campus.

Chancellor to Visit April 15

Chancellor W. Ann Reynolds will visit the university Friday, April 15 to meet with the campus community and civic leaders.

Dr. Reynolds will meet for luncheon with Chamber of Commerce and business leaders and elected officials.

The entire campus community is invited to an open meeting with the chancellor from 1:30 to 2:30 p.m., in the Eucalyptus Room of the Commons, said Executive Dean Judith M. Rymer. People may attend for all or part of the hour, as their schedule allows.

As chancellor of the California State University, Dr. Reynolds provides leadership for the largest system of public higher education in the country. A biologist by profession, she came to the CSU in 1982 from The Ohio State University, where she was provost.

Chancellor Reynolds regularly visits the 19 CSU campuses. She has been to the San Bernardino campus about a half dozen times.

Health Fair Hosted By Campus

Many medical and health groups and more than 40 exhibitors will be involved as the university hosts Health Fair Expo ’88 on Saturday, April 16.

The health fair, one of many being held throughout southern California that day, is the only expo in San Bernardino County, said Sandra Boyd-Flanagan, publicity coordinator and a member of the coordinating committee.

Free health assessments, screenings and educational displays will be available from 10 a.m. to 5 p.m. in the Gymnasium, the Student Health Center and the Lower Commons.

continued on next page
Volunteers, including medical personnel from the Health Center, and faculty and students from the Department of Nursing will assist with the various procedures. Faculty and students from the Department of Health Science and Human Ecology initiated the Health Fair Expo on campus and are coordinating the day.

A special emphasis will be placed on women’s health issues in the activities scheduled for the Health Center. Free screenings for breast masses will include ultrasound, mammograms and light scans. Participants will include Al-Anon, family support group; Project Sister, rape; Alternatives to Domestic Violence; the American Cancer Society, breast health; and the Women’s Diagnostic Center.

Dr. Michael Weiss (Psychology) will talk on parenting skills during the morning. Information will be available on child abuse prevention and intervention.

Neal Farber, pharmacist in the Health Center, will present a medication profile review and computerized nutrition assessments will be available.

The free health screenings will include pulmonary function, blood pressure, height and weight, podiatry services, skin-fold testing for body fat, scoliosis screening, computerized nutrition assessment.

For a charge of $15, an optional 32-item blood chemistry panel will be available. The results of the testing are mailed to the participant’s home.

In addition, law enforcement officers will give presentations designed to keep youngsters off drugs. McGruff, the crime prevention dog, Smokey the Bear and Hazman (the hazardous household substance disposal man) are expected.

Sororities and fraternities will have food concessions for the volunteers and visitors. Clubs and other student organizations will have informational displays.

A continuous film festival will address topics such as earthquake safety, nutrition, AIDS and other health issues.

Child care will be available throughout the day, in the Gymnasium. Coloring activities and fire trucks to explore also will be on hand for the youngsters. The Health Fair also will be equipped to provide height and weight screening for children three years and older.

Campus trams will be available to take participants from the Gymnasium to the Health Center and the parking lots. Bilingual personnel and certified medical interpreters for the deaf will be on hand to assist.

The Health Fair Expo is sponsored throughout southern California by KNBC, the Red Cross, the Hospital Council of Southern California and Chevron, USA. The San Bernardino County Sun also is co-sponsoring the campus expo.

Members of the campus coordinating committee include Dr. Sandra Cross (Health Science and Human Ecology), faculty coordinator; Dr. Jill Rocha (Health Center) and Charlene Neighbors (student), women’s health issues; Katherine Christenson, student coordinator; LaVeda Drvol (Red Cross), site coordinator; and Dr. Geraldine Stahly (Psychology), Rafael Santes, Terri Grossi, Debra Taramasco-Waters (students); and Ms. Boyd-Flanagan.

Easter Bunny Visits Campus Egg Hunt

Children of all ages are invited to the 5th annual egg hunt and spring carnival from 10 a.m. to 1 p.m., tomorrow, Saturday, April 2, announced Pamela Dortch, director of the Children’s Center.

A life-size bunny will visit the event, which is sponsored by the Children’s Center and the Cal State Intramural Program.

The only requirement to participate in the hunt is to have a basket in which to put the eggs, said Ms. Dortch.

After the hunt at 10:15 a.m., the youngsters will be entertained with games, prizes, candy and refreshments.

The Children’s Center Advisory Board also will sponsor a baked goods sale, with proceeds going to the center.

Theatre Festival Draws 225

More than 225 teachers and students from nine high schools participated in the 18th annual High School Theatre Festival March 18.

Students from five high schools--Aquinas, Cajon, Eisenhower, Loma Linda Academy and Perris--presented scenes which were critiqued by a panel of theatre professionals. Also attending were students from Apple Valley, Colton, Hesperia and Palm Springs Highs.

The young thespians also participated in 10 workshops in acting and technical theatre.

Dr. Amanda Sue Rudisill organized the festival, which was sponsored by the Theatre Arts Department. Other faculty participating included Gail Mangham and Margaret Perry.
Trustee Actions

The CSU Board of Trustees at its March 9 meeting modified the new admissions requirements which were to become effective in the fall of 1988.

In developing a new phase-in schedule, the trustees dropped the GPA requirement for admission without taking ACT or SAT test (from above 3.1 to 3.0) and decreased the eligibility index from 2994 to 2800. They also dropped one of the English and one of the math requirements for fall 1988. Freshmen entering in 1988 still can be conditionally admitted if they have completed 10 of the 15 course requirements and have the necessary grades and test scores.

The trustees adjusted the eligibility index to maintain the mandated upper one-third standard. The CSU system must admit the upper one-third of high school graduates under the California master plan for higher education.

In other actions, the board:

* Named faculty members from Cal Poly, San Luis Obispo and Cal State, Bakersfield as this year’s outstanding professors. Selected for the honor and the $2000 award were Dr. Kenneth A. Hoffman, professor of physics at Cal Poly, and Dr. Jacquelyn A. Kegley, philosophy professor at Bakersfield. Outstanding professors from 13 other campuses, including Dr. Lynda Warren (Psychology) from San Bernardino, will receive $500 awards. All will be honored at a dinner at the State University House in Los Angeles in May.

* Selected a 550-acre, permanent site near Ventura for the CSU Northridge-Ventura Campus. Once the site is acquired about four years of planning and construction will be required before classes can be taught there. Interim locations will be used until the new plant is available.

* Voted unanimously to support the Higher Education Facilities General Obligation Bond Act of 1988 because of "its great importance to the future development of the system."

* Adopted a $31.3 million budget for the lottery revenue for 1988-89, with proposed guidelines for spending the money and reporting to the board.

Debater Qualifies For National

Val Limar, a theatre arts major and forensics student, has qualified for the National Forensics Tournament April 8-11 at Bradley University in Illinois.

"To qualify she has taken first, second or third in the six tournaments in which the university's forensics team has participated," explained Dr. Belle A. Edson (Communication). "These tournaments attract up to 45 universities and have been as large as 450 participants. It is quite an honor to qualify for the national tournament."

Val has qualified for three events, prose interpretation, poetry interpretation and drama interpretation.

Summer Term Bulletin Here

The free summer session bulletin, listing university courses to be offered this summer, is now available at the Office of Extended Education, LC 500.

Five sessions are scheduled for the summer, between June 22 and Sept. 12. They range from three to 10 weeks. Several courses will be offered at the Coachella Valley Center.

Hosts Needed

The American Culture and Language Program, located in Extended Education, needs host families for Japanese students for three weeks this summer, July 10 to Aug. 3.

The students, from Yasuda Women's University and Trident College in Japan, will mostly be women, 18-21 years old. While here, they will be enrolled in an intensive English program requiring classroom instruction five days a week, 9 a.m. to 4:30 p.m.

The host families will provide transportation to the campus, three meals a day and lodging, for which they will be compensated by the ACLP students. The students should be included in family activities on the weekends. Further information is available from the ACLP, Ext. 7666.

Research Paper

A graduate student in the National Security Studies program, Capt. Philip Propper from George AFB, has an article accepted for publication in the Marine Corps Gazette.

His research paper, prepared for a graduate seminar, is titled "The Return of the Battleship," said Dr. Richard Ackley, program coordinator.
Congratulations

to Laurel Aikin (Academic Resources) and Erich Lilienthal on their marriage Saturday, March 26 in their home in Chino Hills.

to Monica Salembier (Grounds Maintenance) and her husband, Alex, on the birth of their first child, a son, Scott, March 6. The baby weighed 8 pounds, 2 ounces.

Community Service

Dr. Ronald E. Barnes (Theatre Arts) concluded his two-year term as president of the California Educational Theatre Association during the March 18-20 conference in Culver City. He also has been meeting with members of the California Alliance for Arts Education and the State Department of Education preparing position papers designed to enhance the implementation of the visual and performing arts framework in public education, K-12.

Dr. Stephen Bowles (Education) spoke to the hospice volunteer training class at St. Bernardine’s Medical Center March 15 on “Dying: A Family Affair.”

Dr. Derk Bruins (National Security Studies) spoke on “The Constitutional Dilemmas of Foreign Policy” to a class in American government at Riverside City College March 22. He also discussed “U.S. National Security in the ’80s” for the Rialto Kiwanis Club March 29.

Dr. Darlene Gamboa (Biology) gave an update on AIDS at the Yucaipa School District’s in-service training session March 25.

Dr. Juan C. Gonzalez (President’s Office) presented a paper, “The Use of Consortiums for Improving Access: California Student Opportunity and Access Program,” at the American Association for Higher Education national conference March 9-12 in Washington, D.C.

High school students from Barstow, Silver Valley and Hesperia were given a laboratory experience in the Department of Biology Feb. 17 by Cynthia Greyraven, a graduate teaching assistant.

Dr. Janice Layton (Nursing) presented a one-day workshop, “The Development and Use of Teacher-Made Tests,” to nursing educators from San Bernardino and Riverside Counties at San Bernardino Valley College March 11.

Dr. Janice Loutzenhiser (Management) gave a presentation on “Joint Custody” at the March 19 conference “Beyond Superwoman--Women Managing Change in the ’80s” sponsored by the Women’s Center--High Desert in Ridgecrest.

Dr. Theodore McDowell (Geography) spoke to the Rialto Kiwanis Club March 22 on “Earthquake Awareness: San Bernardino’s Faults.”

Dr. Sarojam Mankau (Biology) spoke to administrators and science teachers at Sherman Indian High School Feb. 25 about the biology program at the university and made arrangements for the class to visit the Biology Department.

Dr. Cynthia Paxton (Health Science and Human Ecology) spoke to Phi Delta Kappa March 21 about “AIDS: What Our Kids Need to Know.”

Dr. David Porter (Business and Public Administration) spoke at the March 17 dinner meeting of the Citrus Belt Chapter of the California Institute of Certified Public Accountants on “The Economic, Business and Commercial Changes in the Inland Empire.”

Dr. Judith M. Rymer (University Relations) gave two presentations on “Women Supporting Women” at the conference “Beyond Superwoman--Women Managing Change in the ’80s” March 19 in Ridgecrest.

Dr. Robert Senour (Audiovisual Services) spoke to the Rialto Lions Club March 28 on “Individualized In-home Retrieval Systems.”

Dr. Karen Schepp (Nursing) spoke to 11th- and 12th-grade psychology students at Redlands High School March 29 on “Adolescent Suicides.”

Dr. Alexander Sokoloff (Biology) judged a Science Fair at the Precious Blood School in Banning March 14 and another at the Roosevelt School in San Bernardino March 18.

Professor George Weiny (Physical Education) spoke at the awards banquet for the San Bernardino YMCA boys and girls swim teams March 27.

Dr. Michael Weiss (Psychology) spoke to 11th- and 12th-grade psychology students at Redlands High School March 28 on “Counseling Children and their Parents.”
Personnel

New to the University

Full-time, permanent

James O'Llinger
Data Entry Operator A
Financial Aid
Ext. 7741, SS 143

Part-time, temporary to June 30, 1988

Claudia Franks
Clerical Assistant IIA
Dean of Students
Ext. 7524, SS 114

Allison L. Jaffe-Karp
Student Services Professional IB
Counseling and Testing Center
Ext. 7437, PS 227

Shelley L. Pope
Student Services Professional IB
Counseling and Testing Center
Ext. 7437, PS 227

Weldon Sutton
Programmer Trainee A
Computer Center
Ext. 7293, PL 49

Change in Position

Full-time, permanent

Karen Eastman
Administrative Operations Analyst IA
School of Humanities
Ext. 7441, PL 238

Correction

Full-time, temporary to June 30, 1988

Harriet Gibson
Student Services Professional IA
Admissions
Ext. 7313, SS 100

Employment Opportunities

Applications will be accepted until 2 p.m. on the dates listed. Current information on employment opportunities is available through a 24-hour hotline at Ext. 7752, which is updated at 2 p.m., Fridays.

Children's Center: Afternoon Child Care Teacher-$7.04-$8.26/hr.; part-time (20-25 hrs./wk.) from April 18, 1988 to June 17, 1988. Apply by April 8. (not a state position)

Physical Plant: Clerical Assistant IIIA or IIIB-$1607-$1902/mo. and 1634-$1935/mo., respectively; full-time, permanent. Apply by April 8.

April Events

7 Thursday
Art Exhibit, Senior Thesis Show, Art Gallery, 9 a.m.-4 p.m., Monday-Friday. Reception 5-7 p.m., April 7. Free. Through April 22.

11 Monday
Lecture, "U.S.-Philippine Relations," by Leovigildo Anolin, consul general of the Republic of the Philippines, noon, Sycamore Room, Commons. $6 or bring your lunch.

11 Monday
Art Exhibit, Student Show by Terry German, Gallery II, Visual Arts Building. Reception noon to 2 p.m., April 11. Free. Through April 22.

12 Tuesday
Lecture, "The American Presidency--A Roundtable," by Chancellor Jack R. Peltason, UC Irvine; President Michael Riccardis, St. John's University; Lawrence Berman, director, Institute of Government Affairs, UC Davis, 7:45 p.m., Sycamore Room, Commons. Free.

13 Wednesday
Lecture and slide presentation, Dr. Lewis Balz, visiting professor of art, 4-5 p.m., VA 110. Reception, 5-6 p.m. Free.

14 Thursday
Lecture on biochemical engineering by Dr. Sjrdan Novae, University of Zagreb, Yugoslavia, and visiting Fulbright scholar at Cal Tech, noon, Eucalyptus Room, Commons. Free.

15 Friday
Concert, The Haslop/Sanders Duo, Clayton Haslop, violin, and Jack Sanders, guitar. 8:15 p.m., Recital Hall. General admission $10, students with identification $7.

The California State University, San Bernardino BULLETIN is published by the Publications Office, AD 117, on the first and third Fridays of each month. Items for publication must be submitted in writing by the prior Friday.
