Ground-breaking Ceremony
Halls Construction Boom

The construction boom at Cal State will get its official start on Monday, May 21 as a special groundbreaking ceremony for the university's new classroom/student services/faculty office building is held from 11:45 a.m.-12:15 p.m. south of the Student Union Building.

In addition to key university representatives, CSU Trustee Ralph Pesqueira will be on hand to participate in the ceremony. Members of the campus community are invited to stop by the site during their lunch breaks.

As reported in recent issues of the Friday Bulletin, the $19.9 million project will accommodate nearly 2,500 students in 26 lecture halls and will house 14 laboratories for communication, journalism, radio/television, computer science and industrial technology classes.

During the last week of February, three general contractors submitted bids on the project. Since the lowest bid of $15,997,000 was 9.4 percent above the approved construction budget, campus officials submitted a budget augmentation request to the Board of Trustees.

Trustee Ralph R. Pesqueira Visits Campus

In an effort to become better acquainted with our campus, board of trustee member Ralph R. Pesqueira will make his first visit to Cal State, San Bernardino on Monday, May 21. Trustee Pesqueira will meet with administrators, faculty and student leaders throughout the day and will participate in a special groundbreaking ceremony for the new classroom/student services/faculty office building.

According to Dr. Judith Rymer, vice president for university relations, "Although this will be Trustee Pesqueira's first visit to our campus, he is quite well acquainted with the CSU having chaired the presidential selection committee for the San Marcos campus. He also has participated during the past year as a member of several important trustee committees including Educational Policy and Collective Bargaining.

"Trustee Pesqueira serves as vice chair of the board of trustee's committee on Campus Planning, Building and Grounds, so it is especially appropriate that he will participate in the groundbreaking ceremony for our new building."

A partial schedule of Trustee Pesqueira's visit is as follows:

11 a.m. Meet with school deans, associate vice presidents and senior executives. AD-102.

11:45 a.m. Groundbreaking ceremony for classroom/student services/faculty office building. Building site is located south of the Student Union Building.

1:15 p.m. Open forum with faculty and administrators. Sycamore Room, Lower Commons.

2 p.m. Open forum with student leaders. Sycamore Room, Lower Commons.

Public Forum Addresses Malathion Spraying

The League of Women Voters and Cal State's Biology Department will host a public forum to address the current issue of malathion spraying from 7:30-10 p.m. Thursday, May 24, in the Upper Commons.

Forum panelists will include Dr. Jorge Mancillas, human physiologist, UCLA School of Medicine; Dr. Peter Kurtz, senior medical coordinator, California Department of Food and Agriculture; Joanne Wasbauer, entomologist, California Department of Food and Agriculture; and Dr. David Polcyn, assistant professor of biology and insect ecologist here at Cal State. The forum will be moderated by Gloria Anderson, natural resources director, League of Women Voters of San Bernardino.

According to Jennifer McMullen (Business & Public Administration), who serves as president of the League of Women Voters of San Bernardino, "The forum is being presented to give a panel of experts the opportunity for an exciting and challenging discussion of this issue. We believe that facilitation of this discussion is an..."
**Spraying...Continued from page 1**

effective way for the League to educate and involve our citizenry.

"It will provide the public an opportunity to share their concerns and enable them to make informed decisions and take appropriate action as individuals. The League is concerned with public health and the environment. Although we do not have a position on malathion spraying, we have studied pollution prevention, and this is an issue of great concern. We hope this forum will shed some light on a very controversial subject."

---

**Groundbreaking...Continued from page 1**

state’s Public Works Board. The request was approved unanimously on March 30 and work on the contract began.

"This is the beginning of a major construction phase for our campus," says Leonard Farwell, vice president for administration and finance. "This will be the first permanent classroom building on our campus since the Creative Arts Building in the late '70s and the first permanent building since construction of the Faculty Office Building."

Program sponsors encourage all interested individuals to attend. "We hope that the public will be interested enough to attend the forum so that they can be better informed about the alternatives," says Dr. Alexander Sokoloff, chair of the Biology Department. He adds, "In my opinion, the release of sterile male flies is more effective than the spraying that is being conducted. The release of sterile males into the environment will control the medfly more effectively without harming the hundreds of species who co-inhabit the same environment."

**"Tartuffe" Concludes Theatre Season**

That classic comedy with a contemporary ring, "Tartuffe," opens Friday, June 1, winding up the university’s 1989/90 theatre season.

Set in Paris in the 17th century and written by the French playwright Moliere, the story is of Tartuffe, a man whose religious ostentations suggest that he is as proud of his humility as he is confident in his charms.

"It’s not an anti-religious play," says the show’s director, Dr. Ron Barnes, professor of theatre arts. Rather, he adds, the play is "about people who take principles and manipulate those principles to their own advantage."

Mesmerized by Tartuffe’s amazing piety, Orgon, played by theatre arts student Jim Skousen, insists in one scene that Tartuffe accept the deed to his home. After manufacturing a few objections, Tartuffe complies and then "generously" promises to give half of the financial returns to the poor. "The play does have a contemporary theme," says Skousen, who holds a bachelor’s degree in philosophy from the university and will begin work on his master’s in fine arts this fall at Cal State, Fullerton.

"There’s some sense to what he (Tartuffe) preaches," says Matt Webster, a theatre arts major who plays the lead role. "But it all comes down to intentions," adds Webster, now in his senior year. "It’s not Tartuffe’s ‘show’ that’s the piety, it’s the real, quiet reflection, someone who really gives until it hurts."

Moliere himself led a less than saintly life, says Barnes. He married the younger sister of a women who helped him form an acting troupe and lived for years as his mistress. Moliere, who wrote many successful comedies, always had dreamed of becoming a great writer of tragedies. He wrote only one, however. It failed miserably.

Performances of "Tartuffe" will be held June 1, 2 and 6-9 at 8:15 p.m., and a June 10 Sunday matinee is scheduled for 2 p.m. All performances will be held in the University Theatre located in the Creative Arts Building. General admission is $6 for adults and $3 for students with I.D. and senior citizens. Tickets may be purchased from the Theatre Arts Box Office located in CA-154.
Campus Police Increase Efforts to Fight Auto Crimes

Due to a recent increase of auto crimes on campus, university police are fighting back with increased visibility tactics in an attempt to deter perpetrators, reports Ed Harrison, chief of police operations. Between January and April of this year, 11 cars have been stolen from campus lots and 38 vehicles have been burglarized. During the entire calendar year of 1989, our campus was the victim of 12 auto thefts and 42 auto burglaries.

Most of the thefts are occurring in the lots near the Physical Education Building, the dormitories and near the Commons, notes Harrison. Since May 10, an additional public safety officer has joined the campus police force and currently two officers are patrolling the lots between 8 a.m.-5 p.m. One officer is on duty during the evening hours.

"Security in the parking lots has been beefed up," says Harrison. "Officers are watching for individuals who are loitering in the lots. All public parking facilities are natural attractions to perpetrators who are usually between the ages of 18-23. They are targeting certain types of vehicles such as Toyota Celicas, 4x4 Toyotas, Volkswagens, Honda cars, Firebirds and Cameros." Harrison notes that often times auto crimes are planned operations involving one or more teams.

"Although our crimes are increasing, this is a reflection of what is going on in the community," says Harrison. "For example, in the City of San Bernardino, auto theft was up 45% in 1989 with a total of 2,800 cars stolen. Statewide, auto theft is up 15.9 per cent."

While campus police beef up patrols, Harrison offers several preventative safety tips for members of the campus community:

1. Install a moderately priced auto alarm system.
2. Use a bar lock on the steering column.
3. Install a "kill switch" or toggle switch which runs from the ignition switch to the carburetor system.
4. Keep your vehicle locked at all times.
5. Keep any valuables locked in the trunk.
6. Use removable car stereos.
7. Make sure you have adequate insurance to cover possible losses.

Members of the campus community can assist public safety officers in this battle against auto crime by reporting any burglaries or thefts immediately. "If you are a victim of a crime or see anything suspicious, use one of the emergency phones which provide a direct line to the public safety dispatcher," says Harrison. A map depicting the location of emergency phones can be found on the last page of this issue.

"Although we are experiencing an increase of auto thefts and burglaries, we are still seeing fewer incidents than many other CSU campuses," notes Harrison. According to the 1989 CSU Annual Report of Crime Statistics, only three other campuses reported fewer auto thefts. Out of a total of 701 auto burglaries throughout the system in 1989, only 42 occurred on our campus.

Chamber Concert Features Jeffersonian Sounds

Chamber music enthusiasts will travel back to the days of Thomas Jefferson as the Music Department hosts "A Musical Evening at Monticello" at 8 p.m., Monday, May 21, in Recital Hall of the Creative Arts Building.

The free concert will feature music by Haydn, Purcell, Corelli, Balbaste, Boccherini, Rameau and Hopkinson, taking the audience through a lively evening recreating the concerts held at Jefferson’s Monticello home. Musical selections will range from baroque repertoire to French salon music.

According to Dr. Edward J. Bostley, chair of the Music Department, "The program will commemorate the 200th anniversary of the French revolution. Jefferson was highly regarded for his interests and abilities in diplomacy and the field of science and the arts. As an amateur violinist, he sponsored several musical events in his home at Monticello." Bostley notes that the guest artists will be dressed in period costumes and will perform on original or replica instruments from Jefferson’s era.

Three nationally acclaimed musicians will share their talents. Elizabeth Blumenstock is a widely recognized baroque violinist having performed and recorded with the Boston Early Music Festival Orchestra, the Mostly Mozart Festival and the Santa Fe Chamber Music Festival. She currently serves as associate concertmaster with the Philharmonia Baroque Orchestra.

Soprano Susan Rode Morris has performed extensively throughout the U.S. Her accomplishments encompass a wide range of repertoire and musical styles from medieval times to the present in art song, chamber music, opera and oratorio. She sings with the west coast medieval group, "Ensemble Alcatraz," which has received critical acclaim.

Harpischordist Elaine Thornburgh has won national and international distinction as a soloist and chamber musician. A California Arts Council Touring Artist since 1985, she has participated as a soloist in the Carmel Bach Festival, lectured on baroque and early classical performance and was recently artist-in-residence at colonial Williamsburg.
Open Enrollment Continues

Eligible employees wishing to enroll or make changes in their current medical or vision benefits plans may do so through May 31 by visiting the Personnel Department and completing the necessary paperwork. Employees may sign up for a variety of benefits plans, change plans and add eligible family members without regard to pre-existing medical conditions. All changes will go into effect on August 1. Open enrollment for dental benefits will be conducted in October. For more information, contact Marjorie Callaghan, benefits coordinator, at Ext. 5138.

Parking Fines to Increase for Handicapped Space Violations

Beginning with the fall quarter, the fee charged for a handicapped parking space violation will increase from $50 to $100, reports Harry Larsen, manager of parking services here on campus. Larsen says the increase will bring our campus in line with a statewide standard of $100 for this type of violation. The increase comes at the instruction of the San Bernardino Municipal Court.

Individuals with a medical need to park in campus medical/handicapped spaces are reminded that they need to obtain a special parking permit to avoid citations. Students may contact Services to Students with Disabilities at Ext. 5238; staff and faculty members may contact the Parking Services office at Ext. 5912 to obtain permits.

Commencement Registration in Progress

All graduates who wish to participate in Commencement must register by Friday, June 8. Registration tables are located inside the north entrance of the Administration Building around the corner from the University Relations office, AD-104. Candidates may register from 8:30 a.m. to 4:30 p.m. Those unable to register during these hours need to contact the Alumni Affairs office at Ext. 5008. Arrangements will be made for evening registration at the Evening Services office. Coachella Valley students will register at the CSUSB office at the College of the Desert.

Registration procedures are as follows:

1. Complete registration card.
2. Bring completed card to the registration tables to receive confirmation form.
3. Proceed to Bursar, AD-111, to pay a $7.50 Commencement fee.
4. Present confirmation form and fee receipt at the Bookstore; pay for rental of cap and gown. Note: No credit cards are accepted for Bursar fee or cap and gown rental.

Caps and gowns may be ordered from the Bookstore once the registration process is completed. Sign-up for caps and gowns continues through June 8. The rental fee for a bachelor's cap, gown and tassel is $15. The fee to rent a master's cap, gown, tassel and hood is $27.50. Commencement regalia will be available for pickup in the Bookstore from June 11-15. There will be no pickups on Commencement day.

Commencement information has been sent to all December, 1989 and March, 1990 graduates, as well as candidates for June, August and December, 1990 graduation. If you know of a student who has not received this information in the mail, have them contact Mary Colacurcio or Anita Nix in the Alumni Affairs office at Ext. 5008 or stop by AD-104 for a Commencement brochure.

The California State University, San Bernardino Friday Bulletin is published twice monthly. The next issue is scheduled for Friday, June 8. Items for publication should be submitted in writing by noon, Friday, June 1 to:

Terrie Jo Snyder, editor
Public Affairs Office (AD-104) Ext. 5007
Vol. 24, No. 10

The newly elected officers include: David Stein, president; Geri Slaght, secretary; Stanley Swartz, treasurer; J. Dean Hane, vice president, program; Adria Klein, vice president, newsletter; and Charles Funkhouser, vice president, membership. All officers are members of the School of Education except Hane, who serves as the Superintendent of Apple Valley Unified School District.

Initial plans call for a formal installation in the fall. Individuals interested in joining the chapter or transferring their current membership may contact Funkhouser at Ext. 5684.

The San Bernardino County have expressed interest in the organization. The newly elected officers include: David Stein, president; Geri Slaght, secretary; Stanley Swartz, treasurer; J. Dean Hane, vice president, program; Adria Klein, vice president, newsletter; and Charles Funkhouser, vice president, membership. All officers are members of the School of Education except Hane, who serves as the Superintendent of Apple Valley Unified School District.

Initial plans call for a formal installation in the fall. Individuals interested in joining the chapter or transferring their current membership may contact Funkhouser at Ext. 5684.

Phi Delta Kappa Chapter Forms on Campus

Members of the School of Education and community citizens have joined forces to form a campus chapter of Phi Delta Kappa, an honorary international educational organization that promotes leadership, service and research.

Over 40 educators from throughout San Bernardino County have expressed interest in the organization. The newly elected officers include: David Stein, president; Geri Slaght, secretary; Stanley Swartz, treasurer; J. Dean Hane, vice president, program; Adria Klein, vice president, newsletter; and Charles Funkhouser, vice president, membership. All officers are members of the School of Education except Hane, who serves as the Superintendent of Apple Valley Unified School District.

Initial plans call for a formal installation in the fall. Individuals interested in joining the chapter or transferring their current membership may contact Funkhouser at Ext. 5684.
Noontime Programs Offer Personal Enrichment

Cal State's Employee Assistance/Wellness Committee invites members of the campus community to enjoy a variety of noontime programs geared to personal growth and self enrichment. Upcoming presentations include:

<table>
<thead>
<tr>
<th>Topic</th>
<th>Presenter</th>
<th>Date</th>
<th>Location</th>
</tr>
</thead>
<tbody>
<tr>
<td>Healthy Weight</td>
<td>Dr. Cynthia Paxton (Health Science)</td>
<td>Friday, May 18</td>
<td>SS-155A</td>
</tr>
<tr>
<td>Marriage &amp; Family Among Black</td>
<td>Dr. Mei Hawkins (Sociology)</td>

</table>

All of the above sessions will be held from noon to 1 p.m.

A special workshop session entitled "Appreciating Different Personality Types" will be offered from 8:30 a.m.-12:30 on Friday, June 1, in the Sycamore Room of the Lower Commons. It is designed to enhance customer service skills by providing insight into behavior and communication. Participants will explore different personality types and learn methods to effectively deal with one another. Denise Greenstein, career management specialist with Career Innovators, will conduct this workshop.

To register for any of the above workshop offerings, please contact Jolene Armstrong (Personnel) at Ext. 5138.

Women's Resource Center Serves Campus Community

Geared to meet the specific needs of women on campus, the Women's Resource Center held its official opening celebration on May 8.

Designed to be a focal point on information of interest to women, the center features a variety of women's studies books and journals by prominent female authors. Included in the collection is a resource book for San Bernardino County that provides a wide range of informational resources on issues such as health care, counseling, rape crisis or domestic violence. The center also provides women on campus with a place to meet other women and provides opportunities for networking.

According to Dr. Ellen Gruenbaum, associate professor of economics, and Dr. Belle Edson, assistant professor of communication. Organizers of the center note, however, that services are available to all women on campus, not just students.

The center is located in Trailer Office 11C between the Student Services Building and Children's Center in an office donated by the School of Humanities. Volunteers operate the center according to the following schedule:

- Monday: 4-6 p.m.
- Tuesday: 9 a.m.-5 p.m.
- Wednesday: 4-6 p.m.
- Thursday: 9 a.m.-1:45 p.m. & 4-6 p.m.
- Friday: 9 a.m.-2 p.m.

Ideas regarding the types of services and resources needed by women are welcome as are volunteers. A special note of thanks is extended to Dean Beverly Hendricks, School of Humanities, and graduate student Jennie Snyder for their assistance in establishing the Women's Resource Center. To learn more or to get involved, call Ext. 5846.
COMMUNITY SERVICE

Jennifer McMullen (School of Business & Public Administration) was recently named president of the League of Women Voters of San Bernardino. She also was elected as vice president of the Zonta Club of San Bernardino, a service organization of executive women in business and the professions.

Dr. Louise Burton (Education) addressed “Comparative Education: Japan and the United States” at the San Bernardino Area Chamber of Commerce on April 24. The session was a joint meeting of the chamber’s three education committees. On April 26, Burton presented a slide lecture entitled “Conducting, Post School Follow Up Studies in Japan” at the Riverside County Office of Education Transition Partnership Training Workshop held in Palm Springs, CA. On March 10, she spoke on “Special Education Teacher Integration at Regular School Sites” at a joint workshop conducted by the Desert Mountain Special Education Plan Area and the State Department of Education’s Promoting Education for Everyone in Regular Schools (PEERS) Project. The workshop was conducted in Hesperia, CA.

Dr. Thomas C. Timmreck (Health Science & Human Ecology) arranged for 12 health administration and planning students from Cal State to serve as staff assistants and monitors at the annual Health Care Forum, a national hospital administration conference, held April 22-24 in Anaheim, CA. Participating students were: Cal Amajoyi, Debra Barendfeld, David Huynh, Debra Lertola, Catherine Miranda, Joanna Rodriguez, Michael Sardar, Sheryl Savage, Scott Stephan, Annette Todd, Suzanne Wallace and Linda Wilson-Smith.

Dr. Jim Pierson (Anthropology) served as a panelist in evaluating college scholarship applications on April 26 at a program sponsored by the Officers’ Wives Club at Norton Air Force Base.

Dr. David Sline (Education) spoke to faculty members at San Gorgonio High School on April 30 regarding “Making the WASC/SDE Accreditation Process Work for School Improvement.”

Dr. Kenneth Thygerson (Accounting & Finance) spoke to the Estate Planning Council of Riverside County on “The Financial Services Industry: Up for Grabs?” on May 2 at the Canyon Crest Country Club.

Dr. Aubrey Bonnett (Social & Behavioral Sciences) discussed “Voodoo in Perspective” with members of the Palm Springs Lions Club on May 3.

Dr. Judith Rymer (University Relations) addressed “Women in the Workplace” with Professional Secretaries International on May 3.

Dr. David Bellis (Public Administration) served as the keynote speaker for 400 junior high school Project UPBEAT students attending the university’s Cinco de Mayo celebration on May 4. He also gave motivational talks to large groups of junior high school students visiting campus on May 8 and May 10 through the Upward Bound program.

Dr. Fred E. Jandt (Communication) conducted a workshop on “Investigation/Interviewing” at the annual spring seminar of the Inland Counties Association of Paralegals held May 5.

Dr. Sandra Cross (Health Science & Human Ecology) addressed “Older Women’s Health Issues” with members of the Highland Senior Center on May 7.

Dr. Rodney Simard (English) discussed “Native American Literature” with residents of Leisure Point, a retirement living facility, on May 8.

Johnnie Ann Ralph (Library) spoke on “Colton in 1906” at the May 11 meeting of the Colton Historical Society.

Personnel Promotion.

Suzanne Owen
Accounting Tech II
Accounting Office

Congratulations!

Members of the campus community extend sincere congratulations to Michele Lister and her husband, David, on the birth of their son. Joshua Donavan was born on April 17. Michele is a clerical assistant in the National Security Studies program at George Air Force Base in Victorville. Best wishes to the entire family.
EMPLOYMENT OPPORTUNITIES

Current job vacancies can be seen on Channel 3, the community access channel in San Bernardino. Information also is available on a 24-hour hotline at Ext. 5139 which is updated at 3 p.m. Fridays. Applications will be accepted until the dates listed below:

Admissions:
Student Services Professional
- $2199-$2635/mo.; full-time, permanent.
  Apply by May 18.

Bursar:
Intermediate Account Clerk-
- $1572-$1855/mo.; full-time, permanent.
  Apply by May 25.

Campuswide Clerical Positions:
- (Current and future-openings)
  Clerical Assistant II-
  - $9.27-$10.94/hr.; full-time, permanent.
  - $9.29-$10.96/hr.; temporary.
  - Open continuously.

Children's Center:
Assistant Teacher-
- $5.85-$6.83/hr.; part-time, temporary through June 15.
  Open until filled.
  (not a state position)

Substitute Teachers-
- $8.10-$9.57/hr.; on-call through June 15.
  Open until filled.
  (not a state position)

Computer Center:
Programmer II-
- $2921-$3520/mo.; full-time, permanent.
  Apply by May 25.

Educational Opportunity Program (EOP):
Student Services Professional II-
- $2494-$2998/mo.; full-time, permanent.
  Apply by May 25.

Mail Room:
Mail Clerk-
- $1643-$1944/mo.; full-time, permanent.
  Apply by May 25.

Physical Plant:
Building Services Engineer-
- $2720-$3125/mo.; full-time, temporary for up to one year.
  Open until filled.
  Supervising Building Services Engineer-
  - $2931-$3366/mo.; full-time, temporary for up to one year.
  - Open until filled.

Public Safety:
Supervising Public Safety Officer I-
- $2835-$3415/mo.; full-time, permanent.
  Apply by June 1.

Services to Students With Disabilities:
Interpreter/Transliterator I-
- $6.47-$10.48/hr.; part-time, permanent.
  Apply by May 18.

School of Education:
Project Secretary Trainee-
- $8.91-$10.48/hr.; part-time, permanent.
  Apply by May 18.

Student Assistance in Learning (SAIL):
Adjunct Instructor-
- $16.62-$18.07/hr.; on-call through June 30.
  Open until filled.

Coyote Basketball Camp Offers Summer Fun

Youngsters 11-17 can have fun this summer as participants of the 1990 Coyote Basketball Camp. Conducted by Gary Schwartz, coach of Cal State’s women’s basketball team, the camp is designed to help boys and girls develop their basic skills in the sport. The camp will be conducted in two sessions. Session one runs from June 18-21; the second session is scheduled for June 25-28.

According to Schwartz, “Camps are an excellent chance for the young and developing basketball player to improve his or her fundamental skill level, especially in the areas of shooting, passing, dribbling and ball handling. The thing that sets the Coyote Basketball Camp apart from some others is that we spend a great deal of time on individualized instruction with each camper. Our camp’s athletic facilities are excellent, and our campers will be able to have fun through a variety of activities.” He adds that, “This is another way for Cal State to reach out to the community and offer our expertise and university facilities to benefit the young people of the area.”

A variety of special awards will be presented at the conclusion of each session. All participants will receive an award for completing the camp. Sessions are held from 8:30 a.m.-5:30 p.m. On-campus housing is available for those interested in staying in the dorms. Throughout the sessions, many campus facilities including the swimming pool, tennis courts, softball and soccer fields will be available for campers’ leisure-time use. Participants will be supervised by camp coaches and counselors.

For registration information and camp fees, contact Schwartz at Ext. 5013 or at (714) 880-3333.
Baseball Receives West Region Playoff Invitation

by Dave Beyer, sports information director

After two seasons of "heartbreak," Cal State's baseball team has finally received its first-ever invitation to the NCAA Division III West Region playoffs. The Coyotes (25-12) are the top-seeded team in the West and will travel to Claremont College for the best-of-five series beginning today at 3 p.m. The winner will advance to the six-team Division III World Series hosted by Albion College in Battle Creek, MI, on May 25-28.

During the past two years, CSUSB has posted records of 29-7-1 and 28-8-1 and has been unable to get a playoff berth. However, this time around, the Coyote fortunes are different.

"This is what it's all about," said Head Coach Chuck Deagle. "After so many frustrating and disappointing hours over the past two years, this kind of makes up for it. This is a tremendous opportunity for our athletes and our program.

"We will be playing not only for ourselves, but for all of the players over the past few years who have helped to build this program. They are a part of this, too."

The Coyotes swept both meetings with Claremont during the regular season, but the Stags made life miserable for Cal State in a 10-inning affair on May 1. Cal State was seemingly in control of a 5-2 game before Claremont tallied three runs in the bottom of the ninth to send the game into overtime. After CSUSB posted three in the top of the tenth, the Stags pushed across one run and, with first and third runners, ended the game by hitting into a double play.

"We will definitely have our work cut out for us," said Deagle. "Claremont has excellent pitching, fielding and we know they can hit the ball well. I feel that this will be a great series and have a lot of local interest."

All games will be held at Claremont College. The baseball field is located at the corner of Claremont Boulevard and Ninth Street in Claremont. Maps are available from the Sports Information office located in T0-122 or by calling Ext. 5012.

The series schedule is as follows:

<table>
<thead>
<tr>
<th>Game #1</th>
<th>Friday, May 18</th>
<th>3 p.m.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Games #2 &amp; #3</td>
<td>Saturday, May 19</td>
<td>noon</td>
</tr>
<tr>
<td>Games #4 &amp; #5</td>
<td>Sunday, May 20</td>
<td>noon</td>
</tr>
</tbody>
</table>

(If necessary)

Upward Bound Hosts Recognition Banquet

by Chris Lamar, student intern, Public Affairs

It will be a night of celebration as the Upward Bound Program hosts its Third Annual Senior Recognition Banquet on Friday, June 1, from 5-7 p.m. in the Upper Commons.

This year's guest speaker is Dr. Robert C. Detweiler, president of CSU, Dominguez Hills, and former vice president of academic affairs here on campus. Detweiler will speak on "How to Be All You Can Be: Striving for Excellence."

The banquet will observe the 25th national anniversary of the Upward Bound Program. Here on our campus, the program has been serving students for 18 years. Upward Bound is a college-oriented program specifically designed to help students from families whose parents do not have a college degree. These students are the first in their families to consider post-secondary education. The program involves students from varied cultural backgrounds who show the potential to succeed in college.

Students entering college through Upward Bound can look forward to a wide variety of support services such as tutoring, educational and cultural enrichment field trips and personal counseling geared to maximize their educational development.

According to Denise Benton, director of Cal State's Upward Bound program, "Eighty-seven percent of all our students who come through the program remain in college, so we do have a pretty good success rate."

At this year's banquet, 18 high school seniors from seven area high schools will be recognized with scholarships ranging from $50-$100 per person. Tickets to the banquet are $20 per person and are available by calling the Upward Bound office at Ext. 5914.

(Music of the Americas...continued from page 10)

Maynard Ferguson and his Big Bop Nouveau Band will return at 3:30 p.m. for their show on the Lower Commons Plaza. General admission tickets are $10; $5 for students and senior citizens. It was Ferguson's straight ahead bop jazz style that put him on the map in the jazz world and which became his trademark in the late Fifties and early Sixties. The public is invited to bring picnic baskets, blankets and lawn chairs and enjoy the music while sitting on the grass overlooking the stage area.

On Sunday, June 3, the University Chamber Symphony will close the five-day festival with a 3 p.m. concert in Recital Hall. All of the afternoon and evening concert programs will include the music of at least one Canadian and one American composer.
Chemistry Whiz Is a Wanted Man

Twenty-three-year-old Jonathan Forman is a wanted man. No, it's not the law that's looking for this Colton resident, but rather, college officials from throughout the nation.

Forman, a senior chemistry major here at Cal State, was being courted this spring by five of the top graduate schools in the country, an honor not too many college students can boast about. Especially those whose high school records were less than shining.

"When I was in high school, I had some personal problems and was very unmotivated," says Forman. "So I started cutting classes. I never was a straight-A student. I did not enjoy school." Forman dropped out of high school and attended a special continuation school located in Larkspur, CA. At age 16, he passed the California High School Proficiency Exam and took a warehouse job in Brisbane, CA.

A few years later, his father, a Colton resident, invited his son to come live with him and at age 19, Forman began his studies at Cal State. Initially Forman thought he wanted to be a vet and enrolled as a biology major. He quickly found that chemistry is his true love.

"He is one of the most unusual students I've had," says Dr. Lee Kalbus, professor of chemistry, who quickly recognized Forman's outstanding scientific abilities. "The first exam I gave, he completed in only 30 minutes. Most of the students took an hour. Later during the course, he completed the work in half the time it took his peers and got straight A's."

As one of the top research assistants in the Chemistry Department, Forman has corroborated on several projects with Kalbus and other faculty members. He recently won Cal State's Outstanding Undergraduate Research Award for work on a project dealing with the potential use of organic compounds in purifying petroleum residue. For the past two summers, he has been conducting research at the highly recognized Argonne National Laboratory located in a western suburb of Chicago, IL.

This spring, he was accepted by five of the country's top graduate schools including: The University of Chicago; Columbia University; Stanford University; University of California, Berkeley and the California Institute of Technology. Forman's acceptance at these institutions indicates the promise they feel he has for graduate studies. These are among the very finest institutions of higher education in the world."

Kaplan also recognizes the role played by fellow faculty members in Forman's success. "We are very proud of the Chemistry Department and School of Natural Sciences for providing an environment in which his interest and talent have developed," he states.

"The faculty have been very encouraging to me," says Forman. "If they see a good student, they are willing to help them go on if they have the initiative and are willing to work."

Once he receives his Ph.D. in chemistry, Forman hopes to find a post doctoral position in academic research in Europe.

Census Forms Due

Members of the campus community are reminded to answer and complete their census questionnaires. Having an accurate census count helps citizens get their fair share of a number of community services.

Walter Hawkins, director of Cal State's Educational Opportunity Program, serves as a member of a community-wide census task force. According to Hawkins, "A more accurate census will mean more funds for higher education. I encourage everyone to complete the census form."

For help in answering the census questions, individuals may contact a help-line established by the Census Bureau by calling 1-800-999-1990.
Music of the Americas Festival Returns to Campus
by Sam Romero, public relations assistant

Jazz great Maynard Ferguson and internationally recognized composer R. Murray Schafer head the list of artists who will be featured during the Music of the Americas Festival being held on campus May 30 through June 3. The festival, now in its second year, will highlight Canadian and American music this year. Both Ferguson and Schafer are from Canada.

Schafer, who is known for exploring the relationships between music, performer, audience and setting, will open the festival on Wednesday, May 30 at 11 a.m. with two musical demonstrations in Recital Hall of the Creative Arts Building. Presentations of the “Thinking Ear” and “Soundscape” will involve the audience in the kinds of decisions routinely made by musicians, says Dr. Edward Bostley, chair of the Music Department. Schafer will show the audience how ordinary environmental sounds, such as whale calls or those sounds produced by running water, can be used in a musical composition. Bostley says that the demonstration should be of particular interest to high school and college students.

At 2 p.m. on Wednesday, Schafer will illustrate a lecture on his outdoor theatre production, “The Princess of the Stars,” with a videotape of the piece, as well as with slides and a recording. The first formal concert of the festival will begin at 7:30 p.m. in the Recital Hall when the University Symphonic Band, directed by Dr. Carolyn Neff of the Music Department, will be joined by the Etiwanda High School Band directed by Don Jaramillo.

Thursday, May 31, will be a special day for high school choral groups throughout the Inland Empire. From 1-5 p.m. in the Recital Hall high school choruses will perform before an audience and will be critiqued by adjudicator Dr. David Wilson, choral director with the University of Southern California School of Music. That evening, the University Concert Choir and Chamber Singers will give the festival’s second formal concert at 7:30 p.m. in Recital Hall.

Jazz musician Maynard Ferguson and his Big Bop Nouveau Band will present a concert on campus as part of the upcoming Music of Americas Festival.

Chamber music compositions written exclusively by Southern California artists will be featured on Friday, June 1. Beginning at 2 p.m. in Recital Hall, local artists will perform and discuss their compositions written for solo, duo and trio performances. The afternoon’s activities will be tailored for college and high school students. The CSUSB Faculty Woodwind Quintet, accompanied by a soprano, will be on stage for the Friday concert beginning at 7:30 p.m. in Recital Hall. General admission is $5; $3 for students with I.D. and senior citizens. The performance will include “Minnelieder,” an R. Murray Schafer composition of medieval German love songs.

The sounds of jazz will fill the air all day on Saturday, June 2. A contest for high school jazz ensembles will run from 10 a.m. - 2 p.m. in Recital Hall, and will be adjudicated by members of the Maynard Ferguson Band. Then at 2 p.m., the University Jazz Ensemble, under the direction of Dr. Raymond Torres-Santos of the Music Department, will perform in the Upper Commons.

Staff Member Earns National Distinction

Duplicating Center employee and senior marketing student Nancy Arter was recently recognized by the American Marketing Association (AMA) with a third place award in the organization’s national Marketing Strategy Case Competition.

The AMA’s 383 collegiate chapters were invited to submit marketing plans geared to assist the Advertising Council, which sponsored the competition in repositioning itself during the 1990s. Arter competed against eight teams of national finalists; however, she was the only individual contestant and winner. The organization has 26,000 members in the U.S.

Arter is president of Cal State’s AMA chapter. She will graduate this June. While earning her marketing degree, she has been employed full-time in the Duplicating Center. Commenting on her award, Arter says, “I felt very honored because I was one person competing against teams of 15-20 people. It is very exciting to be the only single winner.”

Arter goes on to thank Dr. Mary Smith, associate professor of marketing, who serves as faculty advisor to our campus’ AMA chapter. “She was instrumental in my success. Her support means a great deal to me.” After graduating, Arter plans to pursue a career in sales.
Dr. Sidney Ribeau Appointed School Dean at California Polytechnic State University

Cal State’s Dean of Undergraduate Studies, Dr. Sidney Ribeau, will leave campus in early August to serve as dean of the School of Liberal Arts at California Polytechnic State University in San Luis Obispo.

Commenting on his appointment, Ribeau says, “It’s an exciting opportunity because academically Cal Poly is a well recognized institution. It’s a chance to test many ideas I have. The challenge will be to come up with innovative programs to combine the liberal arts with the existing technical programs such as engineering, architecture and agriculture.”

Ribeau joined Cal State in 1987 as the university’s first full-time dean of undergraduate studies. He is responsible for planning, budgeting and staffing for eight programs and two centers in academic affairs. In addition, he administers the general education curriculum and develops new interdisciplinary programs.

Several programs here at Cal State have been developed under Ribeau’s leadership, including the Honors Program established just last fall. Other accomplishments include the initiation of several retention programs such as the mandatory advising policy and the mandatory basic skills policy. He notes that, “We’ve also developed a strong educational equity program and created a retention database that tracks students from point of entry to graduation.”

In discussing his service to Cal State, Ribeau notes, “I’d like to express my appreciation to President Evans and the administration for the opportunities they have provided me to contribute to the campus at a really important period in its growth.”

He adds, “The best part of the job has been the collegial atmosphere that exists within our division and the good working relationships with the entire campus community.”

Golf Coach Announces Resignation

by Dave Beyer, sports information director

Golf coach Greg Price announced this month that he is resigning his coaching position effective at the conclusion of the 1990 season. Price has been in charge of the university’s golf program since its inception in 1986.

Price also serves as a professor in the Physical Education Department. He cited an increased academic load versus the necessary time commitment to an intercollegiate golf program as the reasons for his resignation.

“Greg Price has done an outstanding job with the Cal State golf program,” said David Suenram, director of athletics. “His record will speak for itself on how he has built this program into one of the strongest in the NCAA Division III.

Although we are disappointed to lose a coach of Greg’s caliber, I understand his reasons and plan to make every effort to find a replacement who can carry on the good work he has started at Cal State, San Bernardino. I feel we are fortunate to have had someone with his expertise and dedication as the founder of the golf program.”

Price, after an overall record of 8-12 in the inaugural 1986 season, has seen his teams remain in the national top 20 since March, 1987. Included in that run were a third place national finish in 1988 (the highest finish in NCAA team championship competition by any CSUSB sport) and a fourth place finish in the 1987 national championships. His winning percentage in four seasons is a sterling .802.

The Coyotes finished the 1990 regular season with a perfect 15-0 dual match record and are ranked fifth in the nation, according to the latest poll. Cal State’s golf team is expected to participate in the NCAA Division III national championships at Jekel Island, GA, on May 22-25.

Retirement Party Planned

A retirement dinner party honoring Leonard Farwell, vice president for administration & finance, will be held on Friday, June 22, beginning at 6:30 p.m. in the Upper Commons. The entire campus community is invited to attend. Invitations are forthcoming. For information, contact Don McKenzie, director, budget and telecommunications, at Ext. 5134.
Friday, May 18

College Honors Breakfast.
San Bernardino Area Chamber of Commerce salutes Dr. Robert Cramer (Psychology) and Dr. Daniel Whitaker (Foreign Languages) and other area educators.
7:30 a.m., Upper Commons. Admission is $10 per person.

Growth & Enrichment Program.
"Healthy Weight Management," by Dr. Cynthia Paxton (Health Science).
Noon - 1 p.m., SS-155A. Free.

Baseball.
West Region Playoffs.
3 p.m., Claremont College.

Saturday, May 19

Spanish Pronunciation Contest.
High school students from San Bernardino and Riverside areas will participate.
8:30 a.m., Room 10, Physical Sciences Building. Free.

Baseball.
West Region Playoffs.
Noon, Claremont College.

Monday, May 21

Groundbreaking Ceremony.
New classroom/student services/faculty office building.

11:45 a.m. - 12:15 p.m., south of Student Union Building.

Lecture.
"African Influence on the Formation of Slave Culture," by Dr. Sterling Stuckey, professor of history, University of California, Riverside.
Noon, Pine Room, Lower Commons.

Open Forums.
Trustee Ralph Pesqueira meets with faculty & administrators at 1:15 p.m.; at 2 p.m. he will meet with student leaders.
Both forums to be held in the Sycamore Room, Lower Commons.

Chamber Music Concert.
"A Musical Evening at Monticello."
8 p.m., Recital Hall, Creative Arts Building.
Free.

Wednesday, May 23

Conference.
First Annual Inland Empire Career Fair.
The conference provides students with disabilities an opportunity to sample career options with nearly 130 area employers.
9 a.m. - 1 p.m., Lower Commons, University Theatre & Student Union Multipurpose Room.
Free.
For info, call Ext. 5685.

Slide Lecture.
Noon, Room 110, Visual Arts Building.

Symposium.
Philosophy symposium lead by Dr. Thomas Moody (Philosophy).
6 p.m., Pine Room, Lower Commons.
Free.

Thursday, May 24

Malathion Spraying Forum.
7:30-10 p.m., Upper Commons.
Free.

Sunday, May 27

Musical Theatre & Dinner.
7:30 p.m., Upper Commons.
$40 per person; tickets available at ASI Box Office.

Wednesday, May 30

Musical Demonstrations.
"Thinking Ear" and "Soundscape" presented by R. Murray Schafer.
11 a.m., Recital Hall, Creative Arts Building.
Free.

Musical Lecture.
2 p.m., Recital Hall, Creative Arts Building.

Concert.
Faculty Woodwind Quintet.
7:30 p.m., Recital Hall, Creative Arts Building.
Admission is $5 for adults; $3 for students & seniors.

Note: Calendar continues on the next page.
(Calendar...continued from page 12)

Friday, June 1

Play.
"Tartuffe."
8:15 p.m., University Theatre, Creative Arts Building.
Admission is $6 for adults; $3 for students & seniors.
For more information and other performance dates, see story on page 2.

Saturday, June 2

Contest.
Jazz contest for high school ensembles.
10 a.m.-2 p.m., Recital Hall, Creative Arts Building.

Sunday, June 3

Chamber Concert.
University Chamber Symphony.
3 p.m., Recital Hall, Creative Arts Building.

Monday, June 4

Lecture.
"Preliminary Analysis of a Gender Bias in SETE's (Student Evaluations of Teacher Effectiveness)," by Dr. Loralee MacPike (Humanities).
Noon-1 p.m., Eucalyptus Room, Lower Commons.

Tuesday, June 5

Growth & Enrichment Program.
"Marriage & Family Among Blacks," by Dr. Mel Hawkins (Sociology).
Noon-1 p.m., Eucalyptus Room, Lower Commons.

Friday, June 8

Student Art Show.
Artworks by Cal State students.
Opening reception & Art Department Open House.
7-9 p.m., University Art Gallery, Visual Arts Building.

Educational Leaders Honored

Educational leaders from throughout the area will be honored by Cal State as the School of Education hosts a banquet on Saturday, May 19, in the Upper Commons. A social hour will be held from 6-7 p.m. with dinner starting at 7 p.m.

Centering on a theme of "Proud of the Past and Building for the Future," the event will honor retired professors of education through an historical review presented by Dr. G. Keith Dolan, professor of advanced studies from the School of Education. Honorees include: Lyle Fry, Nat Kravetz, Gordon Stanton, Elton Thompson, Bob West and Tom Woods.

The evening's festivities also will recognize the first students to complete the university's new Professional Administrative Credential awarded by the School of Education. The credentials will be bestowed to 11 educational administrators including: Maryhelen Anderson, Daniel Brooks, John Brooks, Pamela Beekman, Charles Housewright, Larry Marchant, Malcolm Sebuel, Frank Siebke, Steven Simpkins, Charles Spence and Claudine Williams.

"We are very proud of these students for their extra efforts and diligence in completing these requirements," says Dr. David Stine, associate professor and advanced studies field work coordinator. "The credential is a new state requirement for those working in administrative positions in public schools."

Admission to the banquet is $13 per person or $25 per couple. For additional information, contact Stine at Ext. 5673 or call Dr. Margaret Atwell, associate dean, School of Education, at Ext. 5600.

Campus Included in Malathion Spray Zone

Cal State has been notified by the California Department of Food & Agriculture that our campus will be included in two upcoming malathion sprayings scheduled for Tuesday, May 22, and Tuesday, May 29, beginning at 10 p.m.

Individuals seeking more information on malathion spraying may contact the Department of Food & Agriculture at (800) 225-1346 during daily business hours; during the evening hours or on the weekends, call the department at (800) 542-6668. This second number is a daily updated recording announcing spray dates and locations.
