March 15 1991

Friday Bulletin
Faculty/Staff Softball "All-Stars" Return with Spring League Fun

Does Paul "Golden Glove" Esposito (Career Development Center) still have it? Can the defensive duo of Esposito-Robert Cramer (Psychology) hold up the Spirit's top standing in the Faculty/Staff Softball League (FSSL)? Can Khalil Daneshvar (Enrollment Services) ignite his bad news Blazers out of last place? And who will replace the talents of former FSSL greats, Stephanie Keyes (Personnel) and Don Kajcienski (Enrollment Services)?

The answers to these provocative questions will begin to unfold on Thursday, April 11, opening day of the FSSL spring season. Open draft for the FSSL will be held on Monday, March 25. Rookies of all ages, backgrounds and skill levels are encouraged to sign up today. Contact Mike Endeman (IBS Control) at Ext. 5156 or Ted Krug (Financial Aid) at Ext. 5221 for all the details.

Achievements, Trends Put University Progress in Perspective

by Cynthia Pringle, public affairs director

How does your daily work fit into the overall progress of the university? For some employees, it may be helpful to know about recent achievements in various areas at the university to bring perspective to the contemporary working and learning environment at Cal State.

In addition to accomplishments, Cal State personnel also need to be aware of future directions being taken by each operational division. The four vice presidents recently summarized developments and trends in mid-year reports to Administrative Council. The highlights included here are meant to bring you up-to-date beyond the regular reports of university news that are published in the Bulletin.

Holiday Closure

In an ongoing attempt to conserve energy, the campus will be closed on Thursday, July 4, and Friday, July 5, in observance of the Independence Day holiday, reports Dale West (Personnel). "Employees may use vacation time, CTO or their personal holiday for the July 5 closure," notes West. A similar practice of closing the campus between the Christmas and New Year's holidays to conserve energy and save on utility bills was implemented a few years ago. So, start planning now for a great four-day weekend in July.
(University Progress ... continued from page 1)

(ACCOMPLISHMENTS cont'd)
Purchasing has increased the number of annual contracts to reduce purchase orders
Long distance telephone expenses have been reduced with conversion to Sprint
Phone system has been extended to the Housing complex
Physical Plant has developed an air toxics inventory plan and a PCB update and closure plan

STUDENT SERVICES
Automated analysis of student transcript data has begun with two pilot high schools
An additional information counter is being staffed in the Student Services lobby
Automation has shortened process time for Financial Aid
Student participation in Serrano Village leadership activities is at an all-time high
Improved security systems in the residential complex are being implemented on schedule
The new "no alcohol" policy for Serrano Village residents seems to be working effectively
The number of students participating in pre-employment interviews at the Career Development Center is up 70 percent
An Emerging Leaders program was implemented for incoming freshmen this year
Student Life sponsored several "theme weeks," including Safety Week, Connecting with Diversity and Relationship Week

UNIVERSITY RELATIONS
Alumni donations have increased through the annual fund
Donations from parents of current students are exceeding expectations for this first-time appeal

The commitment of a major gift has been secured for the P.E. Building
Intercollegiate Athletics has established an academic support system with a resulting increase in the overall GPA of student athletes
Athletic Association membership has increased
An Athletic Policy Manual has been completed
University publications, such as the Panorama, Progress Report and the Bulletin, have been refined over the past year

FUTURE DIRECTIONS

ACADEMIC AFFAIRS
Expand leadership among department chairs/enhance more decentralized decision-making through strategic plan updates
Continue seeking corporate partners, such as Apple, IBM, DEC, Zenith, AT&T and Hewlett-Packard
Plan for the campus' overall computer needs
Develop a grant incentive program
Focus more attention on school-based programs, particularly in the development of friends/advisory groups

ADMINISTRATION AND FINANCE
Establish a new pay telephone system on campus through the Foundation
Expand the Emergency Management Manual to include a Business Recovery Annex
Develop a new Public Safety staffing strategy
Develop methods to gather Bookstore customer feedback
Implement a Career Development Program for personnel

Develop a Hazardous Material Policy
Initiate planning for the renovation of the Student Services and Administration Buildings

STUDENT SERVICES
Design an electronic transcript exchange with community colleges
Develop programming for parents within the junior high and high school outreach programs
Establish a closer relationship with youth pastors in local, predominantly African-American churches
Initiate expansion plans for residential housing to accommodate 200-300 new students
Rejuvenate through the Health Center the campuswide panel on alcohol and substance abuse
Assess child care program needs and develop a long-range plan for services and facilities
Explore the use of videotape presentations in the Career Development Center to assist job-hunting students
Develop a comprehensive outline of the information management needs of the division
Develop programs that deal with the issue of racism and continue to evaluate the needs of students of color

UNIVERSITY RELATIONS
Consider a change in the dues structure for the Alumni Association
Continue to remain competitive athletically as the university moves into Division II competition
Maintain good attendance at athletic contests
Explore additional avenues for internal communication
Involve the campus community, particularly the school deans, in more fundraising activities

Conference to Explore Information Technology

A three-day program geared to put local government public administrators and elected officials in touch with the latest advances in information technology will be offered April 3-5 in Palm Springs through the Office of Extended Education.

Dr. David Bellis (Public Administration) is serving as conference chair and expects nearly 200 participants at "Managing Local Government Technology: The Year 2000." According to Bellis, "This program is ideal for elected officials, 'techies' and 'non-techies,' to learn about the latest advances in information technology applications."

Bryan Pettit (Information & Decision Sciences), who directs the university's Inland Empire Management Center, will offer a pre-conference workshop on computer basics. Registration information is available from the Office of Extended Education at Ext. 5975.
New Faces on Campus

Henry F. Kutak joined the university on Jan. 14, 1991 as the associate director for the Financial Aid Office. Since 1969, Kutak has held numerous managerial positions in the Financial Aid field through employment with five different institutions of higher education. Immediately prior to joining Cal State, he served as director of financial aid at the University of Redlands for five years.

Within the day-to-day operations of the Financial Aid Office, Kutak fields student inquiries, visits area high schools and makes presentations for the CAL SOAP program and Admissions Office. He also keeps busy overseeing computer operations for his office, handling academic appeals, planning for the physical move to the new building and preparing for the transition to the Information Associates system.

"Only one thing is certain in financial aid, and that's change," says Kutak. For the future, he predicts that it will be increasingly difficult for students to receive grants, based on President Bush's recent proposal surrounding the PELL Grant program to increase grant amounts and cut the number of grants awarded. In fact, he says that this proposal, if enacted, could impact nearly 600,000 students nationwide. "If so, this puts more pressure on middle income families and forces students to move to loans."

Kutak cites automation as one of the upcoming challenges in his field, and notes that this will change the way students apply and receive financial assistance. Another challenge is the probability that tomorrow's students will have to incur more debt to obtain a college education.

Attracted to our campus by its growth and well-established financial aid program, Kutak says he's "pleased as punch to be here" and cites his move as "one of the best transitions I've ever made." He notes that he's impressed with how the university is planning its growth, both physically and academically. And, like most newcomers, Kutak mentions the university's friendliness factor. "Everyone I meet has a big smile and a healthy handshake," he says. He cites students, and an enjoyment of keeping up with student trends, as his number one attraction to a university setting.

This new management employee holds both a master's and a bachelor's degree in Business Administration from Arizona State University, Tempe. He's the author of an informational manual for college freshmen titled "Passing the Bucks," originally published in 1973.

Kutak maintains professional affiliations with state, regional and national associations of student financial aid administrators and is a member of the Association of Independent California Colleges and Universities. He also is active in Kiwanis International.

Kutak, who prefers being called Hank rather than Henry, resides with his wife, Rosemary, in Redlands, CA. "We have merged two families in 16 years," says Kutak in mentioning his six children and 10 grandchildren. A former private pilot, he hopes eventually to return to the joy of flying. But for now, his hobbies include jogging, racquetball and stained glass creations.

Boston native Judith A. Goens is a registered nurse who joined the university's Student Health Center on Dec. 17, 1990. A member of the medical profession for 23 years, Goens' nursing experiences include pediatrics, intensive care, cardiac care and emergency room assignments. Prior to joining Cal State, she worked in the Home Care Department at St. Bernardine Hospital where she made home visits to patients recovering from major medical problems. Goens notes that the summer she spent in a clinical setting at a boys' sports camp is the position which most closely correlates with her current duties. She received her R.N. degree from Boston's St. Elizabeth's Medical Center.

As one of two full-time Health Center nurses, Goens is involved with triage, which is the prioritization of illnesses and injuries; assists physicians with major procedures; conducts lab work and provides student follow-up service.

Her wide-ranged duties also include nursing consultations and providing a great deal of health education to students. "This (health education) is very refreshing," says Goens. "I'd been dealing with a lot of elderly patients, so the students' interests in health education and promotion is very exciting. They want to know everything, and that's how they'll learn to prevent health problems."

On an average day, Goens sees between 50-60 patients. Flu, colds, congestion and ear problems head the list of common student symptoms. Patients experiencing psychological difficulties are referred to the university's Counseling Center.

"I think a patient often gets lost in the system," says Goens in commenting on the major challenges of the nursing profession. She feels that (continued on page 4)
Open Forums Scheduled for School Dean Candidates

"The campus is nearing completion of two national searches for dean positions in the Schools of Education and Natural Sciences," reports Dr. Dennis Heftier (Academic Affairs). "We have some excellent candidates. Each will be making campus presentations on their administrative approaches and backgrounds. The campus community is invited to attend these open forums and ask questions of the candidates." The forums are scheduled as follows:

**SCHOOL OF EDUCATION**

<table>
<thead>
<tr>
<th>Candidate</th>
<th>Forum Schedule</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dr. Gerald L. Norris</td>
<td>Friday, March 15</td>
</tr>
<tr>
<td>Dean of the Division of Professional &amp; Applied Studies, Bemidji State University, Bemidji, MN</td>
<td>9-10 a.m., SUMP</td>
</tr>
<tr>
<td>Dr. Robert A. Roth</td>
<td>Friday, March 22</td>

<td>Chair, Department of Biology, Lehigh University, Bethlehem, PA</td>
<td>11 a.m.-noon, Rooms A &amp; B, Student Union Bldg.</td>
</tr>
</tbody>
</table>

Note: Candidate Dr. Larry W. Cohen, professor of biology at CSU, San Marcos, visited campus yesterday.

Dr. David Porter (Business & Public Administration) chairs the School of Natural Sciences dean search while Dr. Lee Porter (Extended Education) is serving as chair for the School of Education search committee.

Ensembles Combine for Two March Concerts

Eighty voices will join in song as members of the Cal State Concert Choir and University Chorale team up to present the music of Mozart and Brahms. Under the direction of Dr. Loren Filbeck (Music) and with the accompaniment of the Cal State Chamber Orchestra, Mozart's "Solemn Vespers for the Confessor" and Brahms' "German Requiem" will feature both students and community singers in two March performances.

The first concert is scheduled for 8:15 p.m., Saturday, March 16, in the Recital Hall of the Creative Arts Building. A second performance will be held at 3 p.m., Sunday, March 17, at the Rim of the World High School auditorium in Lake Arrowhead, CA.

Soloists for the Mozart selection include Erin Aase, Kathy Bickel, Beverly Brulé and April Wilson, sopranos; Kathleen Salzburg and Kristine Miller, mezzo sopranos; Michael Fenn, tenor; Daniel Kish and Norm Wallis, baritones. Performing soloists for the Brahms' piece include Gail Bakker, soprano, and William Adams, baritone. Brulé, Fenn, Miller and Salzburg are residents of the Crestline and Lake Arrowhead communities. Bakker and Wallis are community members who sing with the University Chorale.

Ticket prices are $8 general admission; $5 for students and seniors. Concert tickets may be purchased from chorus members or through the Music Department at Ext. 5859.

The University Chorale is a new ensemble open to both students and community members. Rehearsals are held on Tuesday evenings from 7-9 p.m. Future plans for this ensemble include a May festival with internationally recognized composer and conductor Lloyd Pfautsch. Members of the campus community interested in joining the University Chorale may contact the Music Department or Filbeck at Ext. 5860 for more information.

*(New Faces . . . continued from page 3)*

quality patient care and adequate staffing will top the list of future priorities for her career field.

Goens cites regular hours, the opportunity to further her education through university classes, great benefits and Cal State's close proximity to her home as major factors attracting her to apply at our campus. She resides with husband, Steven, 12-year-old son, Robby, and an 11-year-old daughter, Marlene, in a nearby San Bernardino neighborhood.

Goens, who likes to be addressed as Judy, not Judith, enjoys writing and reading. In fact, she wrote for both her high school and college newspaper. She also is interested in teaching pre-natal classes in the future.
On a Personnel Note

Specialized Training...
The university, through the Personnel Office, sponsors an array of training and development activities each year. A number of offerings are available on campus and are publicized in the training schedule prepared semi-annually. Specialized training in the area of computer skill building is conducted by the Computer Center and is coordinated by Catherine Carlson. An April through August schedule of these training opportunities will be circulated campus-wide this month.

In addition to on-campus workshops, funds are available for specialized off-campus training events which contribute to the enhancement of an employee's skill, knowledge and ability. Since the inception of the campus training and development program, many employees have requested funds and have participated in local and sometimes distant training opportunities. A form titled "Application for Out-Service Training Funds" is available in the Personnel Office and should be completed for all off-campus training requests. Employees may request funds to participate in training activities through their immediate supervisor and respective division vice president. These funds are available to all staff and administrative employees. Supervisors also may request funds if they believe a particular workshop or training opportunity would be beneficial for an employee.

A small amount of money is still available for training during this fiscal year. Additional information may be obtained by contacting Jolene Armstrong (Personnel) at Ext. 5138.

Spring Bulletin Schedule

Publicize your special campus events, personal accomplishments and organizational activities through the Friday Bulletin, a bimonthly newsletter for faculty and staff published by the Public Affairs Office. During the spring quarter, the Bulletin will be published according to the schedule listed below:

<table>
<thead>
<tr>
<th>Publication Dates</th>
<th>Submission Deadlines</th>
</tr>
</thead>
<tbody>
<tr>
<td>April 3</td>
<td>March 29</td>
</tr>
<tr>
<td>April 19</td>
<td>April 12</td>
</tr>
<tr>
<td>May 3</td>
<td>April 26</td>
</tr>
<tr>
<td>May 17</td>
<td>May 10</td>
</tr>
<tr>
<td>June 7</td>
<td>May 29*</td>
</tr>
<tr>
<td>June 21</td>
<td>June 14</td>
</tr>
</tbody>
</table>

Written submissions are accepted by noon the Friday preceding each publication date. (* Note that the submission deadline for the June issue falls on a Wednesday. Extra production time is needed for this issue due to the Memorial Day holiday.) Black and white photos, story suggestions and news tips are welcome for consideration. Please submit materials to Terrie Jo Snyder (Public Affairs) in AD-104 or call Ext. 5007.

Exhibit Features

Native American Works

Dramatically designed textiles, intricately patterned baskets and containers, and richly decorated wearing apparel reflect the vitality and variety of Native American Art in a new campus exhibit now on display in the University Art Gallery. "Native American Artistic Traditions" opened Wednesday, March 6, featuring Native American artifacts from the Natural History Museum of Los Angeles County, including the William Randolph Hearst Collection, and works from the Riverside Municipal Museum.

A display of 11 Navajo blankets is highlighted. Articles from the Pueblo, Hopi, Apache, Chipewa, Crow, Pima, Yokuts and Maidu cultures also are on exhibit. Gallery hours are 9 a.m.-4 p.m. Monday through Friday, 6-9 p.m. Wednesday and by special appointment. "Native American Artistic Traditions" remains on display through Friday, April 5.
Upward Bound Funding Continues

Thanks to a $270,092 grant from the U.S. Department of Education, Cal State’s Upward Bound Program will continue to serve 100 local high school students, reports program director Denise Benton (Upward Bound). The award, which provides program funding from June 1, 1991 through May 31, 1992, represents a 10 percent increase over the previous year’s allocation. Benton notes that increases granted to similar programs nationwide only averaged between three to five percent.

Upward Bound is a college prep program established to assist low-income, motivated youngsters in grades nine through 12. These special participants have the potential to go on to earn a college degree. Cal State’s Upward Bound project now serves 10 local high schools and is the only site in both San Bernardino and Riverside Counties.

Upward Bound came to Cal State in 1974 and Benton’s involvement dates back to 1981 when she joined the program as a counselor. "We provide exposure to cultural and recreational activities, provide field trips and bring in motivational speakers," says Benton of the many activities offered to the 100 Upward Bound students now benefiting from the program. For instance, typical excursions include a chance to see Noel Coward’s play, "The Vortex," a field trip to the LaBrea Tar Pits and various NCAA sporting events. On the educational side, current Cal State students serve as tutors in the Upward Bound Saturday college and participants attend a wide range of enrichment classes.

Benton is excited about the program’s progress. "This program has gone from placing about 80 percent of our graduating seniors in post-secondary education to 90 percent," she notes. And, to date, about 40 percent of participating Upward Bound students have earned college degrees, including 10 percent who are now CSUSB alumni.

While originally geared to students, Benton says today’s Upward Bound "is a family program" and increased emphasis is being placed on parent participation. Since all Upward Bound participants are first-generation college students, parents are provided the basics regarding transcripts, grading systems, college funding and scholarship opportunities. Benton says getting the parents involved in college tours, events and even basic activities, such as reading a college catalog, provides a good support system for Upward Bound students.

Today, many Upward Bound parents are enrolling in Extended Education courses here on campus. And the mother of one Upward Bound student recently enrolled as an undergraduate.

Another new direction for Cal State’s Upward Bound program includes getting more faculty members involved. For example, this summer members of the university’s Physical Education Department have volunteered to teach a three-tiered swimming program to Upward Bound students. All faculty and staff members are invited to share their expertise with participants. To get involved, contact Benton at Ext. 5914.

In Memorium

Members of the campus community extend deepest sympathy to Mary Williams (Social & Behavioral Sciences) on the death of her mother-in-law, Opal Williams. A lifetime resident of Tucson, AZ, she died on Feb. 21 of a massive stroke at age 78.

Sincere condolences also are extended to the family and friends of Major Thomas C. Zeugner, a former Officer in Charge (OIC) in Cal State’s Military Science Department and ROTC Program who was employed at Cal State for nearly four years. Zeugner, a member of the U.S. Army and resident of Petersburg, VA, was killed in action in the Persian Gulf on Thursday, Feb. 28, a day after President Bush declared a cease-fire in Operation Desert Storm. He is survived by his ex-wife Amy Zeugner Frost of Loma Linda, CA.

Contributions may be made through a memorial fund and/or award established in Zeugner’s name. Donations to the Thomas C.M. Zeugner Memorial Fund will provide scholarship assistance for Cal State ROTC students. Checks may be made payable to the Foundation. This fund was established by Zeugner’s friends and former Cal State colleague, Maj. Steve Heynen, who now is employed in the Department of Military Science at the University of San Francisco.

And, the School of Social & Behavioral Sciences has established The Zeugner Memorial Award to be presented to a graduating senior (2nd lieutenant) in the ROTC program. Contributions toward this award may be directed to Dean Aubrey Bonnett’s office in the School of Social & Behavioral Sciences.

A local military memorial service for Zeugner was held on Thursday, March 7, at the Highland Avenue Lutheran Church in San Bernardino.
COMMUNITY SERVICE

Zahir Ahmed
(International Student Services) presented a workshop on "Basics of Immigration Regulations" at the National Association of Foreign Student Affairs' Region XII Southern District Conference on Feb. 22. On March 14, Ahmed teamed up with Dr. Nabil Razzouk (Marketing) in addressing "Beyond Cultural Marginality: Strategies for Enhancing the Success of International Students in the U.S." at the annual meeting of the Southwestern Federation of AdministrativeDisciplines in Houston, TX.

Dr. James A. Bush
(Social Work) conducted a three-hour workshop on Feb. 20 regarding "Family Disruptions and Their Effects on Students" for the University of Phoenix.

Dr. Mark T. Clark

Francesca Cover (EOF) and Ed Schneiderhan (Counseling Center) presented an in-service training seminar to Corona/Norco School District counselors on Feb. 27 titled "The Interpretation of Individualized Psychological and Personality Tests."

Dr. Sandra K. Cross
(Health Science & Human Ecology) conducted in-service training titled "Getting to Know Your Heart" for the West End Special Education Local Plan Area (WESPA) on Feb. 28.

Dr. Sherrle Howie
(Secondary/Vocational Education) is featured in a new literacy show titled "Read to Learn" that debuted on Tuesday, March 12, on KCSB-TV, Channel 3. The show will air three times a week and is based on her continuing column which appears twice weekly in the Sun newspaper.

Dr. Marjorie McCabe
(Advanced Studies) conducted two workshops on Feb. 16 and 17 in Austin, TX on "Learning Strategies for Students with Behavioral Disorders" at the 14th Annual Conference on Behavioral Disorders. Colleague Dr. Dwight Sweeney (Advanced Studies) also presented workshops at this conference sponsored by The Texas Council for Children With Behavior Disorders. On Feb. 15, Sweeney addressed "Counseling Strategies for Teachers of Behaviorally Disordered Pupils." His Feb. 16 address was titled "This Job Is the 'PITS': Taking Care of Yourself so You Can Take Better Care of Others."

Cynthia Pringle
(Public Affairs) was elected vice president of the Board of Trustees for the city library system on Feb. 28 and chairs the Public Relations Committee for the libraries' centennial to be observed later this year. Pringle also has been named chair of the Editorial Planning Committee for the San Bernardino Area Chamber of Commerce's newspaper.

EMPLOYMENT OPPORTUNITIES

Current job vacancies can be seen on Channel 3, the community access station in San Bernardino. Information also is available on a 24-hour hotline at Ext. 5139 which is updated at 2 p.m., Fridays. Due to ongoing recruitment activities and the Bulletin production schedule, some vacancies may not be listed here. For a complete listing of positions, call the hotline. Applications will be accepted until the dates listed below:

Campuswide Clerical Positions:
(current & future openings)
Clerical Assistant II-
$1,692-$1,995/mo.; full-time, permanent and full-time, temporary through June 30, 1991.

Clerical Assistant II-
$9.76-$10.51/hr.; temporary. Open continuously.

Coachella Valley Center:
Clerical Assistant IV-
$2,096-$2,494/mo.; full-time, permanent. Open until filled.

Graduate Studies:
Clerical Assistant IV-
$2,096-$2,494/mo.; full-time, permanent. Apply by March 29.

Physical Planning & Development:
Clerical Assistant III-

Public Safety:
Public Safety Officer-
$2,714-$3,268/mo.; full-time, permanent. Apply by March 29.

Services to Students With Disabilities:
Interpreter/Transliterator I-
$6.79-$15.65/hr.
Interpreter/Transliterator II-

Personnel
New Employee,
Full-time, permanent
Steven Burdick
Equipment Technician II
Computing & Information Science
Ext. 5066, PL-14

Promotion
Maria Lavalle
Student Personnel Technician
Financial Aid Office
Ext. 5221, SS-143
## C A L E N D A R

### Friday, March 15
- **Open Forum.**
  Meet Dr. Gerald Lewis, School of Education dean candidate. 9-10 a.m., SUMP.

### Thurs., March 21
- **Women's Tennis.**
  University of Northern Colorado. 2 p.m.
- **Men's Tennis.**
  University of Northern Colorado. 3 p.m.

### Wed., March 27
- **Baseball.**
  St. Mary's (MN) College. 7 p.m.

### Sat., March 30
- **Softball.**
  Coyote "Spring Swing" Tournament concludes. Three double elimination games will be played at noon and 2 p.m. The championship game will be held at 4 p.m. on field #1. If an 11th game is necessary, it will be held at 6 p.m. on field #1. For more information, contact Dave Beyer (Sports Information) at Ext. 5012.

### Thursday, April 4
