UNIVERSITY TO LAUNCH LONG-RANGE FUNDRAISING DRIVE

"With the number of friends and partnerships the institution already has, plus the growth and development of the university, the time seems right now to undertake another level of cultivation of support."—President Anthony Evans

The doubling of physical capacity for classes and community activities on campus in the next eight to 10 years gives Cal State unprecedented opportunities for the solicitation of corporate and private donations that will enhance the university's programs and services well into the 21st century.

Thus, the university is preparing to launch a long-range fundraising drive that will be executed in stages throughout the remainder of the current fiscal year and into the coming years. President Evans continues, "In the quest for new facilities and equipment, the university is preparing to launch a long-range fundraising drive that will be staggered over several years and herald several goals associated with the various building projects rather than a solitary outcome, she adds.

"The steering committee will play a critical role in organizing the drive, consulting on the clearance of prospects and recommending strategies for the solicitation of specific donors," Rymer says.

An additional member will join the steering committee when the University Relations division fills a new position for a director of major gifts on July 1.

LOCAL CONSTRUCTION FIGURE TO RECEIVE ARROWHEAD DISTINGUISHED LECTURE AWARD

Martin Matich, president of the Matich Corporation, a major Southern California construction firm, will be recognized for outstanding leadership in the business community as the recipient of the Arrowhead Distinguished Chief Executive Officer Lecture Series Award, bestowed annually by the School of Business and Public Administration. This year's award banquet is scheduled for 11:30 a.m., Friday, May 8, in the Upper Commons. As keynote speaker for the event, Matich will address "The Matich Corporation - Our History and Success."

Since 1952 Matich has presided over the firm founded by his father in 1918. One of the oldest family operations in the state, the Matich Corporation, headquartered in Colton, CA, has made significant contributions to the development of many highways, airfields, dams and flood control projects found in California, Arizona, Nevada, Utah, Oregon and Hawaii. In the 1960s and '70s, the firm was involved in emergency work for the federal government, building many of the flood-control projects in San Bernardino, Los Angeles and Orange counties. The Matich Corporation constructed the sites for the Titan missiles at Vandenberg Air Force Base in the 1950s and also participated in the emergency fire mobilization efforts for the Los Angeles and San Bernardino national forests in the 1950s and '60s.

As president of a third-generation, $60 million annual operation, Matich oversees an employee base that varies between 300 to 600 workers. He says that his "single most important objective at this time is to help not only the Inland Empire, but the State of California overcome its economic problems and to provide employment for those who've lost their jobs over the last two years" and those who will become unemployed in the months ahead.

As a gubernatorial appointee to the Advisory Council on Economic Development for the State of California since 1984, Matich spends a great deal of his time and effort on economic development efforts at the local, state and national levels. Currently serving on the private advisory council for the redevelopment of Norton Air Force Base, as well as the Inland Empire Economic Development Council of San Bernardino County, Matich estimates that he has given at least 50 percent of his time over the last 10 years to community and state activities, including a three-term appointment as Governor Wilson to the California State Water Commission, which Matich now chairs.

Active in a number of community organizations, Matich serves on the board of directors for St. Bernardine Medical Center, is a member of the Board of Governors and past president of the Inland Empire Economic Development Council and currently serves on the Security Pacific National Bank Advisory Board. A graduate of St. Bernardine High School, Matich earned a bachelor of science degree in civil engineering from the University of Notre Dame. He maintains professional affiliations with the Associated General Contractors of America and the American Society of Civil Engineers. Matich resides in San Bernardino with his wife, Evelyn.

Former recipients of the State's Arrowhead Distinguished Chief Executive Officer Lecture Series Award include: Jack H. Brown, chairman, president and chief executive officer of State Bros. Markets; and Ralph and Goldy Lewis, co-founders of Lewis Homes Management Corporation.

This year's award banquet is sponsored by the School of Business and Public Administration, the school's Board of Counsellors and the university's Inland Empire Management Center. Admission to the banquet is $52 per person. Reservations are requested by Monday, April 27. For reservations and additional information, call Ext. 5700.
UNIVERSITY ENTERS PARTNERSHIP WITH AUTONOMOUS UNIVERSITY OF BAJA
by Denice Haley, public affairs intern

The "Memo of Understanding" signed by Cal State administrators and representatives of the Universidad Autonoma de Baja California (UABC), during a special ceremony on April 10, is more than a friendly arrangement between schools. It represents an opportunity for academic growth and enrichment for students and faculty from both universities. This partnership will provide Cal State the opportunity to strengthen our current programs through joint research and specific projects by sharing resources with UABC. The suggestion for the "Memo of Understanding" originated with the Sister Cities Organization. San Bernardino is a sister city to Mexicali where UABC headquarters are located. Dr. Rafael Correa (Foreign Languages) visited UABC to meet with its administrators, who provided information and a tour of the university.

"There is nothing in the agreement that

bids us to do anything specific," notes Dr. Phillip Taylor, interim associate vice president for academic resources. "It's a goodwill-based program to benefit students and faculty from both schools."

Cal State administrators were interested in what areas of academics UABC might consider beneficial to their institution. "They are very interested in our School of Education and the science and business departments," says Taylor. Although our university does not have a veterinary medicine program, as does UABC, Dr. Stuart Ellis (Psychology) was on hand at the ceremony to give UABC representatives an overview of our campus and to provide information on the animal research projects taking place within our psychology and biology departments.

A meeting with Dr. Ronnie Brunckhorst, associate director of Cal State's Science Institute, was significant in helping the Baja university administrators with an overview of current and future science programs at Cal State.

In addition to Dr. Luis Llorens Baez, president of UABC, other honored guests at the ceremony included: Luis Javier Garvito Ellis, Dr. Antonio Ranilla Gonzalez, Alma Lorena Canarrama Flores, Guillermma de Laguna, Jorge Cervecijo and Maria Covarrubias.

The "Memo of Understanding" signed by the Student Health Advisory Committee. Remember that release time has been authorized by the Student Health Advisory Committee. The Department of Social Services is significant in helping the Baja university administrators with an overview of current and future science programs at Cal State.

SERRANO VILLAGE SPONSORS ANNUAL CASINO NIGHT
Step into the 1920s on Saturday, May 2, when Serrano Village brings the annual Casino Night back to campus. From 8 p.m. to 1 a.m., the Upper Commons will be the scene of "The Cotton Club," complete with gaming tables, dancing, refreshments and of course, a cotton candy machine. Everyone will have the chance to win some fabulous prizes. Two grand prize awards include two discounted round-trip airline tickets to Las Vegas, courtesy of Southwest Airlines, and a three-day, two-night stay at a Nevada hotel casino.

The event is open to all staff, faculty and students, their families and members of the community. Admission is $2 for residents or $3 for non-residents. Join the fun for an evening of inexpensive entertainment. More information is available from Byrn Howlett or Kathleen Chavez (Housing) at Ext. 5246.

SUMMER SESSION CATALOGS AVAILABLE
Students can now begin planning summer classes with a free Summer Session Catalog available in the Coyote Bookstore, the John Plau Library and the Office of Extended Education, located in Rooms 560 of the library. Although Summer Sessions is coordinated by the Office of Extended Education, we will look to schools of fashion and departments for academic advising and class scheduling," says Mandy Waram (Extended Education), director of the Summer Session.

"Registration policies and procedures are still handled by the Registration Office, and fees and parking permits are handled by the Bursar." "We rely on the expertise of the CSUSB faculty and staff to make Summer Session a success," she contends.

Mail-in registration for Summer Session continues through May 29. Walk-in registration will be held on June 16 for all five summer sessions. More information is available from Extended Education at Ext. 5979.

BASEBALL SEASON WINDS TO A CLOSING NIGHT
The CSUSB baseball team will play its final 1992 home contest on Friday, May 1, against inland Empire rival U.C. Riverside. Game time is slated for 7:30 p.m. at Fiscalini Field in San Bernadino. The season will conclude the three-game series on Saturday, May 2, with a 7:30 p.m. game at the Riverside Sports complex.

The California State University, San Bernadino Baseball Program will play its final 1992 home contest on Friday, May 1, against inland Empire rival U.C. Riverside. Game time is slated for 7:30 p.m. at Fiscalini Field in San Bernadino. The season will conclude the three-game series on Saturday, May 2, with a 7:30 p.m. game at the Riverside Sports complex.

THE CALIFORNIA STATE UNIVERSITY, SAN BERNARDINO FRIDAY BULLETIN IS PUBLISHED WEEKLY. THE NEXT ISSUE IS SCHEDULED FOR THURSDAY, MAY 7. ITEMS FOR PUBLICATION SHOULD BE SUBMITTED IN WRITING BY 5 P.M., TUESDAY, APRIL 29, TO: BULLETIN EDITOR, PUBLIC AFFAIRS OFFICE (AD-104)

VOL. 27, NO. 8
CASH'S 4-YEAR INVESTMENT MATURES FOR CSUSB SOFTBALL

by Ryan Smith, sports information intern

It is an American custom that hard work pays off in the long run. This is evident in the type of year that senior pitcher Tanna Cash is having for Cal State's Softball team. Facing many new opponents this year, due to the move to Division II, Tanna's record of 13-13 (as of April 13) does not reflect her value to the Coyotes club. The team is dependent upon Tanna to do most of the pitching. Thus far, she has thrown 220 innings, which is nearly 80 percent of the team's total.

But this is only a part of the story. Tanna recently surpassed the 1000 mark for batters faced for the 92 season...an amazing feat for a college pitcher in one campaign. All of the other CSUSB batters have combined to face just 272 batters. Not only does Tanna have an arm of steel, but she is among the leaders in other team categories, as well. She is fifth on the team in both batting average (.245) and

INTERNATIONAL
says Ochoa-Femandez, is a wonderful
and put their educations to practice. So
 come one and all and experience the cultural
diversity offered right here on our campus.
For more information regarding the
events of International Week, please call the
International Student Services Office at Ext.
5193.

TWO FACULTY MEMBERS
NAMED AS CHAMBER’S
OUTSTANDING PROFESSORS
Dr. Gloria Cowan (Psychology) and
Dr. Pete Perichfeld (English) will be
recognized for their contributions to higher
education at the San Bernardino Area
Chamber of Commerce’s annual breakfast.
In addition to these two educators, honorees
from San Bernardino Valley College,
Crafton Hills College and the University of
Redlands will be named Outstanding
Professors for their respective campuses.
The event is scheduled for 7:30 a.m.,
Friday, May 1, in the Upper Commons.
Admission is $10 per person.
Reservations are requested by April 27 and may be made
by calling the chamber at 885-7515.

WELLNESS EVENT
PLANNED
In celebration of May as National
Physical Education and Sport Month, a
special wellness event is being planned for
all faculty, staff and students, reports Joe
Long (Student Life). Mark your calendar
for noon on Wednesday, May 13 and watch
for more details in the May 8 Friday Bulletin
regarding the upcoming "W N W W W F W
O W" event. If you can’t wait, call Long at
Ext. 5235.

COMmUNITY SERVICE
Dr. Stephen Bowles (Advanced
Studies) conducted a workshop on "Hospital
and Family Support Systems" for the St.
Bernardino Medical Center Hospice
Training Program on April 13.
Professor Emeritus G. Keith Dolan
(Advanced Studies) presented "Spons
Oddities" and "Sports Heroes" to a number
of service clubs since late February.
Presentations were made to the following
groups: Cucamonga Kiwanis, Palm Springs
Rotary, Hemet Lions, Fontana Kiwanis, San
Bernardino Rotary, Pomona Kiwanis and
Claremont Kiwanis.
Dr. Julius Kaplan (Art/Graduate
Studies) lectured on "An Exploration of
Viewer Response in Symbolism and
Surrealism" in the San Diego Museum of
Art Docent Lecture Series on April 3.
Dr. Marylne McShane (Criminal
Justice) was the guest lecturer at Ontario
High School on March 27. She spoke to
several classes on how the criminal justice
system works and discussed criminal justice
education. On April 9, she visited Victorville’s
Goodwill Alternative School, where she
spoke to several classes on criminal law and
women in the criminal justice system.
Diane T. Restfrow (S.A.L.L.) served as
the keynote speaker at Riverside Commu-
nity College’s celebration of cultural
awareness on March 17. Her presentation,
grounded to promote cultural harmony,
was titled "PEACE IT TOGETHER." Several
S.A.L.L. staff members and participants
joined the celebration.

HONORS
Two 5-minute spots from the works
of Linda Stockham (Anthropology/Geogra-
fy/Paralegal Studies) were planned for April 27.
A five-day festival of international culture,
begins today on campus. For a schedule of
events, see story on page 2.

EMPLOYMENT OPPORTUNITIES
Current job vacancies can be seen on Channel 3, the community access station in San
Bernardino. Information also is available on a 24-hour hotline at Ext. 5139, which is
updated at 2 p.m., Fridays. Due to ongoing recruitment activities and the Bulletin production schedule,
some vacancies may not be listed here. For a complete listing, call the hotline. Applications
will be accepted until the dates listed below:

Student Services:
Vice President for Student Services-
Salary commensurate with qualifications; full-time, permanent.
Open until filled.
